Catalogue of Teas. Young Hyson, good, 37 1-2 Do. do, sweet cargo, 50 Do. do, silver leaf, 1 00 Silver leaf—seldom sold even by large dealers, because of the very small profits made on it—also a very superior Tea. Do. do, golden chop, 1 50 Golden chop—This is the finest Green Tea cultivated in China. It is of the first picking, and exceeds all other Green Teas for its delicacy of flavor, strength and aroma. Heretofore this Tea has never reached this country, except in small lots to be purchased.

Do. do, fine, 75 Do. very fine, 1 00 Gunpowder, fine, 75 Do. extra fine, 1 00 Imperial, fine, 1 00 Do. extra fine, 1 00 Hyson Skin, good, 37 1-2 Ning Yung, strong and good flavor, 37 1-2 Ning Yung—This grows only at 50 cents, and is called in Oolong.

Oolong, a delicious Black Tea, 50 Compare this superior Tea with that sold by grocers, as being an Oolong Tea. The difference is too plain, and the deception too palpable. Oolong, plantation growth, 75 English Breakfast, fine, 50 Do. do, extra fine, 65 How's's nature, a rich & highly flavored, 175 Peko Flower, 00 Do. Scented, 1 50 No Plus Ultra, 1 50

No Plus Ultra—This Tea is as fragrant and sweet as a mango. It yields a perfume that is truly delicate, and is of a rich growth and superior to anything of the kind ever sold in this country. The above Catalogue does not comprise all the varieties contained in my assortment. I have every variety imported, and every shade of quality, and can send the most fashionable purchases. The above Teas are all full of Chinese packages, in quantities of 1-4 lb., 1-2 lb., and 1 lb. each.

Recommendations. We have tried the Teas imported by the Pekin Tea Company, 75 and 77 Fulton-st, and if we live will import them. They are sensitive to the most delicate taste, and will give you a true idea of their quality. You may be sure of obtaining at all times pure and highly flavored Teas, by the single pound, at whole sale prices, of the Pekin Tea Company, 75 & 77 Fulton-st. They have probably the largest stock and greatest variety of the Green and Black Teas of any one establishment in the United States. They are doing a large business, and are a great benefit to consumers of tea—Atlas.

Heretofore it has been very difficult, indeed impossible, to obtain good Green and Black Teas, but now you have only to visit the warehouses of the Pekin Tea Company, 75 and 77 Fulton-st, to obtain as delicious and fragrant Teas as you could wish for—Daily Sun.

A word to Tea Drinkers—The Pekin Tea Company, 75 and 77 Fulton-st, have imported into this market some one hundred thousand dollars worth of the finest grades of Green and Black Teas grown in the Celestial Empire, one upon all the various fancy packages that Chinese ingenuity can invent. It is a privilege to buy Teas at this great establishment, and to be able to obtain good Green and Black Teas, at such low prices, and retail them at whole-sale prices. Tea merchants who wish to always sell good Teas, can always obtain them at this place, on reasonable terms—Emporium.

The above Teas are for sale by L. M. REKFOR, Sole Agent for Broome County Binghamton, May 8, 1847. No. 25 Geo.

Printed lists of prices, corrected from day to day, with every variation in the market, are placed in the hands of buyers. Merchants will be able to form some idea of the extent and variety of our assortment, when we state that the value of our usual stock of this one article is, at least, twice the value of the entire stock of dry goods usually kept by our largest wholesale jobbers. This fact, together with the fact that our means and our attention, instead of being divided among a variety of articles, are devoted wholly to one, will give the advantages which we can offer to dealers perfectly obvious; and it shall be our care that none who visit our establishment shall meet with any disappointment. Our assortment is complete at all seasons of the year. Lee, Judson & Lee, P. S.—B. F. Lee, formerly of the firm of Lord & Lee, and late senior partner in the original firm of Lee & Judson, from which connection he withdrew some time since, has returned to business with Messrs. Lee & Judson, under the firm of LEE, JUDSON & LEE; and he ventures to assure his friends and the public, that the new firm will maintain the same pre-eminence in this branch of the trade, which formerly distinguished the other two houses to which he belonged. 27-17

Patent Medicines. THE GREAT REMEDY OF THE FORESTS. STRONG & CS GOOD'S VEGETABLE PHYSANTHROPIC PILLS.

THE Proprietors take this method of making known to the world the most valuable and important discovery ever recorded in the history of medicine.

In testing by chemical experiment, the medicinal properties of a certain plant, which grows abundantly in the Wapucconic River, in Iowa, they discovered that it possessed a healing and restoring power, which, in their opinion, in combination with other remedies, the result of their medical researches, would render it a

Grand Catholicon for a suffering world. The remedial powers of this plant were tested with the least possible delay, and in hundreds of instances, they proved fully adequate to every form, and it is confidently believed that the remedy is destined to produce an entire revolution in the medical world. Facts in their possession fully warrant them in making the astounding announcement, that it immediately surpasses in its power to support and expel disease, every other medicine now known.

This Great Remedy has been administered in order to test its power to cure such numbers of patients, in the most hopeless cases, such as had baffled the skill of the most eminent physicians, and had proved too obstinate to be removed by any of the numerous remedies of the day, and to the permanent relief of almost all the most distressing and painful affections; thus brilliantly triumphing not only over the greatest remedies known to the medical profession, but over all the Pills, Syrups and Panaceas, whose virtues are so loudly trumpeted throughout the length and breadth of the land.

As a General Family Medicine, the proprietors challenge the world to produce its equal. It acts in perfect harmony with the laws of nature, and completely purifies the Blood, a vitiated state of which is the cause of all disease. It has been administered in Asthma, Anemia, Dropsy, Catarrh, Canker, Catarrh, Cholera, Morbus, Colic, Cold, Cough, Consumption, Croup, Cramps and Convulsions, Cancerous Sores and Ulcers, Dropsy, Dyspepsia, Dysentery, Epilepsy, Erysipelas, Enlargement of the Spleen, Fever and Ague, Female Complaints, Fevers of all kinds, Gravel, Gout, Hay-fever, Inflammation of the Liver, Lungs, Kidneys and Bladder, Indigestion, Jaundice, Leprosy, Liver Complaint, Neuralgia, Palpitation of the Heart, Piles, Scrofula, Spinal Complaint, Salt Rheum, Scald Head, Syphilis, Suppression of the Menstrue, Tic Douloureux, &c. The proprietors have yet to learn that it has failed in a single instance of effecting a cure.

As a Preventive of disease, it is entitled to the fullest confidence of the community. An immense amount of suffering, time and money has been saved by a timely use of it. It has already crossed the Atlantic, and measures are now in progress to extend the blessings of this GREAT REMEDY throughout the world.

The proprietors invite the sick to try a single box, and they feel assured that they will be perfectly satisfied with the entire truthfulness of their representations.

Principal Office, 55 Hovary, N. Y. Sold also by G. BALDWIN, Agent, Montrose. Price 25 Cents a Box.

HYER'S PILLS. The American Improved Hygienic Vegetable Medicine.

THESE Pills are one of the best Medical Compounds in use at the present day. As a common family physic, for administration in all temporary complaints of the stomach and bowels, head ache, colds, &c. they may be fully depended upon, and a prompt use of them on the first appearance of indigestion will insure relief. They are perfectly adapted to all cases of weakness and general debility—any derangement of the system, and especially with females—and a steady, uninterrupted use of them, in strict conformity with the directions will very soon restore the organs of the stomach to their natural tone and action, and regulate the bowels, and renovate the whole system.

There is no disposition to give extravagant commendations of them. What has been stated, is the result of actual experience, and with them it is not supposed, or pretended, that they will raise the dead; neither are they designed to be used as freely as we use our soap. Such is not the true purpose of medicine. Its only appropriate office is to assist nature in restoring the system to a proper tone and action, when unable, or through carelessness or excess, to overcome derangement. Many are careless, and neglect the use of them. And the most careful are liable to irregularities of the system, and need less advice to say, that a prompt use of safe and effective remedies, on the first appearance of illness, is the part of wisdom. Such a Medicine the Proprietor knows these Pills to be. And he certifies that in thirty nine cases out of fifty, where a fair trial is made according to the directions, they will be used as a standard medicine. He has never known an instance where they have been thus used, in which they have not met with UNQUALIFIED APPROVAL.

Numerous testimonials may be seen at the General Office of sale, and references will be given to substantial living witnesses of their valuable curative properties.

The Pills are purely vegetable, are of two kinds, stimulant and purgative, purifying the blood, and producing a healthy action through the entire system; are a valuable Anti-Bilious medicine, and eminently useful in all lingering complaints—Weakness, General Debility, Dyspepsia, Pulmonary Affections, Liver Complaints, Rheumatic and Spasmodic Affections, Female Complaints, Palpitations, &c.

No Family, after a fair trial, will be without them. They are put up in FIFTY CENT and DOLLAR PACKAGES, each having a pamphlet containing a valuable Treatise on Diseases, with full directions for use. The Dollar packages may be ordered through Druggists, giving the Street and No. of the General Depot.

Sole, Wholesale and Retail, at No. 140 Fulton street, Second Floor, N. Y. Between Nassau-street and Broadway.

As you value Health—Try them! Agents: BENTLEY & READ, Montrose, E. TIFFANY, Brooklyn, H. Grass, Oranville, Bradford county, and R. C. TRIVERS, Binghamton.
