HORIZONTAL

SPINNER!

IN connexion with the following certificate were handed to us the testimonials of several highly respectable ladies, who have used the Domestic Horizontal Spinning Wheel, and who concur in saying substantially, that they can spin with it seven or eight run, (or about four day's work) per diem, with as much ease as they can perform an ordinary day's work with a common wheel. The inference is irresistable; that it will hereafter be more profitable for the farmer who manufactures his wool, with this machine to have in his employ at the *same cost* for labor, *one* girl, than *four* girls with the common stand-and-spin wheels:—[*People's Advocate.*

The undersigned, citizens of Montrose, have witnessed with much satisfaction the operation of a novel machine denominated the "Domestic Horizontal Spinning-wheel," lately invented by Hiram F. Wheeler, of Springville, in this county. It appears to us to be a valuable improvement, in view of the ease with which it is used and the rapidity with which it executes. We doubt not that our Farmers generally, with all who "toil and spin" will approve it too.

Scott's Sanative Cerate!

IN offering this to the public, the proprietor is influenced by no sinister motive; a mere desire that all mankind may have the benefit of a remedy which his own circle of friends have only had opportunity heretofore of enjoying, induces him to enter the arena of competition with the thousands. But its superior and well proved efficacy in all cases of recent burns, scalds or wounds, as also in rheumatism, chapped hands, and old ulcers or indolent tumors, ought to be known, and its general use will certainly make it the every day companion of the nursery where casualties are so frequent.

From numerous certificates in his possession, the proprietor offers the following:

This may certify that I have used Mr. Scott's Sanative Cerate, and believe it an invaluable cure for bruises, burns, sores, &c.

EDWARD WHITE.

New Milford, March 12, 1847.

This may certify that we have used L. Scott's Sanative Cerate, and we know it to be a valuable remedy for scalds or burns, and therefore willingly contribute our testimony in its favor.
