An article elsewhere on base ball matters opens the question as to what is best to be done the coming season. Without unanimous and cordial support it is not possible to put up a winning team. The game has reached a stage when only professional players can compete with the average nine from other places, and it takes money to put such a nine in the field. Milford is too small in population to furnish home talent of the skill required, and it may be doubted whether a nine of moderate strength would draw spectators. Last year was an object lesson. Players were paid too high salaries for the work they done, and in fact higher than could be afforded under all circumstances. It takes large gate receipts to pay large salaries and the attendance here is too small to warrant that. The question is one to be carefully considered, if we have a nine. The main trouble is that Milford has a champagne taste and a beer pocket book, and this is true in other things than base ball.

If New York State politicians, who seem bent on damaging party prospects, can secure consent of Roosevelt to become a standard bearer and by his great popularity lift it out of danger, they may claim great shrewdness, but Mr. Roosevelt is one of the best politicians now alive and he might after his election cut the hawser and send some of the boys adrift on the sea of trouble they have created. The little pitchers sometimes go to the well once too often.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any disease that it fails to cure. Send for list of testimonials.

Address F. J. CHEENEY & CO., Tol. O. Sold by all druggists, 75 cents. Take Hall's Family Pills for constipation.

PAUPACK

During the past two weeks our feathered friends from the Sunny South have ventured to return to their summer homes and are heartily welcomed as the first harbingers of the coming Spring.

Last week Conrad Gumble erected an ice house and March 12th filled it with ice out from Big Pond. The ice being of an excellent quality and 14 inches thick. This looks as if we had had some cold weather during the past few months. This is the first winter in some years that we have had sleighing for the length of time just passed. For 112 days there was not a wagon used on our roads and during that time there was very good sleighing excepting a few days when the roads were drifted.

Our oldest inhabitant, Mrs. M. N. B. Killam celebrated her 92nd birthday March 2. The day was very pleasantly spent by Mrs. Killam who welcomed her friends and relatives and expressed her pleasure for their kind remembrance of her and in making the day pass so cheerfully.

Those who attended Mrs. Killam's birthday from a distance were: Edson Green wife and children and Mark Edgar and wife of Scranton, Francis Killam of Kingston, A. K. Killam wife and daughter Ruth, Wesley Pierson and wife and R. W. Murphy and wife of Hawley—besides a number of friends and neighbors from Paupack.

J. G. Killam and wife are guests of the latter sister Mrs. Ed Bittenbender at Scranton.

March 6th being the birthday of our neighbor—Conrad Gumble, it was decided to give him a surprise party in which young and old enthusiastically joined. Mr. Gumble was greatly surprised on returning to his home at an early hour to find a large number of his friends present. Dancing was indulged in—refreshments served and all present spent a very pleasant evening, and returned to their homes wishing their host many more happy birthdays.

Miss Frank Pellett and brother, Arthur spent the 6th with Wilmer Hopps at Greentown.

Mrs. John Zimmerman and baby spent the past week with relatives in New York. They returned to their home the 12th.

Richard Phillips of Forest Lake spent a day last week with Paupack friends.

Alfred Walters of Newfoundland visited his sister at the home of E. A. Gumble, Sunday last.

Miss Frank Pellett is visiting her friends, R. G. Phillips and wife at Forest Lake.

Bertina Finley is spending a short time with friends in this place.

Mrs. Augusta Bennett returned to her home the former part of the week after spending a short time with her daughter, Mrs. Herbert Adams, in New York.

A number of the young people enjoyed a dance at the home of Anna Stielman the evening of the 12th. A very good time was had and as the midnight hour approached refreshments were served and the "merry makers" dispersed to their various homes much pleased with the evening's entertainment.
