Arrival of the Hibernia.

The steamhip Hibernia arrived at New

later intelligence from Europe. The whole of Europe still continues in state of great excitement. In spite of the reiterated statements that Denmark and Germaspecting the duchies, up to the last accounts no appearances of a settlement of the dispute were visible, but considerable forces were being marched to the seat of war.

Six hundred then fell during the late insurrection, which was the result of a vast Slave

Polish conspiracy.

IRELAND.—The Great Southern and Western Railway was opened this day week amid great rejoicing. Lord Charendon was present and was every where received with cheers.

Orange men will persist in celebrating the "glo-

Fifteen clubs, says the Cork Examiner, are have been found now established in Cork; their effective number is fifteen thousand.

.The Irish constabulary will, for the future consist of 18,678 effective men, and will be officered by 35 county and 262 sub-inspectors of three classes, and 370 head constables of two classes.

On the 4th Patrick Gogarty was indicted for training and drilling on the 16th April last, Dougherty charged the Jury.

Patrick Gogarty was then put forward to receive sentence, when the Lord Chief Justice, addressing him said. "For the sake of example, for the salvation of others, it is necessary that I should play upon you the heaviest sen-as they were ascertained. tence which the law allows, and the sentence of the court therefore is, that you be transported for seven years."

A warrant has been issued for the arrest of Mr. Martin, the proprietor of the Fclon newspaper on a charge of felony under the new act. fully suggest that the Senatorial District, meet the 4th, to inquire after the subject of their tin lies perdu until the present commission is

There is a very manifest reduction amongst the repealers, in consequence of the frightful date to be supported by the Domocratic parts events in France The Cork Examiner, which has been one of the most energetic organs of the movement party now indignantly repudi-ates any idea of the "physical force" exhibited during the Paris insurrection, and holds out the example of France as a warning to Ire-

FRANCE. The intelligence from the Continent is of a more peaceful and dull character nor to fill the vacancy occasioned by the resignated and found in the character nor to fill the vacancy occasioned by the resignated case though for a few moments, was one of the than we had anticipated, and as far as we can nation of our worthy and deeply lamented Government manning teartuily in mid air. Their than we had anticipated, and as far as we can nation of our worthy and deeply lamented Government manning teartuily in mid air. Their judge from present appearances, it is to Italy tint we must look for the first movement of im-

As to France, matters are assuming even a better appearance than before the late outbreak: and the appointments which have since been made are all looked upon as favorable to the restoration and perpetuity of order.

The rigor usually attendant on the state of siege is now considerably relaxed, and such of the tradespeople of Paris as are not bankrupts have re-opened their shops and bureaux. A notice has been sent to the theatres and places of public amusement by the people that they are authorized to re-open.

M. Lamartine is about to quit France, and travel in the East, accompanied by his lady. The Provisional Government refused to permit

him to go to England.
M. de Chatenbriand died on the 4th inst. The committee of Inquiry into the insurrection having represented that they would not conclude the inquiry for a fortnight, the city is to remain in a state of siege untill the 25th

The funeral procession of the victims of the 23d of June has passed off without accident. It was attended by General Cavaignac, the Minister, and several members of the Assem-

CHOLERA. - Letters say that the cholera has woken out in St. Petersburgh is a violent wm, invading alike the palaces of the rich and boases of the poor. If the fluvial theory is correct, and the fact of the disease remaining in Moscow during the winter months, and now appearing at St. Petersburgh is considered to e a confirmation of it, the scourge may be expeeted in England about next March.

In Moscow the pestilence is decimating th population. In two days, (the 11th and 12th of June,) of 222 patients, 121, or more than one half succambed. It is affirmed, moreover, that the disease hias declared itself in twenty ether governments or districts, in the Southern parts of the empire. . .
