**MORE Milk from cows!**

Protect your stock from flies and you'll make more money. Animals that are pestered by flies simply cannot properly digest their food. Why spend money buying special feed and then let the flies rob you of your profit? Shoo-Fly kills every fly it strikes.

Free your stock from flies by spraying them with SHOO-FLY and they'll take on flesh immediately. Your cows will give one-third more milk and your horses will do more and better work.

Protect your stock and get the profit that belongs to you by spraying them with

**Shoo Fly** The Animals Friend

It will keep off flies and all other insects longer and more effectively than any other. Animals die themselves and injure their food and muscle more by stamping than they do by work. Half a cow's worth saves three quarters of milk a day. One gallon protects a whole season. Saves its cost immediately. A trial will convince you.

Cures all ills. Does it quicker and avoids infection by keeping off flies. Keeps them from the bottom with practically no cost. Nothing better for galls. Prevents licking. Used and recommended by leading veterinarians and dairy men since 1875.

Facilities everywhere for killing all flies and ticks in poultry houses. Come in and let us tell you all about this excellent preparation. We know from actual experience what it will do. You can't afford to be without it.
