

THE DEMOCRAT

C. G. HENSTAD, Editor.

Montrose, October 12, 1848.

For President, GEN. LEWIS CASS.

For Vice President, GEN. WM. O. BUTLER.

Susquehanna Erect!

Bring out the Big Guns!! 550 majority for Longstreth, and 1500 for Wilmot!

The battle is over and the day is our's. Old Susquehanna has recorded her verdict in tones potent with terror and dismay to the allied forces of Whiggery and faction.

On Governor, we own, the Whigs, with their Abolition allies, by their secret, adroit management, have, from present indications, cut down our majority a few votes from last year, which is exceedingly unpleasant to think about;

Our County ticket, (or some candidates on it) it will be seen from the returns we give to-day, has met with rather harsh treatment in some of the townships, which should have been the last to have carried and used the assassin's dagger as they have done.

On the whole, (having this one thing) we feel very well satisfied with the verdict of good old Democratic Susquehanna.

Of course we are not able, as yet, to chronicle the result of the election throughout the State, as the returns, except from three or four neighboring counties, have not yet had time to reach us.

The result. Of course we are not able, as yet, to chronicle the result of the election throughout the State, as the returns, except from three or four neighboring counties, have not yet had time to reach us.

At this writing, we are full of hope of a complete victory. There is said, however, to be a report in town in possession of some of the Whigs, (or rather a slip from the Whig press in Birmingham,) in which it is stated that Johnston has received large gains over the Irvin vote of last year in some of the Western and Southern Whig strong holds, such as Erie, Allegheny, Harrisburg, &c., but we place no confidence in it whatever.

A report from Southwark district, (Philadelphia) the hot-bed and stronghold of Nationalism, and where, if anywhere, we expected the "ding-bats" on Governor, gives Johnston only about 800 majority. Marle's majority in 44, with the same Native and Whig coalition, in his favor, was over 1100. This doesn't look much like Whig gain.

The Register of last week devoted almost its entire column to the vindication of the bolters of this county, and low, scurrilous blackguardism of itself, both of which is expected from such a source, and either of which is totally beneath our notice.

Only Three Weeks More.

Well Democrats of Susquehanna, we must return you our warmest congratulations for the victory you have just achieved. You have done nobly and well. But you must not rest here. There is yet another duty for you to perform, which you must not evade or neglect.

We say we know this—we have it, inadvertently, from some of their own mouths. Why then will you indirectly aid them to triumph over us? We are persuaded you will not; that although some of you may not think Gen. Cass strictly correct on one item only in what we regard as the Democratic creed, you will not be so foolish as to abandon all the remaining principles and measures of the party by indirectly aiding their political antagonists.

As patriots and as Statesmen our candidates have few equals and no superiors in the nation—this all admit. On all national questions which separate the parties, except perhaps one, they are correct even in your imagination.

GO TO THE LEFT.—T. S. Lambert, M. D., of Brooklyn, L. I., has commenced a series of Lectures on Anatomy and Physiology in this Village, which are of surpassing interest.

The "Bradford Democrat" is the title of a piratical sheet hailing from Towanda, and purporting to be edited by Hiram A. Beebe, (or "Saw Buck," as he is familiarly known for having been bought and sold so often in Bradford county.)

We can assure the corrupt clique that got up that paper with money that was furnished by the South, and provided at Washington, that we feel ourselves above the reach of their vile aspersions at home where we are known, and where the People have sustained us with an almost unparalleled unanimity and enthusiasm.

WAITING ACADEMY.—Mr. O. Sackett, from Utica, N. Y., as we have before mentioned, has been teaching an Academy for Writing in this village, which has been very extensively patronized, and we understand given the best satisfaction. His second and last term for the present closed on Tuesday last. We trust he will find hosts of patrons wherever he may go.

We have omitted to acknowledge, the receipt of the September and October numbers of the Physiological and Water-Cure Journals, both printed by Fowler & Wells, 151 Nassau-st., N. Y. They are both highly useful and interesting publications, furnished in monthly numbers at the nominal sum of \$1 each, per annum.

Try again, Good Sir!

Several articles appeared in the Taylor sheet of this town last week, ostensibly editorial, (but some of which we have reason for suspecting were written by a certain legal appendage of Bill Johnston's accidental administration, located in this place) one of which has the merit of reckless if nothing else.

So much, then, for Federalism in this State. Now for a few of their acts when that party had control of the affairs of the nation. Federal editors never revert to what the Federalists have done, but tell us what they will do. We shall therefore recount a few things they did do.

1. During the administration of the elder Adams they passed the "Alien Law" to drive from the country men whose opposition the President desired to get rid of.

2. They passed the "Sedition Law" to muzzle the press, and destroy the freedom of speech.

3. They established, in 1800, a Bankrupt Law, which, like that of 1841, was a fruitful instrument of fraud and injustice.

4. They attempted to elect, in the House of Representatives Aaron Burr, an apostate traitor, instead of Jefferson, a pure patriot, who was clearly indicated as the people's choice.

5. After Jefferson's election, as well as before it, they slandered him night and day, with out measure; decency or reason.

6. They opposed all Jefferson's measures, though they were wise, just and necessary, and more especially laid themselves out to thwart him in his efforts to make England do us justice.

7. They entered into a conspiracy to dissolve the Republic, and place the Eastern States under the protection of England.

8. They got up the Hartford Convention, and approved of its treasonable purpose.

VAN COUN'S DERIVATION FOR SEPTEMBER

October have both been received. It is an excellent work of the kind, containing, in addition to its replete Bank Note list, fac-similes of every variety of Gold and Silver Coins of the known world.

Senator Dickinson, in his speech in Congress, declared that "the Constitution gave Congress no power to restrict slavery in the territories." He also voted for the Oregon Bill, Wilmot Proviso and all.

Slots that Tell. The following capital "wind-up" of an article from the Carlisle Volunteer upon the "acts and atonings of the Whigs in days gone by," are really worth perusal.

Gen. Taylor's Speculation in Slaves.

We do not think any worse of Gen. Taylor because he hold slaves. The fact that a candidate possesses that species of property would have no consideration with us in determining the question whether or not to support him.

Since Gen. Taylor's return from Mexico, he has also purchased slaves. In May last he purchased, in the name of his son, Richard Taylor, four slaves of W. M. Williams.

17. They attempted to establish another United States Bank, although they knew that the former were mere engines of corruption.

18. They established a Bankrupt Law, by which it is estimated, that honest creditors were cheated out of five hundred millions of dollars.

19. They quarrelled with the President of their own choice, because he stood between them and the Constitution to save it from violation.

20. They were anxious for war while the country was at peace.

21. After war had been declared, they denounced it as "unconstitutional, unholy, and damnable," and urged the Mexicans never to yield.

22. After hostilities had commenced between the United States and Mexico, Federal editors and orators, from the greatest to the smallest, expressed the hope that our brave troops might receive a welcome with "BLOODY HANDS TO HOSPITABLE GRATES!"

single purchase! Transferred as "cattle in the market" to the great Anti Slavery friend-of-the-Wilmot-Proviso Whig candidate for the Presidency! Where is Thomas Ewing? Where is Thomas Corwin? Where is Thomas Delano, who is soon to take the stump with Corwin for Taylor? Where is Thomas Galloway, Secretary of State, and where all the other Whig Thousands of Ohio, who have rung the "moral pestilence of slavery" into Democratic ears for years past, because they would not make as ally packages of themselves as these Whig leaders were about doing? A little more grape Capt. Bragg! a few more "Little Anns and "Big James" "to have and to hold," and the Whig dough will be perfectly baked!

Senator Benton and California. The following remarkable letter from Colonel Benton to the people of California says the National Era, will be read with great interest.

NEW ORLEANS, Aug. 4, 1848. DEAR SIR: I herewith transmit to you a copy of the deed of sale from John Hagar, Sr., to General Taylor, of a plantation, horses, slaves, &c.
