ity of bringing Mexico to terms, we must contribution required to constitute member- the approaching Fair. It is earnestly denow anticipate the necessity that must at him and a fifty cents, sired also, that all classes of our citizens will some future period arise of occupying the whole country in perpetuity.

To have insisted upon such a step hitherto, would have been unwise and impolitic. Negotiatons were in progress which might have a successful issue. To tell Mexico, during the pendency of these negotiations, effort to negotiate a peace. Under such circumstances it would have been extremely dangerous and wicked to declare that the whole of Mexico must be ours. Circumstances have since changed. If now existed, as did then, any hope or prospect of peace, it would be equally wicked to talk of which cannot be justified except on the plea of stringent necessity. But if this necessity does exist, then the re can be no doubt, no besitancy as to our course.

It is clear that to save their capital the tee. Other articles and specimens will the war should be prosecuted till doomsday, no crisis could arise that would impress upon them more weightily the necessity of making peace. If they did not yield to this the close of the exhibition without permission weighty inducement, to what can they be expected to yield? Again they not only refused to accede to our terms, but refused to treat except on terms inadmissible by us. moderate, and there is no reason to believe the day of exhibition, in order that if there that their tenacity to their own will ever be less. Every day that passes renders the improbability of peace more strong, and soon that improbability will be converted into im-The United States, of course, cannot yield, as it always has happened in like cases, that time. This restriction is not, however, exthe stronger will subjugate the weaker .-There will be no alternative. There is no middle course between a disgraceful surrender of claims, in support of which the best blood of the country has flowed, and a universal and permanent occupation of Mexico. is not required.

This will be truly no holiday pastime.h will be a work of toil and trouble, and will take many years in the accomplishment. A force must be poured into the country, sufficiently powerful to overawe resistance. Every state government must be overthrown. and new governments, half territorial, half military, must be erected. A uniform tariff must be enforced in every port. The public mines must be seized and worked, and rendered profitable. The guerrillas must be swept from the roads; and under the protection of our engles, commerce and industry must be encouraged where they already exist, and given birth to where they do not. The people must be rendered fully secure in the pursuit of their daily avocations; and the coy maiden, Peace, must be wooed by degrees to clasp our mailed hand, and unite Niven, Mrs. Thomas Nicholson. with us in promoting the true interests of Mexico. Every avenue to the interior be raised in Mexico. This is the lowest esto twelve millions. A judicious system would ed. make a much larger revenue.

OPENING OF GIRARD COLLEGE.—At last a Society will be transacted. time has been fixed for the opening of the Girard College. The architect, Mr. Walter, and behalf the Society, desire to embrace in answer to a letter from the President of this occasion to awaken the attention of the Board of Directors, save the entire work will be completed by the lat of December obtained by it, to wit: the "advancement thorized the Board of Control to take pos- ture, and Domestic or Bural Economy in for the purpose of furnishing the College preparatory to a final surrender of the premwhom all the benefit will accrue, should see shall be strictly and faithfully carried out.
