J. H. Van Etten, PUBLISHER.

Editors are very like other people only perhaps more modest. They do not offer their opinions without much misgiving as to how they may be received. Others are positive in declaring their views while editors mildly hint at conditions. It is therefore real encouragement to them to have public approval and educational to have the public criticise. This is why editors invite correspondence and open their columns as a forum in which matters may be discussed. Whatever topics interest the general public, whether political, moral or religious should find expression in the forum and have the benefit of popular confidence. Public opinion is a power and there are few who care to invite its condemnation. This also is why editors are gratified to know that their views are received with favor and that public feeling is in harmony with their expression. It also adds weight to have them commended. Correspondence likewise proves that people are alive to present questions and that they take more than a casual interest in public affairs. If you have opinions why not advocate them in the most public manner and make them felt in the community. Whatever makes for the uplifting of your town is worthy of your effort to promulgate. It advertises its life and energy and invites those who are strangers to cast their lot in an installation and know that you have fine roads, beautiful surroundings, good schools progressive churches and a high moral tone in the community and you open an inviting path for those seeking new homes. It is the duty of an editor to do this and he takes pleasure in it, but why leave his efforts unsupported. Why not write your approval and give him the assurance of your support. It would be manna to his hungry soul.

PAUPACK
This weather does not seem much like March. Hope we don't have our March weather in May.
The Paupack boys held their annual egg-feast on Bennett's plainfield Easter. All report a very pleasantly spent day.

At C. A. Pellett's the evening of the 26th, a large number of the young people spent a very pleasant evening. Dancing was indulged in, games enjoyed, refreshments served and all present had a very good time.
An ice cream social was held at Red school, No. 4, Friday evening, April 1st. Proceeds for the benefit of the school library. No "April fool" about this.

Last week Francis Singer and family of Scranton moved into the house occupied during the past few years by Fred Culp and family. Mr. Culp moved at the same time to a house owned by Sievers at Big Pond. Mr. Singer has purchased the property he now has possession of and intends making this his permanent place of residence.

By a cough which cannot be broken by ordinary remedies. But why not try a medicine that will cure any cough that any medicine can cure? That is Kemp's Balsam. It is recommended by doctors and nurses, and it costs only 25 cents at any druggist's or dealer's. Keep a bottle always in the house and you will always be prepared to treat a cold or cough before it causes any suffering at all.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any disease that it fails to cure. Send for list of testimonials.

Our Extravagance.
Discussing England and the English from an American point of view, a recent American writer in England observes:

"Nobody, from the kind down, is either ashamed or afraid to be economical. In England a man or a woman is thought to be a fool or a vulgarian who is not careful of expenditure, while in America our waiters have been clever enough to make it appear that economy is mean, and as a nation we suffer accordingly. We are fools to be fooled in this manner."

The Naked Truth.
There is an ancient fable which tells us that on a summer afternoon Truth and Falsehood set out to bathe together. They found a crystal spring. They bathed in the cool, fresh water, and Falsehood, emerging first, clothed herself in the garments of Truth and went her way. But Truth, unwilling to put on the garb of Falsehood, departed naked. And to this day Falsehood wears Truth's fair white robes, so that many persons mistake her for Truth's very self, but poor Truth still goes naked.

LIQUID VENEER

brightens and preserves everything about the home. There is no oil or dingy looking furniture or woodwork in homes where Liquid Veneer is used—all is clean, wholesome, sanitary. Liquid Veneer can be applied by anybody, anywhere, at any time, and there is no need to clean up afterwards. There are no cans, no pots, no brushes. There are no sticky hands or surfaces. Simply moisten a piece of cheese cloth and wipe off the surfaces, as you would do dusting. Just try Liquid Veneer and see how sweet and clean it will make everything.
