H. W. Adams of Hunting Towers was in town Wednesday. His mother is a partial invalid.

Trout season here opens April 15th, and it is quite authentically reported that the state fish commission will see that it does not begin any earlier.

The brilliant illumination seen here last evening about 8:30 on the southern sky is said to have been caused by the burning of a large barn on the farm of one Reeder below Newton, N. J.

Value of Farm Products
 It is the object of the census to ascertain the value of farm products, and as well the number and value of animals and fowls. Not the value of some particular class but of all. It is the amount at which animals and fowls can be sold. The average which the census will publish is not that of some special class but of all produced in that class. Good blooded animals will sell for more, and therefore have a greater value than the poor animals, but as matter of fact, the pure blooded animals are so thoroughly distributed that they leave little or no appreciable influence on the average in the census.

DON'T BE MISLED.
 Many a life has been cut short by a cough that was not believed to be serious. Many a headache and headache follows a coughing spell. Many a night is passed in restlessness caused by coughing. Do not be misled. If you cough, take the old reliable Kemp's Balsam, the best cough cure. At druggists' and dealers', 25c.

 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any disease that it fails to cure. Send for list of testimonials.

TIT FOR TAT.
Celloquy in a Railway Station Ending in a Draw.
 An Irishman was sitting in a depot smoking when a woman came, and, sitting down beside him, remarked:
 "Sir, if you were a gentleman you would not smoke here."
 "Mum," he said, "if ye wuz a lady ye'd sit farther away."
 Pretty soon the woman burst out again:
 "If you were my husband I'd give you poison."
 "Well, mum," returned the Irishman, "as he puffed away at his pipe, 'if you was me wife I'd take it.'"

Justice and Lucre.
 Judge Giles Baker, of a Pennsylvania county, was likewise cashier of his home bank. A man presented a check one day for payment. He was a stranger. His evidence of identification was not satisfactory to the cashier.
 "Why, Judge," said the man, "I've known you to sentence men to be hanged on no better evidence than this!"
 "Very likely," replied the judge. "But when it comes to letting go of cold cash we have to be mighty careful."
Some Thoughts on Sheep and Goats.
 Sheep live higher, but more is expected of them. Goats have to do without some things, but they've less on their minds.
 It's a great distinction to be a sheep, but it wouldn't be, only for the goats.
 None except sheep get into society. None except goats know what a parcel of foolishness society is.
 There are sheep who wonder if it's worth all it costs. Goats would be fairly contented if it wasn't for their wives all the time dying to be sheep.
No Assistance Needed.
 Lucinda stood in the presence of two famous surgeons who had just assured her that her present condition demanded an operation and that unless it was performed within a short time she would in all probability die. Lucinda listened respectfully.
 "I'm jes as much obliged to you gen'mans as I can be," she assured them, "but de deah Lord has done made up his min' to call me home, I thinks he kin translate me widout no assistance."

No Value Whatever.
