

MISCELLANY.

LOVE IN THE BOWERY.

BY A BOY.

When I ran with number 9,

My eyes spontaneously sought out her...

She waved her pocket handkercher,

As we went rushing by—

No boss that ever killed in York

Was happier than I.

I felt that I had done it,

And what had won her smile—

'Twas them embroidered braces

And that 'ere immortal tie.

I thought her out at Vauxhall,

Afore that place was shot—

Oh! that happy, happy evenin',

I recollect it yet.

I gin her words of pea-nuts,

And a apple and a "wet,"

Oh! that happy, happy evenin'—

I recollect it yet.

I took her out to Harlem—

In the road we made a swell,

And though we had afore us,

Went twelve mile afore us fell.

As though we had struck the pavement,

The "crab" began to fall.

I got another mile out,

By twining of his tail.

I took her to the Bowery—

She sat long side of me—

They asked out a piece they called

"The Wizard of the Sea,"

And when the sea-fight was fetched on,

Eliza cried, "hoy! hay!"

And like so many minutes there

Five hours slipped away.

Before the bridle halter,

I thought to call her mine—

The day was fixed when she to me

Her hand and heart should give.

The rum old boss, the father, swore

He'd gin her out of hand

Two hundred cash—and, also, trout

To number 9's men, stand.

But bless me! if she didn't slip

Her halter on the day—

A pedlar from Connecticut,

He carried her away.

And when the news was brought to me,

I felt almighty blue;

And though I didn't shed a tear

Perhaps I cursed "a few."

Well, let it pass—there's other gals

As beautiful as she;

And many a butcher's lovely child

Has cast sheep's eyes at me.

I wears no crape upon my hat,

'Cause I'm a packin' sent—

I only takes an extra horn,

Observing, "LET HER WENT!"

Feeding Hogs on Apples.

Among the multitude of farmers who do not

read agricultural papers, and have not learned

the value of apples as food for stock, it is a

common observation that sweet apples may be

good for fattening hogs, but not sour ones. This

is a great mistake. If hogs have a large run

in an orchard, so as to find all the varieties they

desire, they will only eat a small proportion of

sweet apples. Even the delicious gate apple

and the fall pippin seem to like the appetite, and

they will eat but few before they will leave

them for those of more acid or other flavor.

Their taste in this respect seems like that of

the lovers of hard cider.

A hog weighing, when slaughtered, 300 lbs.

when first put up to fatten, ate about one bushel

and a half of sourish apples, and about four

gallons of milk and water, with three quarts of

bran, daily, with plenty of salt, and it fattened

rapidly. At the end of a month, one bushel of

apples, with the same quantity of milk and

bran, was sufficient. This mode of feeding

seemed to fatten the animal as rapidly as if

fed entirely on corn. The pork of apple-fed

hogs is sweeter than corn-fed, and generally

healthier, inasmuch as apple-fed hogs do not

become feverish or otherwise diseased, even

when closely confined. If permitted to run at

liberty in the orchard, which is the best way of

feeding, they consume more than

when confined in a pen. Apple-fed pork is as

hard as corn-fed; and the lard is beautifully

CURES! CURES! CURES!

are constantly being performed by Dr. Jayne's Family Medicine.

Dr. Sabin, wife of Capt. John Dunham, No. 6 Calvert's Court, Philadelphia, had a very bad cough, soreness of the breast and side, sore throat, cough, hoarseness, loss of spirits, with weakness and pain in the small of the back. Spitting of blood and liver complaint has been entirely cured by using Dr. Jayne's Santifac Pills, Alterative and Expectorant.

[From the Great Falls, (N. H.) Northern Light.]

It is with pleasure that we give place to the following letter from Mr. J. H. HOOKER, of Tansworth, who was supposed to be past cure of a Consumption, and was cured by the use of Dr. Jayne's Expectorant. We can speak with confidence of this medicine, as we know of many of our friends who have been greatly benefited by it.

Tansworth, N. H., Dec. 10, 1845.

Dear Sir—I feel it my duty to make known to you the cure of my Consumption, and the relief I received from the use of a bottle of Dr. Jayne's Expectorant, which I purchased of you. I had been sick between five and six months, caused by the long fever, which left me in a very low state of health, with a very bad cough, and for about three months I could only speak in a whisper. My friends all thought me to be a declining man. My present state has been due all for me, could. About this time I fortunately saw advertised in the paper, "Dr. Jayne's Expectorant," and as you, I immediately sent you for a bottle, and in two days after I began to feel better, and in a few days I recovered my voice and strength, and was able to do my usual work. My health is now good. I attribute my cure wholly to Dr. Jayne's medicine.

HYER'S PILLS

The American Improved Hygienic Vegetable Medicine.

THESE PILLS are one of the best Medical Compounds in use at the present day.

As a common family physic, for administration in all temporary complaints of the stomach and bowels, head ache, colds, &c. they may be fully depended upon, and a prompt use of them on the first appearance of indisposition will invariably save much sickness.

They are peculiarly adapted to all cases of weakness and general debility, and to the derangement of the system, and especially to females—and a steady, uninterrupted use of them, in strict conformity with the directions will very soon restore the organs of the stomach to their natural tone and action, and regulate the bowels, and renovate the whole system.

There is no disposition to give extravagant commendations of them. What is here stated, is the result of actual experience with them, and that through a period of fifteen years. It is not a temporary relief, but a permanent cure, and it is the duty of wisdom, to use a medicine the Proprietor knows these Pills to be, and he is certain that in forty nine cases out of fifty, where a fair trial is made according to the directions, they will be used again as a standard medicine. He has never known an instance where they have been thus used, in which they have not met with unequalled success.

Numerous testimonials may be seen at the General Office of sale, and references will be given to substantial living witnesses of their value and efficacy.

The Pills are rarely very taste, and of two kinds, stimulant and purgative, purifying the blood, and producing a healthy action through the entire system; are a valuable Anti-Bilious Medicine, and eminently useful in all Intermittent complaints—Weakness, General Debility, Dyspepsy, Pulmonary Affections, Liver Complaints, Rheumatic and Spasmodic Affections, Female Complaints, Palpitations, &c.

No Family, after a fair trial, will be without them.

They are put up in FIFTY CENT and DOLLAR PACKAGES, each having a pamphlet embracing a valuable Treatise on Disease, with full directions for use. The Dollar packages are the most desirable to the purchaser. They may be ordered through Druggists, or sent by Street and No. of the General Depot.

Sole, Wholesale and Retail, at No. 140 Fulton Street, Second Floor, N. Y., Between Nassau Street and Broadway.
