Gev. Caleb Cushing has been nomanated as the Democratic candidate for Governor of Massachusetts.

We found a slip of paper header "Liberty Ticket" in our office this morning, without knowing from whence it came, or whether it be correct. If Liberty Party men do not deem their nominations of sufficient importance as to hand in their notice by daylight, or at least to affix to it some name, we ought not to publish it; but presuming the notice to be all right, we give

The Philadelphia "Spirit of the Times and Keystone" holds the following sound doctrine in regard to Caucuses and Conventions for designating to the people the persons for whom they must vote:

"The people are becoming dissatisfied with Caucuses and Conventions, as hitherto constituted; these self-constituted bodies are justly odious and cannot go out of fashion a moment too soon. We must devise some mode which perfectly harmonizes with the great principles of Democracy-with the true doctrine of equal rights. The people must have a voice in selecting their candidates; they will not much longer be satisfied with merely going to the polls to ratify the doings of others.

"Under the present caucus system in various parts of the country, but very few of the sovereign people generally take any interest in the matter. The business is usually managed by a small number of interested individuals, who make the nominations to suit their own particular views; all that is left for the people to do is to go and vote. The Eight Wonders of the World! The people should make all the nominations

"THEY ARE PASSING AWAY."-It is our painful duty to record the death of Major William Popham, whose services in the war of independence are gratefully acknowledged by the whole nution. In addition to being the oldest commissioned officer of the United States, he held at the time of his death an office which the immortal Washington filled, viz: the Presidency of the Society of the Cincinnati. He died vesterday morning at the advanced age of ninety-five years, and his funeral will take place this afternoon from his late residence, No. 122 Waverly Place, at half past five o'clock, and will be followed to his last resting place by the members of the society of which he was president at the time of his death, and a arge concourse of sorrowing friends .- N. A BAD OFFICER.—A correspondent of the New Orleans Delta gives the following account of his occurrence which transpired just before the late battles, and which shows how much victory depends upon good offi- NOW being opened at the STORE of

Yesterday, the 13th ult., a detachment of dragoons, under the command of Lieutenant Adde, were sent to escort Lieut. Hamilton, of the general staff, to a small place called Mileflores, whither Lient. Hamilton had been despatched, by Gen. Scott, on matters of business. The command of dragoons consisted of about 30 of Capt. Duperu's company, and 13 of Capt. Kearney's company, with Lieut. Graham. As the party were returning, they were fired upon by a party of guerrillae, 300 in number, from a cornfield on the road side. At the first fire the word " retreat" passed from front to rear, and the third dragoons, who were under the command of Lieut. Adde, commenced a precipitate retreat. Lieut. Grahum, with his 13 men, were in the rear, and, as mon as he saw the situation of Lieut. Hamdon, rushed to his assistance, at the same time endeavoring to rally the third dragoons is they passed him, but without effect. He, therefore, had to bear the brunt of the enfagement at the commencement, or leave heur Hamilton at the mercy of the guerril las. However his gallant command stood their ground, and speceeded in holding the enemy in check until Mr. Garcia one of Gen. Scott's interpreters, was enabled to raithe third draggons and come to his assistance. After these who had been brought back were properly commanded, they fought with as much gallantry as those who had never moved an inch—thus proving that good officers are as processes; as good men. The engagement lasted some time, and the hre from the enemy was very rapid. Lieut Hamilton was attacked by several lancers, and before assistance could be rendered him he received a severe wound.

The enemy was finally driven from the

goons, killed ; and 2 Mexicans who were with the command as guides, wounded. The lat dragouns also had two very fine horses killed. Had the command been

Lieut Adde is under arrest for cowardice and distionarable conduct in the face of the enemy. The charge and penalty are very severe, and will be properly investigated.

CURES! CURES! CURES! tre constantly be-CURES! CURES! CURES! are constantly being performed by Dr. Janyne's Family Medicines. Mrs. Sabra, wife of Capt. John Dunham, Galbraith. Court No. 6. Philddelphia, had a very bad cough, soreness of the breast and side; fore throat, costive habit, lowness of spirits, with weakness and pain in the small of the back. Spitting of blood and liver complaint has been estirely cured by using Doct. Jayne's Sanative Pills, Alterative and Expectorant. From the Great Falls, (N. H.) Northern Light.

To it is with pleasure that we give place to the ollowing letters from Mr. Ira Huckins, of Tamworth, who was supposed to be past cure of a Con-minution, but was restored to health by the use of Dr. Jayne's Expectorant. We can speak with con-fidence of this medicine, as we know of many of our friends who have been greatly benefitted by it.

friends who have been greatly benefitted by it.

Tamworth, N. H., Dec. 10, 1845.

Dear Sir—I feel it my duty to make known to you, for the benefit of the public, the aid I received from the use of a bottle of Doct Jayne's Expectorant, which I purchased of you. I had been sick between five and six months, caused by the lung fever, which left me in a very low state of health, with a very bad cough, and for about three mouths I could only speak in a whisper My friends all thought me to be in a dectine. My physician said he had done all for me he could, About this time I fortunately saw advertised in the papers, Dr. Jayne's Expectorant, for sale by you. I immediately sent to you for a bottle, and in two days after using I began to feel better—in about ten days I recovered my voice and could speak tolerably well—and before using the whole bottle I was nearly as well-as ever. My health is now good. I attribute my cure solely to Dr. Jayne's medicine.

He has just received the Latest Fashious from the City, and I am not going to wait until everybody else is suited and come out second best; you know that won't do, for I am a man of as good taste as anybody, and Groves is just the man to suit me. I have heard the most of folks say that he can cut a coat to fit any one, whatever may be his shape. Do you believe it? Yes-or what everybody says must be true. A true system of cutting disclaims all foreign aid—all violation of Nature's laws, and stands upon its own intrinsic merits. Why, I tell you he is as sure as the four first rules of arithmetic. Well, then, after your recommendation, I will have him cut out my cloths—for I have always had such tarnal bad luck. Montrose, July 1, 1847. 55yl NATURE'S OWN REMEDY! THE INVALID'S
BEST FRIEND! It is confidently asserted
that there never was a medicine which has given such uniform and universal satisfaction, as WRIGHTS INDIAN VEGETABLE PILLS.

They have stood the severest trials, by curing when all other remedies have failed, and have established a reputation in the face of the envious slanders which have been raised against them. SPRING, SUMMER, FALL AND WINTER, each produce, by their variations of temperature, peculiar effects upon the human body. The heat expands, and the cold contracts the volume of circulating fluid, and when changes take place suddenly, the effects are often serious. Wright's Indian Vegetable Pills counteract the evil influence of such changes by purificiently. changes, by purifying the blood, and keeping the stomach and bowels in a natural and healthful con-

FOR FEVER AND AGUE, that scourge of the FOR FEVER AND AGUE, that scourge of the west, Wright's Indian Vegetable, Pills stand unrivaled. An instance has never come to our knowledge of these Pills having been taken, without effecting a complete cure. In Chills and Fever the bilary functions are chiefly disordered, superinduced by great physical debility. When the symptoms first appear, no time should be lost before resorting to hese Pills. A few days will give such relief that no persuasion will be necessary to continue the use

of them.

FOR DYSPEPSIA, Wright's Indian Vegetable
Pills will be found very superior. In this disease,
the gastric juice is weak and deficient in quality. Consequently the digestion is imperfect and the health impaired. These Pills remove the bile from the stomach, restore its tone, and improve the di-

gestion.

FOR JAUNDICE—Wright's Indian Vegetable Pills are equally well adapted for the removal of this complaint. As they operate upon the one general and uniform principle, of cleansing the stomach and bowels, purifying the blood, and rectilying by secretious, they remove the cause of Jaundice, and of all other disorders.

GREAT FEMALE MEDICINE.—It would be difficult precisely to tell to which of the two leaves.

difficult precisely to tell to which of the two sexes Wright's Indian Vegetable Pills have been the great est blessing. But it is very certain that these Pills have given health, spirits, and a good complexion to hundreds of females, who would, without them have been in their graves. A box of Wright's Indian Vegetable Pills is an inestimable medical companion at certain periods.

HEADACH, GIDDINESS, Sec.

The presence of pain in any part indicates a corrupt state of the blood, which nature is striving to correct. A few doses of Wright's Indian Vegetable Pills taken on going to bed will be certain to give relief, if the thing be at all possible.

VALUABLE ANTI-BILIOUS MEDICINE.—It

is well known that the south and west suffer more from bilious disorders than from all others combin ed. This is partly, owing to the climate, but chiefly to the nature of Southern and Western life. The senations accompanying Liver complaint are of the most wretched description. Habitual drunkenness is frequently brought on by liver complaint. A patient suffering from this disease should not be mode ed with pretended cures; yet there are a very few medicines worth a straw in the removal of this complaint. Calomel has hitherto been the chief reliance, but the remody has proved fittell worth than the disease! What then shall be done? We say give Wright's Indian Vegetable Fills a trail. If they do not exceed your aspectations, was will bear all the opproblem of failure. And we say to all TRY THEM!—There is no risk, run-no, money thrown away you are certain of beself.
