WAYNESBORO'
FOUNDRY
AND
MACHINE SHOP!

IMPORTANT TO WHEAT GROWERS.
GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER
AND THE
Latest Improved Thrasher and Triple Gear Horse Powers, Driving either by Gear or Belt, all furnished Complete ready to be put on Wagons.

I, the undersigned, desire to call the attention of Farmers and Threshers of Handing and adjoining counties to this. This Machine has been before the public for seven years, during which time it has given general satisfaction, and the patentee having made some very important improvements which render it still more complete, both for clear separating and cleaning, and also for ease of draught and fast threshing. I take pleasure in recommending it to the public, knowing that it will give the best of satisfaction. I am manufacturing three different sizes, as follows:
No. 1 is 8 horse power, will thresh and clean from 200 to 500 bushels per day.
No. 2 is 6 to 8 horse power, will thresh and clean from 150 to 300 bushels per day.
No. 3 is 4 to 6 horse power, will thresh and clean from 100 to 200 bushels per day.
These Machines are warranted to do the above, and do it much better in every respect than any other machine in use.
Grain having much light chaff in it cleaned on this Machine is worth from 2 to 3 cents more per bushel than when cleaned on any other separator, or the common way of cleaning on hand fans. For this reason there is not the eighth part of light matter in the grain as when cleaned on the riddle principle. The blast acts freely on all the grain as it leaves the shoes, whereas, when cleaned with riddle that advantage is lost.
This machine does not return the tailends as most of the separators do. By returning fifty tailends alternately it is impossible to make merchantable grain. Another important feature in this machine that others do not have, is the Self-acting Blower which in the fan which removes all difficulties in bud cleaning, blowing grain in the chaff in high speed or irregular driving, which cannot be avoided in cleaning grain by horse power. This Machine is also more durable and less tedious to manage than any other Separator and Cleaner, or the common machine with shaker.
To insure their being filled until harvest should be sent in immediately. I take pleasure in recommending it to the public, knowing that it will give the best of satisfaction. I am fully prepared to make to order and on short notice Portable and Stationed

STEAM ENGINES,
GRIST AND SAW MILL GEARING,
SHAFTING AND PULLEYS,
IRON BRIDGES, CAST IRON WATER WHEELS, IRON KETTLES, &c.
Stoves and Plov castings, also cast iron and wrought iron pipe for steam or water, and Brass castings of every description; in a word, I am prepared to do everything usually done in a foundry and machine shop. Having supplied myself with the latest improved machinery, such as Lathes, Boring, Planing and Drilling Machines, persons can rely on having their work done in the most satisfactory manner. I am also prepared to manufacture to order machinery for wood, such as Tonging and Grooving machines for flooring, Surface, Tenon and Moulding machines, &c.
I also offer to the public a new and valuable improvement in my steam engines, made within the last year, viz: for the economizing of fuel, and the regulation of speed, which renders my new engines far superior to the old engines.
All my machines are sold under warranty. My hands are all experienced workmen in this line of business, and I use all good material, so that I am perfectly safe in warranting all my work.
I am also prepared to do repairing in workmanlike manner, on the shortest notice. Orders solicited and promptly attended to. All orders sent in for repairing must be accompanied with the cash.
For particulars and circulars descriptive of machine, address
GEORGE FRICK,
Or DANIEL GEISER, Proprietor of Territory and solicitor of orders, Waynesboro' Franklin Co. Pa.

THE WAR OF 1776.
THE name "Continental" sounds more dear to the American heart, than any of the Royal blood, even should it be a Prince.
So all you that want a good Cooking Stove that burns either coal or wood, call at
W. A. TRITTLE'S
and ask for the Continental, which is one of the best stoves in market, and by far the cheapest. It takes a long stick of wood and is provided with fire brick to burn coal. It is one of the best heating and cooking Stoves that has ever been offered for sale. It is a fine Cooking Stove and is easily kept clean. I always have a large assortment on hand, and will give better bargains than any other house in the country. So to prove that my name is not Gen. Bragg call and see for yourselves.
Also on hand Heating Stoves, such as
NINE PLATE AND COAL STOVES,
for shop or parlor, all of which I will sell very low. You will also find a large assortment of
TIN WARE,
with Copper, Brass and Sheet-Iron Ware, which is all of my own make, and which has been proven cannot be found better in any place. Now remember I am bound to sell cheap, so all that want anything in my line, give me a call. My shop is still at the old place on Main Street, under the Printing Office.

House Spouting!
done at all times and of the best double tin. I feel very thankful for the many past favors I have received from the public. I would invite all to give me a call, for then you can see for yourselves what I can get for you.
