NO 1

BRIEF MENTION

F. F. White and wife are visiting in New York.
James W. Lauer is in Port Jervis Hospital with a serious attack of blood poisoning.
John W. Kilsby and sister Mrs. Andrews of Dingmans Ferry were in town Tuesday.
Thomas A. Vyas and family, who have occupied Glenside Cottage the past summer, will return to the city about the middle of this month.
The railroads of this country expended over sixty million dollars last year for cross ties, oak largely predominated, and southern pines come next.
F. L. Gambill and P. N. Bourlaque are in the western part of the county after game.
P. R. Cross of Hawley was a recent visitor in town.
Dr. C. S. Raymond has commenced making improvements on the house he bought of O. M. Brink on George Street.
Mrs. O. B. Van Wyck has sold her house on Ann Street to Mrs. Noyes.
Henry Cann, (colored) of Delaware died last Friday aged about 74 years. The funeral was held here Tuesday and interment in Milford Cemetery.
Mrs. John Lattimore of Port Jervis, while calling on her sister-in-law Mrs. A. S. Dingman in Milford a few days ago, mistook a door and fell down a basement stairs breaking her arm.

SHALL WOMEN VOTE

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache, or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at All Druggists.

HALLOW EVE.

Dedicated to Margaret E. Fitzpatrick.
In the Kalka mountains far away,
There's a cavern wide and deep,
And I've often heard old people say
'Tis there the fairies sleep.
At midnight hour when all is still
The Fie folk have leave
To hold their merry festival
Each year at Hallow Eve.
Unseen they enter the abodes
Of mortals, full in number,
And whisper in their ears sweet
Thoughts
As they lie in peaceful slumber.
They tell of bliss that is to come
And show to anxious maids
The lords and knights they are to wed
And depart as darkness fades.
In the long ago the tricks and
pranks
Were played as they're tonight,
Our ancestors that sleep so sound
They were too gay and bright.
And the jolly fairies whispered them
The same old whispers too
That brought glad but delusive
dreams
That never did come true.
But let the "good folks" do their
work
It is but once a year
They come out from their crystal
cave
To bring mortals good cheer,
When Aurora tips the east
To renew another day.
Queens, lords, knights and gallant
youths
Shall have vanished all away.

Cecilia A. Cullen.

Brush Along Roads

All roads laid out by order of the Court in this county are directed by the rule of court when opened to be 33 feet wide. This does not mean that the drive way shall be that width but it does mean they shall be opened to that width and the public has the right to the use of so much. At the last term of Court Judge Staples directed constables to notify supervisors to cut the brush along roads, especially at curves and other places where they obstruct the view. He dwelt on the fact that the traveling public, meaning drivers of vehicles and autos in particular, often took great risks because the view was obstructed by brush around sharp turns. If supervisors on notice do not cut the brush they are to be reported to the Court. It is not necessary to dwell on the propriety of having overhanging brush cut from along public roads. Safety and comfort demand it should be done.

TENER TESTIFIES.

In his prosecution of the North American for criminal libel Candidate took the stand last week and testified in Chief as follows.
DENIES SELLING HIS NAME
Q.—It is also alleged here as follows: "John K. Tener, Republican candidate for Governor of Pennsylvania, who was, until May 3 last, president of the National Public Utilities Corporation, and until ten days ago a director, who sold his name to the fraudulent concern for \$50,000 a year salary and a gift of \$50,000." Did you ever sell your name to this or to any other company. A.—I never did.
Q.—Is there any justification for such an allegation as that? A.—None whatever.
Q.—Is there any foundation for it? A.—None whatever.
Q.—You have told the exact condition of affairs, how you came into the company and exactly what you did? A.—I have exactly, and to the very best of my knowledge.
Q.—This article also states, speaking of you: "He admits his connection with the swindling outfit." Have you ever admitted any such outrageous thing as that? A.—No sir. I never admitted any connection with any swindling outfit at all.
Q.—It says further on in the article, and still another sample: "Frank L. Smart, a professional promoter of swindles, who made him president (referring to you), and tries to take cover behind Crissman. Crissman, however, declared yesterday that Tener was handled wholly by his friend, Smart." Were you handled by anybody? A.—I was not.
Q.—Did you ever know Frank L. Smart to be a professional promoter of swindles? A.—No.
Q.—Had it ever been suggested to you by anybody prior to this slander, this libel? A.—It never had. I always considered F. L. Smart honest. I believe him yet to be honest.
Q.—Later on the article says: Like Tener, he avoided any attempt to justify the swindle, but he offered this plea that only \$50,000 stock had been sold." Did you ever offer any such plea as that or give any such statement? A.—No.
Q.—Absolutely no foundation for it? A.—No.
On cross examination he said:
NONE OF HIS BUSINESS
Q.—Did you learn after you became president of this company that it was a \$2,000,000 corporation that had issued its stock as full-paid and non-assessable, without receiving any assets in return? A.—No. In a general way, I only took, and did take, what was represented to me, as you would do, by reputable people who had charge of the corporation, and it was not up to me, as it would not be up to you or anybody else if you were going into what you believed to be a reputable corporation, for you to go back and see how their business was done. If you were elected, say, a director in a bank or in an insurance company, I don't think it would be up to you to go back to see if all the directors and other officers prior to your time had conducted that business correctly.
Q.—This corporation was less than three weeks old when you became its president, wasn't it? A.—I don't recall.
Q.—Don't you know when it was formed? A.—I don't recall.
Q.—You don't know how old it was. A.—No.
Q.—I inform you that this corporation was organized on the 13th day of December, 1909. If that is true, you were elected on the 4th day of January, 1910, which would be three weeks after its formation, would it not? A.—Yes, sir.
Q.—Don't you think you should inquire whether that \$2,000,000 corporation, which had issued its stock as full paid and non-assessable, had issued the stock for a valuable consideration? A.—That I would personally go through the record and see?
Q.—That you would personally inquire and satisfy yourself of its integrity? A.—I satisfied myself as to the men who were incorporating, or rather who organized, and who were at that time the officers and directors of the company when I went into it.
Q.—And that is all you did? A.—Yes, sir.
Q.—Did you afterward do anything else to inquire into the integrity of the corporation or the issuance of the stock? A.—No, I don't recall that I did.
Q.—When you say no, that answers it. A.—I say no, I don't recall that I did.

TO THE VOTERS OF PIKE COUNTY.

I have secured for Pike County \$15,000.00 for the dike at Matamoras which dike protects the washing away of the county road there and if such money had not been secured from the state, the county would have had to be taxed just that amount and you must have paid your portion in taxes.
I secured \$5,000.00 for Cave Bank in Delaware Township. The state engineers, WHO KNOWS HIS BUSINESS, says it will be finished this week, yet some men who run the government, the state and every-day else successfully, but their own farms, say the work will not stand.
The fact remains that through my efforts and without being asked, \$5,000 was secured for the work, how the money is spent is no concern of mine, any more than the Tax Collector of Delaware Township shall say how the money he collects shall be expended. I am not an engineer and know nothing of building retaining walls, but I do know how hard I worked to get Delaware Township this money and am glad the job will make the place safe for public travel and I will leave the matter to the State Engineer who has made a life study of engineering problems.
I secured \$500.00 to defray the expenses of the Delaware River Free Bridge Commission, and want to throw the question out now, once and for all, and I do say in all candor, that if this question is not disposed of now and that favorably, you will have a mighty long wait before things again get to the point we now have them, and meanwhile the toll gatherer will meet your wagon regularly.
This question, Mr. Voter, is up to you!
I introduced in the last Legislature the following bills:
AN ACT Compelling the Board of Commissioners of public grounds and buildings to employ capable superintendents.
Collecting and digesting the game and fish laws.
County auditors to publish annual reports of accounts.
Department of Forestry to distribute young forest trees.
Empowering the State Highway Department to improve highways.
Making an appropriation for Cave Bank.
Appropriation to the State Forestry Academy at Mont Alto.
Appropriation to provide a fixed charge on lands acquired by the state for forest reserves.
Appropriation for transferring to Department of Forestry control and management of all public highways going through State lands.
Appropriation to experiment with Marcellus Shale in Pike County.
Appropriation to extend Matamoros dike.
Appropriation for Lackawanna Dike, voted by Governor.
Non Resident Hunters to procure a license.
Payment of fixed annual charge for school and road purposes.
Purchase of land by Department of Forestry.
Purchase of Belmont Reservoir.
Regulation of Public Pool rooms.
Requiring school auditors to publish in newspapers an annual statement of receipts and disbursements.
Taxation of auxiliary forest reserves.
To ascertain the number of institutions belonging to the state now caring for the incurable insane.
To create a system of fire-wardens.
To define and establish auxiliary forest reserves.
To encourage the propagation of fish.
To inquire into and ascertain the probable cost of acquiring toll bridges across the Delaware River.
To protect woodlands.
To protect state forest preserves.
To regulate the catching of fish.
To regulate the acquisition of land for the commonwealth.
Don't that show that I endeavored to do something?
My opponent nor his friends have made any pledges or promises of what he will endeavor to do if elected. If any is now made the public will have to treat it as an election day promise, for they will know it will be published too late to be commented upon before election. Yet he has had two months to answer mine and has not done so.
My opponents say if Mr. Adams is elected, he is going to build a free bridge across the Delaware River by popular subscription. Think of that

RESOLUTIONS OF THE TEACHERS OF PIKE CO. INSTITUTE

We, the teachers of Pike Co., Pa., in Institute assembled do make and adopt the following resolutions:
Resolved: That we thank our Superintendent for the interesting and instructive program he has provided for both day and evening sessions of our Institute.
Resolved: That we extend our thanks and appreciation to our instructors for their untiring efforts exerted to present us with interesting and practical instruction.
Resolved: That we enjoyed and profited by the Devotional exercises conducted by the ministers of Milford.
Resolved: That we thank those who took part in the evening programs, in the providing of music.
Resolved: That the Commissioners of the County be thanked for the use of the Court House.
Resolved: That all Counties should receive the maximum appropriation of two hundred dollars (\$200.00) for the conducting of Institute.
Resolved: That the recent course of study sent out by the State Department should be adopted and followed by the various Schools.
Resolved: That each teacher should be allowed a day, with pay, for visiting and observing methods in other schools, in this way increasing his or her proficiency.
Resolved: That a medical inspector be appointed by each district to examine the school children and when necessary to prescribe same. And where the parents are unable to carry out his instructions the district to stand the expense.
Resolved: That as our present compensation for attending Institute is insufficient to pay our expenses that the same be increased to three dollars (\$3.00) per Diem.
Resolved: That directors be asked to visit the schools often and in that way fulfill the law in regard to same.
Resolved: That our congratulations and best wishes be extended to Miss Bortree and Miss Zahnleker, members of our profession and Institute, who have launched out on the sea of Matrimony.
Resolved: That in the absence of our Musical Instructor, Rev. Kindt, we extend to him our sympathy and wishes for his speedy recovery from his present illness.
Resolved: That we thank the Holmes Music Co. for the use of the piano during Institute.
Resolved: That we appreciate the courtesy of the newspapers in the printing of our proceedings and resolutions.
Resolved by the teachers of Pike Co. in Institute assembled, that we deprecate the use of war in the settlement of international disputes and that we urge the Congressmen from this district to use his influence at Washington to secure a limitation of armaments and to lessen the expenditures of the Government for Military and Naval purposes.
Resolved: That we ask our legislators from this district to support the legislation asked for by the State Teacher's League of Penn'a: Viz; The Retirement Fund Bill, Tenure of Office Bill and Professional Certificate Bill.

NOTES FROM SANDYSTON

Hunters say that game is scarce and while some game (rabbits excepted) are not to be shot until Nov. 15th. All game should be allowed to be hunted at the same time, for as a general rule, if a hunter has a good shot he gathers poor Bunny in, and the law violated.
Jerseymen can hunt deer every Wednesday in November, and at no other time. As there are five Wednesdays in that month some of the deer should be captured.
Some of the over mountain farmers were caught with watered milk last week, and were fined 50 dollars and costs. All watered milk is not in Frankford and Lafayette townships.
At the sale of the Layton iron bridge on Friday the contract for the erection of the same was awarded to Mr. O. J. Little, of Deckerstown, for \$816. He also contracted to remove the present bridge to near Mrs. Layton's for \$75.00.
A Montague lady was arrested for the alleged stealing of one chicken and at the hearing at Layton on Friday last the evidence was not clear as to the stealing and the prisoner discharged from arrest.
It is seldom that Election matters remain so quiet. One scarcely hears is mentioned. Things may hum a little louder on Election Day, if the price is doubled from what was paid three years ago, for the patriotic fester.
Bert Rosenkrans and family of Norfolk, Va., are visiting relatives in Sandyston for a fortnight.
Mrs. Montross is having her tenant house in Layton, and occupied by Mrs. Rosenkrans, newly weather boarded and addition built thereto.
The Kye-Armstrong wedding at Bevan last week was well attended, and directly after the marriage the happy couple left by auto for a trip to Niagara Falls, and other points.
Samuel Halderman and family occupying the premises on the 'Enns' property moved to Pike County on Sunday.
We had a taste of real winter on Saturday and Sunday, the mercury registering 22 and 18 degrees above zero respectively.
What we are going to do for water is becoming a serious question. Wells and cisterns are dry on every hand, and the streams very low.
Last week I said the finish of the Macadam was in sight. As there is only 2,400 feet to far and of the same can be done in a few days for they can oil over 500 feet per day. All the contractor asks for, is good weather until Nov. 15th, and the road will be done. Some cleaning up will have to be done, but less than a week will do that. Quite a number of Italians have been laid off, as they were not needed.

An Experiment Station

Mr Palmer in his speeches ridiculed the idea that Mr. Marvth could have an agricultural farm established in this county. He quoted himself as a lawyer in giving this opinion. Now it may be that Mr. Palmer has been so occupied reading corporation law that he might better serve the purposes of the large corporations for which he is an attorney that he has overlooked the minor powers of our legislature to pass an act appropriating sufficient funds for an experimental station in this county. He says it would be a waste of money to the taxpayers and would make a place for some high salaried professors from the cities, and afford some green township man a chance to sell land at a high price. That would be as hard on some honest farmers out there as it was for laborers to receive \$1.75 a day for work at Cave Bank; wages paid out of money which Mr. Marvth had by dint of perseverance appropriated for the improvement, if Mr. Palmer would avoid clap trap oratory he would say frankly that no farmer pays a cent of the money which the state uses for roads, schools and other purposes unless he has money at interest. If you want to know more about taxation, equal division of property, increase of wealth and various other things ask Mr. Palmer's friend, Hoffman, candidate for State Senator who is on the Socialist ticket. Their motto is "Every one according to his deeds."

SAVED AN IOWA MAN'S LIFE.

The very grave seemed to yawn before Robert Madson, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bilets. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positive guarantee for Stomach, Liver or Kidney troubles and never disappoints. Only 50c at All Druggists.

OBITUARY

W. H. HUBBARD
William H. Hubbard, a former resident of this county, but for several years living in Port Jervis, was fatally injured last Friday by being struck by a piece of lumber which he and a helper was sawing in the Erie shops. The saw caught and hurled the stick back with such force as to injure Hubbard in the head in such manner that he soon died.
His age was about thirty four years. He is survived by his wife and several children and by his mother and brothers and sisters. The funeral was held Tuesday and interment in Laurel Grove Cemetery.

HIGH SCHOOL NOTES

Miss Klear and Mr. Wildrick attended the banquet of the alumni of the East Stroudsburg Normal School Thursday evening. The banquet was held at Silver Spring House and all reported a most enjoyable time.
The Halloween Party given Friday evening proved to be a great success. The people are especially grateful to Mr. Wolfe who so kindly offered them the use of the rooms where the party was held.
Percy Myer visited Newark the past week.
Florence Watts spent a few days last week with friends in the city.
Principal Wildrick enjoyed a short visit last week at his home.
Wimner Heller has been visiting out of town friends for the last few days.
Miss Alice Scott spent a few days with friends in Port Jervis during the past week.

NOT SORRY FOR BLUNDER.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, laryngitis, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Guaranteed by All Druggists.
