HYER'S PILLS.

The American Improved

Hygeian Vegetable Medicine.

The best general Family Medicine ever known; effective in all complaints incident to the Human System, if timely applied; and approval guaranteed, if used as directed.

THE HYER'S PILLS are purely vegetable, of two kinds—stimulant and purgative—and in their operation effectually aid digestion, thereby securing all the purposes for which food is introduced into the stomach—namely—the proper nourishment of every part of the system; giving consistency and strength to the muscular fibre, purity to the blood, and elasticity and cheerfulness to the temper and disposition: thus demonstrating the proposition laid down in the American Improved Hygeian Vegetable Treatment, that all diseases are essentially the same; and timely attended to, may be cured by the simplest process—correcting and regulating the stomach, or digestion—substantially the source (in derangement) of all disease.

In all lingering complaints—general debility; dyspeptical, nervous, rheumatic and bilious affections, general fever, colds or coughs—all pulmonary affections in their incipient stages; nervous or sick head ache; palpitation of the heart, or irregular pulsation in any form; habitual costiveness—all continued derangement, or obstruction in the system, especially with females—they are recommended with unreserved confidence; a confidence based upon a personal experience with, and an invariably successful use of them as a general family medicine, in the Proprietor's own family, for a period of upwards of sixteen years, and an actual knowledge of their similar use in many other families, and by numberless individuals, during the same period.

No medical compound has ever yet been presented that will leave the system in a better, or even as good, condition as this, under its prescribed use. As a standard family medicine it is at once the *safest, cheapest*, and *mildest*, as well as the most EFFECTUAL in the world; and its prompt use, on the first indication of illness, will invariably save much sickness, as well as great expense. Every family should keep it by them; and no family will, in fact, remain without it, after becoming acquainted with it, and its proper administration.

The Pills are put up in Fifty Cent and Dollar Packages, each containing three boxes—one of No. 1, and two No. 2 pills—with a pamphlet, embracing a valuable of estise on disease, and full directions for the use of the Medicine.

☞ The Half Dollar package contains between *eighty* and *ninety*, and the Dollar package from *two hundred and ten to two hundred and twenty* Pills! rendering them the *cheapest* preparation extant!

Great Scotch Medicine!

THE EDINBURG BLOOD PURIFIER.

And Health-Restoring Mixture.

FOR THE CURE OF

Consumption, liver complaint, kidney affections, dropsy, Scrofula, chronic, rheumatism, dyspepsia, general debility, want of energy, female complaints, fever sores, Ulcers, syphalis, bone diseases, swelling of glands, Asthma, corupt humors, spinal affections, costiveness, Erysipelas, lung complaints, bronchitis, coughs, colds, Nervousness, strictures, piles, weakly children, lumbago, gout, Mercurial diseases, etc., and all diseases arising from impurities of the Blood.

Put up in Large Bottles.

A more remarkable health restoring medicine, was never before discovered. This great compound is the result of seven years unremitting labor, research, and experiment, of that profound and scientific medical scholar, Dr. James Bosworth, M.D., professor in the Edinburg Medical Institute. It has become the Highlander's universal panacea; he hedps it always in his house, as a preventative or as a physician when disease, in any of the above forms has made an attack. It soon became known, and exceedingly popular, after its introduction, for from an account of it, published in Chamber's Edinburg Journal, it reached the unprecedented sale of 357,000 bottles in the two first years. This great health restorer was first introduced this side of the Atlantic by Dr. Julian Demont, of Halifax, who had travelled in Europe on a professional tour, and became acquainted with its remarkable virtues while visiting the various hospitals, in all of which it was made a standard remedy. It is highly recommended by physicians and gentlemen of the highest standing in this country, who have used it and possess a full knowledge of its operation. So celebrated has it become, that it has now reched the enormous weekly sale of over

10,000 BOTTLES.

DISEASES OF THE BONES are brought directly under its influence. In the years 1846—'47, in the Highlands of Scotland, *when bone diseases greatly prevailed*, this medicine cured over 3,000 said cases which were reported to the Edinburg college of health. There is not a family of any ability in Scotland who would suffer itself to be a week without this medicine, because of its justly acquired reputation as a LIFE PRESERVER, and the College have for the last year received such liberal donations as will pay for the first cost of supplying those poor worthy families who are shown to be unable to procure it. During the same two years, also, were reported to the College as having been cured by its unrivalled medicine, as shown by the College Register,

825 cases of chronic rheumatism,
6062 cases of general debility,
5208 cases of Female Complaints, of all kinds,
4718 cases of dyspepsia,
4567 cases of scrofula,
3200 cases of liver complaint,
2732 diseases of Kidneys and dropsy.
497 cases of consumption.

The most noted Physicians and our Agents in all parts of the United Kingdom, are daily sending in certificates of the most singular and even surprising cures performed by this medicine—of cases of diseases of the Blood, such as Fever Sores, Ulcers, Erryspilas, Pimples on the face etc., together with numerous cases of sick and nervous headache, pains in the side and chest, spinal affections, etc.

To Mothers.

This medicine, as was remarked by Daniel O'Connell on witnessing its wonderful effects in restoring to health an acquaintance of his, who had not been able to leave her room for three years, "is destined to work a revolution in the physical well-being of females! It holds the same relation to Woman that Father Mathew does to the Irish People—it is their regenerator and preserver."

It traces the system—assists the Natural energies—purifies the Blood—invigorates and strengthens the whole person—in a word gives new vigor and tone to the whole system.

Weakly Children.

The Edinburg Blood Purifier seems peculiarly adapt ed to restoring to health weakly children. Mothers of delicate constitutions, too should not neglect the use of this medicine previous to childbirth, as it invigorates the system and prepares it to meet that important event, and in many cases prevents, as otherwise might be the case, the giving birth to weakly children.

The Grand Purgative,

For the cure of Headache, Giddiness, Measels, Salt Rheum, Rheumatism, Ins. Heartburn, Worms, Dyspepsia, Scarvey, Cholera Morbus, Small pox, Jaundice, Coughs, Quinsey, pains in the back whooping cough, inward weakness consumption, fits, palpitation of the heart, liver complaint, rising in the throat, erysipelas, deafness, dropsy, asthma, itchings of the skin, fevers of all kinds, colds, gout, gravel, female complaints, nervous complaints. And a variety of other diseases arising from impurities of the blood, and obstructions in the organs of digestion.

Experience has proved that nearly every Disease, originates from impurities of the blood or derangements of the digestive organs; and to secure health, we must remove those obstructions or restore the blood to its natural state.

The system in taking medicine is most effectually removed by CLICKENER'S Vegetable Purgative Pills, being completely enveloped with a coating of pure white Sugar (which is as distinct from *the internal ingredients as a nut shell from the kernel* and have no taste of Medicine, but are as easily swallowed as bits of candy. Moreover they neither nauseate or gripe in the slightest degree, but operate equally on all the diseased parts of the system, instead of confining themselves to and racking any particular region. Thus, if the Liver be affected one ingredient will operate on that particular organ, and by cleansing it of any excess of Bile restore it to its natural state. Another will operate on the blood, and remove all impurities in its circulation; while a third will effectually expel whatever impurities may have been discharged into the stomach, and hence they strike at the root of disease, remove all impure Humors from the body; open the pores externally and internally; separate all foreign and obnoxious particles from the chyle, so that the blood must be thoroughly pure—thus securing a free and healthy action to the Heart, Lungs and Liver; and thereby they RESTORE HEALTH even when all other means have failed.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in restoring Health that the proprietor binds himself to return the money paid for them in all cases where they do not give universal satisfaction.

Retail price, 25 cents per box. Principal Office No. 66 Vesey street, New York.

☞ *Remember Dr C. V. Clickener* is the inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in, July, 1843, *purchasers* should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no others, or they will be made the victims of a fraud.
