ONE OF THE PEOPLE.

The following is an extract from Gen. Irvin's speech upon the Tariff when the subject of taxing tea and coffee was under consideration:

"Sir, I agree with the honorable chairman of the Committee of Ways and Means that it is necessary to raise additional revenue; that the finances of the country require it; and I am as much in favor of providing ways and means to meet the current expenses of the Government, and also to provide for whatever deficiency now exists, as the honorable chairman or any other member now on this floor. But, sir, I differ in opinion with the committee who reported this bill, respecting the propriety of levying a tax on some of the articles contained in this bill.

"Sir, I believe the true and correct policy of this Government is, to raise sufficient revenue by import taxes, as being the least onerous and burdensome to the people; but, in doing so, we should select such articles in the first place as come IN COMPETITION WITH THOSE PRODUCED BY OUR OWN CITIZENS, and if we cannot raise sufficient from them, then take articles of *luxury*, or such as do not come into *general use*, and are not required or consumed by the *great portion of the people*; but it would only be in the *last resort* that I would consent to levy an onerous and burdensome tax upon articles that have come into *general use in almost every family*, whether rich or poor throughout our whole country. SIR, I CONSIDER SUCH A SPECIES OF TAXATION IMPOLITIC, UNWISE, AND UNJUST. Why, sir, is it not impolitic in an administration just coming into power, after professions of relieving the people from their difficulties, to propose a burdensome tax upon them, as one of its first measures? Why, sir, is it not unwise to bring this measure upon the people at the present time? Why not wait until the regular session, when there would be time for a fair investigation into the tariff system, and such regulations made as might be satisfactory? It cannot be possible that the Treasury is in such a wretched condition that an able financier could not carry on the operations of Government for a few months WITHOUT THIS TAX ON COFFEE, AND TEA. AND IS IT NOT UNJUST TO TAX THE POOR MAN, WHO LABORS FOR THE SUPPORT OF HIS FAMILY, AND EARNS FROM FIFTY TO SEVENTY-FIVE CENTS PER DAY, AS MUCH AS THE MAN WHO OWNS THOUSANDS? I feel satisfied, if this bill becomes a law, that hundreds of poor families in my district will have to pay more of this tax than those who are comparatively rich. Sir, the articles of COFFEE AND TEA have become among all classes, but especially among those who live in towns, and at manufacturing establishments, NECESSARY ARTICLES OF LIFE, and subsitituted by a great many in the place of milk, as being more easily obtained, and even cheaper. Then, why should we OPPRESS this class of people more than they are at present? Why increase their BURDENS? Does this bill hold out any relief to the laboring class of the community? None—none whatever.

"Sir, it is well known to you and to other honorable gentlemen on this floor, that, owing to the embarrassed and crippled condition of business, for the last two or three years particularly, it has been with great difficulty the manufacturing interests of the country have maintained themselves, and if it had not been for the bountiful crops with which this country has been blessed, and the cheapness of living, many that are yet struggling along must have ceased to exist. But now sir, just on the eve of another reduction of duties, which takes place at the close of the year, and even now is operating in anticipation upon the whole business of the country, you propose a *tax* to be levied on this suffering people of from one and a half to two millions of dollars.

"Sir, for one *I cannot give it* MY SUPPORT. I came here expecting to assist in carrying out measures calculated to *relieve* my constituents, not to *burthen* them. I WILL NOT LEND MY AID TO PRODUCE THE LATTER."

The following is extracted from the Journal of Congress and attested by the hand and seal of the Clerk of the House:

On the 16th July 1842, the House proceeded to the consideration of the Bill.

At page 1094 of the House Journal, it appears the Committee of the Whole amended the second article of the eighth Section of the original bill imposing certain duties on Tea. The last clause of the amended article reads as follows: 'Provided that the duties herein imposed on Tea and Coffee shall continue in force for the period of three years, from and after this law goes into operation and no longer.'

The House Journal then continues the history of the proceedings.

'And after amending the article as above, the Committee of the Whole amended the Bill *by striking the article therefrom altogether.*'

'And on the question that the House do concur with the Committe of the whole House in *striking out the said article.*'

It passed in the affirmative—yeas 118, nays 70.

The yeas and nays being desired by one-fifth of the members present, those who voted in the affirmative are—Elisha A. Allen, Thomas D. Arnold, Archibald Harrington, Charles C. THE PRESIDENT returned to Washington on Wednesday night. The Union says:

"We are happy to say that the President returns in good health and excellent spirits, improved by the comparative relaxation he has enjoyed, and not exhausted by the fatigues he has undergone. He returns, too, delighted with the cordial reception he has every where enjoyed, with the liberal spirit of a free people, and with the brilliant signs of the prosperity which he has every where witnessed—anxious, and, we have no doubt, better qualified, to dedicate his time, during the remainder of his administration, to the discharge of the duties of the office, which has been so highly honored in him, and to the good of a country which calls forth all his gratitude and all his attachment."

Captain Walker and the Guerillas.

PEROTE, (Mexico,) June 9th, 1847.

We have quite lately been engaged in several very dangerous scouts—at least they might be so, if these cowardly dogs were not so easily frightened at the talismanic name of Walker.

We attack towns with 5000 inhabitants. On Wednesday last we went on a scout of this kind to a town called Riconada; there were but sixty of us—we charged into it at a run, and you never in your life saw such a scampering of *cowards*. This place was twenty miles from Perote. We left there at 12 o'clock, to beat up a swamp where some mule-drivers had been murdered. Before we arrived at the place we met with three or four Mexicans, and with them one of the men who was with the murdered party.—They had tied him and went in pursuit of the other two, and while they were absent he untied himself with his teeth and escaped. They told us where the murdered men lay. We marched forward in double quick time, and when we arrived at the swamp, there they lay, sure enough, stripped entirely naked, and chopped and mangled in the most horrid and savage manner. The man who escaped said there were seventy of the murderers, each armed with a pistol and hatchet, and that they went into a rancho or town some distance from here. We returned to it, and made them feed us and our horses, and at one o'clock in the morning charged into the rancho and took every d—l of them. I was sent round the town in search of skulkers; I found several—two of them were ploughing with oxen, and I drove them from their ploughs—thinking at the same time that twenty of them would not drive me from mine in Baltimore county. We marched just our own number (nineteen) into the castle, prisoners. This was about twenty miles from La Puebla.—*Correspondence of the Balt. Sun.*

AN IMPORTANT CURE BY DR. YANE'S ALTERATIVE.

We have been informed by Mrs Mahan, (a granddaughter of old Gen. Wayne) that she suffered several years from the growth of a large Goitrous Tumor, which besides great deformity, produced both a difficulty of deglutition, and of breathing. Indeed, she says, the pressure upon the wind-pipe was so great, as to prevent her from sleeping in a recumbent position, and often suffocation appeared inevitable. She also labored under severe indisposition from LIVER COMPLAINT and JAUNDICE, with a horrible train of nervous affection, for which she used Dr. JAYNE'S ALTERATIVE, which she took regularly for six or seven weeks, with occasional doses of his Sanative Pills, and her general health was thereby completely re-established, and now perceiving some diminution in the size of the Goitrous Tumor, she was encouraged to persevere in the use of the ALTERATIVE, until every vestige of the painful Tumor was removed.

We cannot speak too highly of this important preparation of Dr. Jayne, and for the sake of suffering humanity, hope that it may become more generally known.—*Public Ledger.*

WORMS! WORMS! WORMS!

To remove those troublesome and dangerous inhabitants of the stomach and bowels, which so often impair the health and destroy the lives of children, use JAYNE'S TONIC VERMIFUGE, a certain and safe preparation for the removal of the various kinds of worms, dyspepsia, sour stomach, want of appetite, infantile fever and ague, and debility of the stomach and bowels and organs of digestion. It is without exception one of the most valuable preparations in the world.

Prepared only by Dr. D. Jayne, Philadelphia, and sold on agency by N. Mitchel & Co., Druggists, Montrose.

DEMOCRATIC REVIEW.

Greatly Reduced Price—From $5 to $3 per annum.

Enlargement of the Number by one fifth the reading matter.

SINGLE COPY 25 CENTS.

PROSPECTUS OF THE TWENTY-FIRST VOLUME.

In commencing the Twenty-first Volume of the Review, we acknowledge the continuance of a liberal patronage on the part of the public, and an enthusiastic response from the Democratic ranks, to those great principles of National Policy which it is our endeavor to elucidate. We have entered into extensive arrangements for a great variety of novel and interesting matter, that will add to the attraction and value of the new Volume.

First—We have engaged for *exclusive* publication the "Souvenirs of the Life of General Count Montholon," beginning with his first campaign under General Dumourier, at the commencement of the Great French Revolution of 1789, and closing with his late imprisonment with Prince Louis Napoleon Bonaparte at Ham. It will comprise the most *extraordinary* revelations of the wonderful epoch he has lived and acted in that has ever been given to the public: disclosing singular traits of the private life; intrigues, political and amatory; secret negotiations, &c., of all the Sovereigns, chief Ministers and Marshals, with the vividness and variety of a briliant panorama, around the great central luminary, Napoleon.

Second—We are in treaty for a remarkable work on England, to be published *exclusively* in the columns of the "Democratic Review." This may be counted as forthcoming.

Third—We shall shortly begin the publication of the Railway and Steamboat Impressions of the *Baron de Boigne*, now travelling in this country. He is esteemed in Paris as one of the most brilliant writers of the day.

Fourth—We have contracted with foreign writers of great ability, and enjoying exclusive opportunities, for occasional *Reviews* of the politics and literature of Europe.

And last—We shall give from time to time some able papers from our own more distinguished writers.

The accustomed featnres of the Review will be continued, including PORTRAITS and BIOGRAPHIES of DISTINGUISHED DEMOCRATS, men whose patriotic principles and steadiness of principle have won the confidence of the people.

We have to remind our readers that the low terms on which we furnish the Review can be maintained only by the payment of the SUBSCRIPTIONS IN ADVANCE, and that the expenditure incurred to improve the work, can be met only by the prompt remittance of subscriptions.

The publication of the Review has been committed to the charge of Mr. JOHN W. MOORE, who has been connected for the last eight years with the publishing department of the "*Merchants' Magazine*," and whose influence and well known energy will no doubt exert a favorable influence on the business, &c. of the Review.

All subscriptions and letters of business, will hereafter be addressed to JOHN W. MOORE, Office of the Democratic Review, 170 Broadway.

Editor Democratic Review.

Recommendations.

We have tried the Teas imported by the Pekin Tea Company, 75 & 77 Fulton st. New York, and if we live will try them often. They are selling the most delicious teas we ever drank, and retail them at wholesale prices.—*Evening Post.*

You may be sure of obtaining at all times pure and highly flavored teas, by the single pound at wholesale prices, of the Pekin Tea Company, 75 & 77 Fulton st. They have probably the largest stock, and greatest variety of fine green and black teas, of any one establishment in the United States. They are doing a large business, and a great benefit to consumers of tea.—*Atlas.*

Herctofore it has been very difficult, indeed impossible, to always obtain good green and black teas. But now you have only to visit the ware-rooms of the Pekin Tea Company, 75 & 77 Fulton street, to obtain as delicious and fragrant teas as you can wish for.—*Daily Sun.*

A WORD TO TEA DRINKERS.—The Pekin Tea Company 75 & 77 Fulton st., have imported into this market some five thousand dollars worth of the finest grades of Green and Black Teas, grown in the Celestial Empire, done up in the various fancy packages that Chinese ingenuity can invent. They sell good teas only, and retail them at wholesale prices. Country merchants who wish to always sell good teas can *always* obtain them at this place, on reasonable terms.—*Emporium.*

TEAS! TEAS!

AT NEW YORK PRICES.

MONTROSE AGENCY

OF THE NEW YORK

CANTON TEA COMPANY.

THE OLDEST TEA ESTABLISHMENT IN AMERICA! PRINCIPAL ESTABLISHMENT IN NEW YORK.

THE CANTON TEA COMPANY has been popularly known for many years. This is the largest and oldest Tea Establishment in America. The public have had full proof of their integrity and responsibility. But such has been the great and pressing demand for their TEAS of late, that they have been obliged to enlarge, to a great extent, their two principal establishments in New York, viz:

125 *Chatham* & 163 *Greenwich Sts.*

They moreover possess facilities, in relation to the Tea Trade, in a very abundant degree, and doubtless superior to any other Tea Concern in America. Their scrupulous regard to all principles that tend to elevate the character of a large house, is well understood, and has already secured them a connection, probably, larger than all other Tea Establishments united, and consequently they are determined to sell Teas *purer, more fragrant, and perfect* for the *prices*, in the aggregate, than any house in the world—China excepted.

They respectfully invite the attention of the inhabitants of Susquehanna county, to their Agency in Montrose, where the following assortments are always on hand; and they feel no hesitation in stating, that whorever a single trial is made, a very decided preference is given to the celebrated Teas of the CANTON TEA CO.

☞ Reader make the experiment.

☞ TAKE NOTICE!—THE CANTON TEA COMPANY are the *exclusive* vendors of that superior Black Tea called "HOWQUA'S MIXTURE."—They introduced it in America in 1840—and every other person or house professing to sell the same at all—much less at a lower price—deceive the unwary, as the public themselves will perceive, by comparing the spurious with the genuine "Howqua" vended by the Canton Tea Company.

Every package (in addition to its containing FULL WEIGHT, independent of the wrapper,) bears the stamp of neatness and elegance, and the Teas therein are so thoroughly secured from light and air, that their quality and power will remain unimpaired in any climate.

HOOPING COUGH AND CROUP.

☞ To PARENTS.—JAYNE'S EXPECTORANT, is without exception the most valuable preparation in use, for the above diseases. It converts Hooping Cough into a mild and tractable disease, and shortens its duration more than one half, and produces a certain and speedy recovery. From half to one tea spoonful, will certainly cure Croup in infants and young children, in half an hour's time. The lives of hundreds of children will be saved annually, by always keeping it on hand ready for every emergency.

BOWEL AND SUMMER COMPLAINT.

Dr. JAYNE, No. 8 South THIRD Street, is willing to guarantee that his CARMINATIVE BALSAM will cure Diarrhœa, Colics, Cramps, Griping Pains, Cholera Morbus, Summer Complaint, and other derangements of the Stomach and Bowels, in ninety-nine cases out of a hundred, and in less than half the time than can be effected by any other means.

It is extremely pleasant, and children are fond of it. It is equally as effective for adults as for children, and when the directions are followed, and a cure is not effected, the money will be cheerfully returned. Price 25 and 50 cts. a bottle.

ANOTHER PHYSICIAN'S OPINION.

The following additional testimony in favor of Dr. JAYNE'S MEDICINES has recently been received from a physician of high standing in Lauderdale Co, Miss., under date of August 9, 1846:

"Dr. D. Jayne—Dear Sir—I am intimately acquainted with some of your preparation, and can safely recommend them. Your Expectorant and Carminative Balsam I have used extensively in my own practice, and I state unhesitatingly that I have used no article, or combination of medicines, that have better answered the purpose for which they were prepared than the above, &c.

W. W. JOHNSON, M. D.,
Lauderdale Co., Miss."

Prepared only by Dr. D. Jayne, Philadelphia, and sold on agency by N. Mitchel & Co., Druggists, Montrose, where may be had the AMERICAN HAIR DYE, warranted to change the hair to a beautiful Auburn or perfectly Jet Black, without staining or irritating the skin.
