We desire to caution any who by chance may have been exposed to contagious diseases that they should be especially careful at the beginning of the school term not to mingle with others until perfectly satisfied that they have not contracted the disease. It would be a public calamity at this time to have an epidemic of any kind break out in the town. The schools would be demoralized and large expense entailed to fumigate and disinfect. A reasonable care might save all such trouble and parents cannot be too watchful to prevent its occurrence. A word to the wise should be sufficient in such matters, and the experience of last winter should serve as a proper warning to all.

The D. V. T. Co., has reduced the fare on its autos to 50c.

Mrs. P. J. Callan, who sold her farm near the race track to J. S. O'wiler, has moved to New York.

Mrs. J. W. Pinchot is at Grey Towers for the fall months.

Max Armstrong has returned to Blair Hall and Harold to Phila.

Miss Pearl Quinn is home from New York.

Miss Mary Hathaway is a guest with friends on Staten Island.

Report says the marriage of Ann Baker and F. W. Cross will be solemnized September 29th.

Invitations have been issued for a wedding reception by Walter M. Chadwick and wife for their daughter, Lilian Sanford and Kenneth McClurg at La Tourette Hotel, Bayonne, N. J. Sept 21st.

Chas. J. Gramerc of New York closed his cottage here last Sunday and the family returned to N. Y.

Pellagra, a troublesome skin disease prevalent in Southern Europe, especially Italy, has become so widespread in some of the Southern States that a weekly bulletin will be issued by the Government Health department dealing exclusively with its developments. It is said to be caused by a fungus on maize and has likely been imported here by Italian laborers.

Gov. Steiart has appointed A. T. Searle Esq. of Honesdale, President Judge of Wayne County to fill the vacancy occasioned by the death of Judge Parry. No doubt Judge Searle will make a very capable official.

President Taft in a letter made public yesterday sustains Secretary Ballinger and of course by inference disapproves of the position taken by Forester Pinchot. He puts it on the ground that there should be no overstepping of the law and intimates that Pinchot, however right he may be in principle, would go beyond legal authority.

Harry G. Seip of Easton, Pa., has been appointed census Supervisor for this congressional district.

Furnished rooms to rent. Enquire of Mrs. Eta Pottler, Corner Broad and Ann Streets, Milford, Pa.

DO YOU FEEL LIKE THIS?

Does your head ache or simply feel heavy and uncomfortable? Does your back ache? Do you feel fagged out? The tonic laxative herb tea known as Lane's Family Medicine will cure your head, relieve the pain in side or back and restore your strength. Nothing else is so good for the stomach and bowels. DONT COUGH, BUT LIVE LONG.

If every cough were cured before it got a strong hold, human life would be lengthened by many years. If every coughing sufferer knew that Kemp's Balsam would stop the cough in a few minutes, he would be glad to escape the serious consequences. If any medicine will cure a cough Kemp's Balsam will do it. At druggists and dealers' 25c.

WAGES ON RUSSIAN FARMS.

Agricultural Laborer Receives Only \$32 a Year and Subsistence.

The extreme poverty and the low standard of living of peasants from whom the agricultural laborers are recruited assure a low level of wage or agricultural labor. The averages will appear almost incredible from an American point of view notwithstanding the general complaints of the estate holders concerning the unreasonable demands of the laborers.

According to an official investigation, embracing the decade of 1882-91, the average annual wages for a male agricultural worker in Russia were less than \$32 and for a female worker less than \$18. To this must be added the cost of subsistence which is equally low, being on an average cost of employing a laborer or the entire year is equal to only \$5 for the male and \$40 for the female.

The wages for the summer season of five months are almost equal to the annual wages, being \$22 for the male and \$13 for the female laborer.

When Greek Meets Greek.

A young Irishman in want of \$21 wrote to his uncle as follows: "Dear Uncle: If you could see how I bluish for shame as I am writing you would pity me. Why? Because I have to ask you for a few dollars, and do not know how to express myself. It is impossible for me to tell you. I prefer to die. I send you this by messenger, who will wait for an answer. Believe me, my dearest uncle, your most obedient and affectionate nephew."

"P. S.—Overcome with remorse for what I have written; I have been running after the messenger in order to recover this letter, but I cannot catch him. Heaven grant that some thing may stop him or that this letter may get lost."

The uncle was naturally touched but was equal to the emergency. He replied as follows: "My Dear Jack: Console yourself and blush no more. Providence has heard your prayer. The messenger lost your letter. Your affectionate uncle."

"Rag Sale" in Rome.

On Wednesdays in Rome I like to do many things, to go to the "rag sale." It is held by the Jews in that particular quarter of the city. These people are not allowed to have shops out on this one day in the week they are privileged to sell as much as they like of their things as they can on the street. It is a curious sight to see lines stretched across the street or the hanging up of trousers, blankets, women's and children's clothing and stuff of all sorts. Then there are tables and stands on which almost everything is sold. Sometimes rare old brocades and church embroideries are to be found among coarse and miserable-looking fabrics. Indeed, it is not difficult to reduce one's letter of credit considerably at the "rag sale."—Detroit News-Tribune.

Watched in Your Own Scales.

If you impute motives, and pretend to read hearts, others will do the same towards you. A hard and censorious behavior is sure to provoke reprisals. Those around you will pick up the peck measure you have seen being used, and measure your corn with it. You do not object to men forming a fair opinion of your character, neither are you forbidden to do the same towards them, but as you would object to their sitting in judgment on you, do not sit in judgment on them.—Spurgeon.

Chauvinism.

Chauvinism is an expression originally used to denote an intense admiration for the first Napoleon and his regime, but latterly employed to mean an absurd patriotism and pride in one's own country. In this last sense it is the French equivalent of linealism.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have a much faith in its curative powers that they offer One Hundred Dollars for any disease that it fails to cure. Send for list of testimonials. Address F. J. CHEENEY & CO., Tol., Ill. Sold by all druggists, 75 cents. Take Hall's Family Pills for constipation.
