NOTES FROM SANDYSTON

Cards are out announcing the marriage of Miss Rilla Brink of Tuttle's Corner to Mr. Beach of Newton on Wednesday of this week, at her home. Miss Brink was one of our most successful teachers, but on account of ill health was retired on pension.

Cider making is in progress but the output will be much smaller than usual on account of scarcity of apples. Cider is a greater curse than rum.

A Civil Service examination was held at Layton on Saturday for the position of P. M. at Bevans. Only two applicants presented themselves. Job C. Elett and Frank McKeely.

The Miller Creamery at Bevans is now nearly in shape and its patrons are delivering their milk in the morning again instead of at noon while the repairs were being made.

Miss Laura Voghtman of Paterson N. J. was hired to teach the Brookside school by the B. of E. at their meeting on Saturday evening.

Election matters are getting more interesting every day and Dr. Price polled more than his party vote and the three commissioners in lieu of the present Board of Freeholders will poll a large vote, and it is hoped that movement will succeed.

The last of the fall work, corn husking is approaching a finish and the weather of Thursday kept many from their work.

Next Wednesday is the first day that hunting for deer has been permitted in this state in eight years.

The P. O. at Layton was moved on Wednesday last from the store of L. T. Smith to that of Frank McKeely. It would have been moved to the residence of the new P. M. but many of the patrons wished it kept in the village.

Warren Vanatta who sold his farm at Bevans to Mr. Brendon of New York has purchased a farm near the "Yellow Frame" church in Stillwater of 157 acres. Price paid \$9,000. He moves on it about Dec. 1.

Norman Bausley moved from Montague to the Clark farm near Layton on Saturday last.

The weather report at the Layton station for October is as follows: Average Max 60.03, Average Min 34.00, Max Set 60.8, Rainfall 1.17 in, Highest temperature 81 on 9th, Lowest temperature 18 on 20th, Greatest daily range 47 on 7th, Clear days 19, Partly 6, Cloudy 6, and was the coldest October in many years.

Summer Home Books

The Erie evidently realizes the mistake it has made in not paying more attention to advertising the reports along its line and will retrieve next season by issuing a summer home book. Its agent at Port Jervis H. L. Stanson always has been active in promoting this business and in urging more publicity and his efforts seem to have born fruit. The Erie book was a good thing and Mr. Stanson was in a position to know the effect of cutting it out to save expenses. The thanks of this and other communities are due him for his persistent work along this line which no doubt largely induced the management to resume publication of the book. Summer boarding house keepers should be prompt to meet Messrs Stanson and Rock at Milford Inn, Nov. 12th and give them all the aid and encouragement possible. The poor printer is not getting any pay for this notice but we know that wide publicity is of benefit to our valley and are willing to do all in our power to aid any scheme which may bring more people here.

A Scalded Boy's Shrieks

horrified his grandmother, Mrs. Maria Taylor, of Nebo, Kt., who writes that, when although he would die, Hukken's Arnica Salve wholly cured him. Infallible for Burns, Scalds, Cuts, Corns, Wounds, Bruises, Cures Fever-Sores, Blisters, Skin Eruptions, Chilblains, Chapped Hands, Sore throats, Piles. 25c at All Druggists.

Real Estate Transfers

Selma Wessling to Frances B. Singer, 429 acres Palmyra \$1800.
Paul N. Bourne to E. C. Watson, lot 487 Milford Boro \$2200.
Jane B. Emerson to Robert Struthers and wife, 8 1/2 acres Milford Boro on Water street.
James Martin to George A. Smith Q. U. deed, 80 acres Lackawanna \$1000.
William G. Cook to Harry Lita and wife, lot in Bushkill \$200.

Resolutions.

At the recent teachers institute held at Matamoras a committee composed up the work in the following comprehensive manner:
Resolved—That the appreciation of the members of this institute is due and is hereby extended to Capt. Westbrook for the selection of such inspiring and competent instructors as Drs. Ellis and Gordiner.
Resolved—That to Dr. Ellis and to Dr. Gordiner our sincerest gratitude is extended for the very excellent, abundant and practical material given us during the week.
Resolved—That we extend our thanks to the school directors of Matamoras who so willingly granted us the use of the school building for the institute.
Resolved—That we extend thank to Rev. Kihdt and Miss Brasfield who so earnestly assisted in the musical part of the institute; also we thank all those who so kindly and ably assisted in rendering the musical programs for the evenings' entertainment.
Resolved—That the visiting teachers are sincerely grateful to the Matamoras teachers for the expression of good fellowship and kindly welcome shown them by the pleasant reception held in their honor on Tuesday evening.
Resolved—That we, as teachers of Pike County appeal to our members of the State Legislature, at its next session, for their support and promotion of the valuable points contained in the recent Educational Code, and in order that the smaller counties may have more equal possibilities with the larger counties for securing desirable instructors, and material for county institute work, that a provision be made that the county appropriation in aid of county institutes be made informally the maximum sum of two hundred dollars.

Resolved—That the school directors of the different townships of the county be petitioned to allow to each teacher a reimbursement at their regular salary, one day each year for visiting other schools for purposes of obtaining new ideas and inspiration for their work.
T. N. Woodley,
Phoebe A. Wells,
Ida H. Burrows,
Bessie O. Armstrong,
Helen B. Rowland,
Committee.

Young Girls Are Victims of Headache, as well as older women, get all get quick relief and prompt cure from Dr. King's New Life Pills, the world's best remedy for sick and nervous headaches. They make pure blood, and strong nerves and build up your health. Try them. 25c at all Druggists.

Notice To Summer Boarding House Keepers.

The Erie Railroad Company, will issue a Summer Home's Book, in 1910, and in order to get everyone in Milford, and vicinity represented in this book, Mr. W. O. Rock, Erie's Division Passenger Agent, and Mr. H. L. Stanson, ticket agent in Port Jervis, will be at Percy Lyman's, Milford Inn, all day Friday November 12th, and will be pleased to meet all who are interested in Summer boarding houses and all who can should make it a point to see Mr. Rock on above date.

Forced Into Exile.

Wm. Upchurch of Glen Oak, Okla. was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for Coughs and Colds, it dispels Hoarseness and Sore throat. Cures Grip, Bronchitis, Hemorrhages, Asthma, Croup, Whooping Cough. 50c and \$1.00, trial bottle free, guaranteed by All Druggists.

House Plants Killed By Pests.

A Montgomery County woman, whose house plants were badly damaged, and some of them killed, by insects, such as a palm and hellebore, wrote to State Zoologist Surface for information and also sent him specimens of the pests that had caused the destruction. As other women may have plants similarly attacked, they will be interested in the answer given, which is as follows:
"This proves to be the larvae of a little fly, such as you describe as seen on the ground around the plants. These are found to belong to the entomological genus Sciara, and feed on the vegetation in the soil, as well as upon the roots, especially when decay has started. They promote rot, decay, and may do considerable injury, as you have observed."
"The best way to prevent this trouble is to sprinkle tobacco dust abundantly over the surface of the soil around the plants. The flies will not remain long in a place so treated, and will no longer deposit eggs there. Any larvae that may remain in the soil unskilled will undergo regular development, and after they emerge there will be no more infestation of your soil. You can, of course, make a decoction of tobacco and water and soak the soil with it and thus destroy the larvae themselves at once, but the tobacco dust will keep the flies from laying their eggs."

Kills Her Foe Of 20 Years.
"The most merciless enemy I had for 20 years," declares Mrs. James Duncan, of Haynesville, Me., "was Dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again."
For Indigestion, Loss of Appetite, Kidney trouble, Lame Back, Female Complaints, its unequalled. Only 50c at All Druggists.

Resolved—That the school directors of the different townships of the county be petitioned to allow to each teacher a reimbursement at their regular salary, one day each year for visiting other schools for purposes of obtaining new ideas and inspiration for their work.

BRIEF MENTION

It may be surprising to some to know that Pennsylvania elected her full republican ticket. After the effort made to break it in the state it is encouraging to the party to find it self upheld by voters. In Philadelphia where a bitter fight was made to elect Gibboey and defeat Rotan for District Attorney the latter won carrying many wards by larger majorities than was expected.

The vote on the constitutional amendments in this county was decidedly mixed, most townships on a high vote going in favor of them while Delaware rallied to their defeat by a comparatively large majority. The vote in the county was very light and the amendments were largely neglected.

Although the democrats in Port Jervis nominated an excellent ticket the head being Mayor Swartwout and C. F. Van Inwegen for Aldermen at large it went down to defeat last Tuesday. The people seemed to think the republicans had a better one and elected Dr. Knapp Mayor and Joseph Johnson Alderman. Put up the best men on both sides, let the voters decide and the country is pretty sure to be safe.

John Zimmerman of New York visited here part of the week.

Tammany elected Gaynor Mayor of New York but lost the rest of the ticket. This places the board of estimate and apportionment in the hands of business men and not the politicians. Extravagance and lax methods with the city finances may now be curtailed.

In Pennsylvania the state republican ticket is elected by about 150,000 majority and in Philadelphia Rotan wins for District Attorney over Gibboey by over 40,000.

Richard E. Humbert has commenced the erection of a large addition to the Marguerite.

Miss Isabella F. Wright of New York was a recent visitor in town.

It does not look from the election returns as if the tariff question had seriously damaged republican prospects. The democrats will have to try some other tack if they wish to sail their craft into port.

Dr. J. C. Price was reelected Senator in Sussex county.

Port Jervis made a pretty clean sweep electing the entire republican ticket. The board of aldermen will stand six republicans and two democrats, and three of the four supervisors are republicans.

Honesdale went republican by 38 majority for the head of the ticket while Munson carried the town by 18.

Young man of 19 years wishes a position as clerk. Address P. O. box 383, Milford, Pa.

There were nine prohibition votes cast in the county and one socialist.

In a general way the amendments received about 100 votes in favor and about 150 against. Hardly any two amendments were treated the same and the votes for and against varied. The seventh was the worst hit.

The schedules were mostly lost sight of, the voter becoming tired or wearing out his pencil before he reached them.

A sad accident at Lake Mineola, near Stroudsburg, happened last week in which two young people were drowned and a third only escaped by a narrow chance. Albert Koehler, Edith Frantz and Annie Shupp were out riding and the young man drove his horse to the edge of the lake to water him. The horse became frightened and went on out into deep water. Koehler and Miss Frantz were drowned but Miss Shupp clung to the wagon and was rescued when nearly dead with exhaustion. The horse was drowned.

Football is now depopulating the country and the death of a West Point cadet last Saturday from an injury in a game has led the authorities there to call off the sport. A student at the Medical Chi in Philadelphia also died soon after a game last Saturday.

Potatoes in Honesdale bring from fifty to sixty cents a bushel.

The hook worm which troubles southern darkies and is said to induce laziness will be squelched if Rockefeller can do it with a million dollars. It must trouble white folks as well, and if it does, a considerable sum would be needed to eradicate the pest in this section.

Furnished rooms to rent. Enquire of Mrs. Etta Polton, Corner Broad and Ann Streets, Milford, Pa.

John Zimmerman, who owns a fine location on the Delaware river in Delaware township, has enclosed considerable land with a high wire fence and it is said intends it for a park. He is now planting a large number of trees to ornament his ground. This is an excellent example. There are many acres in the county which are now being cultivated with no profit which would be far more valuable if planted with trees.

Those printing the ballots for this county kept the republican candidate for State Treasurer Sober at all events and it is well to vote for that kind of man. His name however is Stober.

Invitations have been received here to the marriage of Fannie, daughter of George Armstrong and wife of Montague, N. J., and J. South Howell Nov. 11th.

The cemetery at Matamoras will contain about thirteen acres and is situated on the east side of the wood lot between Rosses and the river. It is on rising ground and commands an extensive view up and down the valley.

The house in course of erection by Mrs. Harmon at the Raymondskill is progressing and will be a large and handsome building commanding a beautiful view of the Delaware and valley towards Milford.

Robert Brown spent part of the week with his family in Stroudsburg.

Mrs. Charles Lattimore is visiting relatives at Walpack Centre, N. J.

Miss Nettie Newman is confined to her home by illness.

Treasurer Chol and family are at their camp in Blooming Grove.

Erie engineer Frank Heath now runs the Orange County express.

Frank Wells visited his mother in town recently.

Walter Dingsman has been confined to his home this week with a sore throat.

E. S. Wolfe has moved his family from his farm in Dingman township to his home on Catharine street lately vacated by Mrs. Harmon.

Edward Rupp has gone to Lakewood, N. J. to accept a position in a drug store.

Miss Edyth Dewitt is spending the week in New York.

Henry McCarty had the misfortune to fracture three ribs in a runaway accident last week.

E. S. Wolfe spent the latter part of last week in New York.

Henry Lambert recently spent a few days in New York.

Richard Bollotat, who had his leg broken early last summer, has gone to a Brooklyn hospital for treatment.

Edward McLaughlin spent a few days this week with his parents in town.

Harry Steele of Matamoras spent the former part of the week with his parents here.

C. O. Armstrong, the druggist, made a business trip to New York last week.

Ernest Rigny has moved from the Pinchot house on Seventh street to the host house on Broad street.

O. M. Wells of New York was a visitor here this week.

WANTED
SUCCESS MAGAZINE wants an energetic and responsible man or woman in Milford to collect for renewals and solicit new subscriptions during full or spare time. Experience unnecessary. Any one can sign among friends and acquaintances and build up a paying and permanent business without capital. Complete outfit and instructions free. Address "VON" Success Magazine, Room
