The Drought.—The drought which now prevails is remarkable for this season of the year. Many of the wells are failing and the streams are so low that many of our millers can do but comparatively little grinding.

The Shooting Season.—According to the provisions of an Act of Assembly passed in the year 1853, the season for field sports closed on Thursday last, the 1st inst.

Those papers, the editors of which see nothing good in those who are endeavoring to subdue this rebellion, have not a word of condemnation for Jeff Davis' proclamation lately issued, but they are very severe in denouncing President Lincoln's Emancipation Proclamation.

Remember that the law requiring stamps to be placed upon Notes, Drafts, Bonds, &c., is in full force. No instrument of writing upon which a stamp is required by this law is valid unless a stamp is placed upon it.

Election of U. S. Senator.—The election of Mr. BUCKALEW by the Legislature of Pennsylvania as U. S. Senator, over such a man as Hughs, Randall and others of like ilk, must prove gratifying to all loyalists. His election certainly affords sympathizers with treason no grounds for exultation.

While the heart sickens at this loss of life and expenditure of treasure, let no loyal man hesitate as to our future course. The Union should, and it must, be preserved. The Constitution respected and the law enforced, at whatever expenditure of life and money; the interest involved demands the sacrifice.

An eminent educator once said—"Experience has taught me, that one great cause of the low state of common schools and common education was a want of interest on the part of parents. In general the current of their thought runs on something else rather than the improvement of their children."

The Governor's Message.—The first and brief synopsis of Gov. Davis' Message to the Legislature. It is a highly interesting document and we regret that our limited space prevents us from publishing it entire.

The Governor describes, in detail, the efforts made by the State to assist in the suppression of the rebellion. The State had already furnished 110,000 volunteers, and another call was made by the President for 300,000 additional.

The Governor commends the people for their cheerful obedience to this unwelcome but necessary measure, and states—as a glorious fact, that, including three-months volunteers furnished by Pennsylvania, in answer to the call after Fort Sumpter's fall, our State has furnished to the Government more than two hundred thousand men since the breaking out of the rebellion.

The operations of the common-school system—the system of paying workmen in orders upon stores—the management of various eleemosynary State institutions, and the right of the soldiers to exercise the franchise, are all discussed by the Governor with precision and frankness.
