## WAYNESBORO

Friday, March 30, 1866

Forer best that standard shed!  
With Freedom's soil beneath our feet,  
And Freedom's banner streaming o'er us!

**An Appeal to Patrons.**—We have several hundred dollars to pay on the first of April, and as the time is near at hand we appeal to those of our patrons in arrears for subscription, jobbing or advertising, to call and cash their accounts. The enormous increase in the price of paper, ink, etc., compels us to urge prompt payments. Without a compliance with this request generally it will be impossible for us to pay current office expenses. There are very few country papers but what have either increased the price of subscription or decreased the size of their sheets owing to the rise in paper, and unless those in arrears promptly cash their accounts necessity will compel us to resort to one or the other of these expedients. We have many patrons with ample means whose accounts have remained unsettled for years.—To this class we appeal especially.

**Fresh Lime.**—We call attention to the advertisement of Mr. Hays, in another column.

**Public Sale.**—We direct attention to the sale of personal property advertised by Mr. SIBBER in another column.

**Gone East.**—Messrs. JOSEPH BROWN, Geo. SROVKA and Jos. PRIOZ, merchants of this place, are now in Philadelphia making their spring purchases. Their goods are expected here in a few days.

**First Arrival.**—It will be seen by reference to our advertising columns that Messrs. AMERSON, BENKROT & Co., have received an extensive stock of new spring and summer goods. The ladies particularly are invited to call and examine their new styles.

**Graduated.**—Among the list of students who recently graduated at Jefferson Medical College, Philadelphia, we observe the name of our friend, Mr. ISAAC N. SWIVELY. Mr. S. is a young man of studious habits and rare social qualities, and is otherwise pre-eminently fitted for the profession he has selected.

**Thunderstorm Extraordinary.**—On Sunday afternoon last a snow storm prevailed in this section, accompanied with the most vivid flashes of lightning and loud peals of thunder. The like was perhaps never before witnessed in the recollection of the "oldest inhabitant."

**Borrowing.**—We understand that several persons, in this place, who have subscribed the Record, are in the habit of borrowing the paper from some of their more loyal neighbors. A newspaper borrower is a detestable character under the most favorable circumstances, but for a sponging "copperhead" to seek to borrow a loyal sheet which he eternally misrepresents and vilifies is unpardonable impudence, and we trust that our patrons will hereafter not suffer themselves to be thus imposed upon by such sneaking allies of treason. Male or female, show them no countenance.

**Gone to Dixie.**—A. G. BORD, the editor and publisher of a respectable sheet in Hagerstown, called the Maryland Free Press, was last week, we learn, arrested by order of the Government and conducted with a flag of truce within the rebel lines, where he is to remain while the war lasts. The paper has therefore been suspended, no doubt to the chagrin and regret of the "copperheads" generally.

**St. Patrick's Day.**—Tuesday last was St. Patrick's day. Of course the "town squires" did not neglect this propitious opportunity for putting their cabbage seed, etc. in the ground.

**April Changes.**—Those of our subscribers who intend removing their places of residences about the first of April, and desiring their post office address changed, will please give us timely notice.

**Another Fast Day.**—Jeff. Davis, President of the rebels and traitors, North and South, has issued a proclamation for a day of fasting on the 27th of March. As the rebellion is fast dying out it will have a fast appointed.

**The colored men of Wilmington are actively engaged in raising a regiment for the war, and it is said that they are meeting with encouraging success.**

**Mr. Robert M. Morgan Jr., Indiana, has been appointed to the position of Secretary of the Government.**

**A Bank.**—We understand, reports are being made to set up a Banking Institution, in this place, and the stock of the same is being opened and a large proportion of the stock required has already been subscribed. The investment will most certainly prove a safe and profitable one. We regard this as a most favorable opportunity for the investment of capital, and we trust that the business men of both town and country will promptly manifest that interest in the enterprise which its importance demands. The business portion of the community have had an opportunity to know something as to the advantages of a moneyed institution, the Saving Fund having been in successful operation here for ten years. It was perhaps never better managed nor in better credit than at present; but from what we can learn the changes made necessary under the recent act passed by Congress renders its conversion into that of a Banking institution a necessity. If business men would not be deprived of the advantages afforded by such institution they should act promptly.

We find the following paragraph in the Gettysburg Adams Sentinel, published by our venerable friend, R. G. HARPER, Esq., and give it a place for the benefit of newspaper borrowers of the "Copperhead" school.

"Our brother Editor, BEAR, of the Waynesboro Record, appears to have a very 'hard time' in this troublesome war. He has been 'cooped-up' by the small pox for a number of weeks, and 'everybody' appeared to be afraid of his paper, during the time of his suffering, but they might be 'inoculated.' Add now, when he is again at his post, and 'pitching-in' to the Home Rebels, some of the 'frailer sex,' as he terms them, (he means, of course, the Female Home Rebels, who are the worst of the whole concern, because they think themselves privileged to use their tongues with more laxity,) threaten him with having his office 'busted,' and have him 'mobbed, tarred and feathered,' &c.—and he even adds, 'some of them swear great oaths and frighten the Devil,' and talk of 'carrying it out by broomsticks and hoe-handles, and nameless other ways.' He, as every good patriot should, exhibits no fear—but 'pays them back with interest.' We like his spirit—it is the true ring of the metal."

**A Union League.**—As the objects of Union Leagues are to preserve Liberty and the Union of these United States; to maintain the Constitution thereof, and the supremacy of the laws; to put down the rebel enemies of the Government, and thwart the designs of traitors and disloyalists; and to protect and strengthen all loyal men, without regard to sect, condition or party, we are, as well as others anxious to see one started in this borough. The organization of these Leagues, without any condition except undoubted loyalty to the Government, is extending throughout the country with surprising rapidity. And that they are useful, is proven by the hatred evinced toward them by the copperheads.

**A Broadside at the Copperheads.**—Below we give an extract from a recent letter of an officer on board one of the vessels composing the Gulf Blockading Squadron. It is one of the straws which indicate the growth of feeling, both with the army and navy, against the traitorous Copperheads who seek to undermine the noble sentiments of our true-hearted loyalists, and consign our country to a fate the most ignominious:

"If you at home will imprison, drive away, annihilate, or do anything with the traitorous peace Shamocrats among you, we are willing to stay here and fight it out; but if something is not done soon to shut up disloyalty at the North, we propose to go home and do it ourselves, returning here afterwards to attend to secession."

**Progress of Union Leagues.**—We are informed, says the Chicago Tribune, that there already exists not less than five hundred clubs of the "Union League" in this State, and that the organization is extending with surprising rapidity throughout the loyal States. The object of the organization is strictly loyal, and is thus stated in the printed circulars of the organization:

"The object of the 'Union League' shall be to preserve Liberty and the Union of these United States; to maintain the Constitution thereof, and the supremacy of the laws, to put down the rebel enemies of the Government, and thwart the designs of traitors and disloyalists; and to protect and strengthen all loyal men, without regard to sect, condition or party."

**Important to School Directors.**—The following section of the common-school law passed last winter, is important to school directors:

"That it shall be the duty of the board of directors in each school district to publish an annual statement of the amount of money received and expended, and the amount due from collectors, and setting forth all the financial operations of the district, in not less than ten written or printed handbills, to be put up in the most public places in the district. The notice should be signed by the president and attested by the secretary."

The disclosures made before the Grand Jury at Indianapolis prove that the members of the Knights of the Golden Circle, do promote the desertion of soldiers with their arms, the surrender to the enemy upon parole without conflict, the assistance to draft-drafters, with special assistance and the overthrow of the Government.

**Tribute of Respect.**—At a meeting of the General Council of the Lutheran Church of the United States, held in the United Church, on the 10th inst., the following preamble and resolutions were passed:

WHEREAS, It has pleased Almighty God, in His wise Providence, to remove from our midst, our esteemed brother, HENRY JACOBS, long a consistent and honored member of the Evangelical Lutheran Church, and a useful and active member in the Church and also in General Council;

Therefore, be it resolved by the General Council, that we deeply lament his loss; and sympathize with his afflicted and bereaved family, and commend them to the care of that God who doeth all things well.

Resolved, That a copy of these proceedings be sent to his family, and to the Village Record for insertion, and also to the Lutheran Observer.

DANIEL MENTZER, Sec.

**Common Sense.**—The following extract from the American Railroad Journal should be read by every Copperhead in the country:

"But any peace that should destroy the Union, set State against State, sever and oppose their interests, endanger their boundaries, destroy the freedom of their trade, obstruct their rivers and lakes, shut up their ports, break up their internal lines of communications, vary their traffic, interrupt their established relations, introduce conflicting laws, and throw society ere long back upon its original elements, to be rearranged, reconstructed, and molded into form, to be again torn asunder with each new whim of their founders, or of the hour, would be no peace at all, but endless war and misery."

**A REMEDY FOR SMALL POX.**—The German Reformed Messenger has received a letter from a friend in China, which says a great discovery is reported to have been recently made by a surgeon of the English army in China in the way of an effectual cure for small pox. The mode of treatment is as follows: When the preceding fever is at its height and just before the eruption appears, the chest is rubbed with croton oil and tartaric ointment. This causes the whole of the eruption to appear on that part of the body, to the relief of the rest. It also secures a full and complete eruption and thus prevents the disease from attacking the internal organs. This is said to be now the established mode of treatment in the English army in China by general orders, and is regarded as a perfect success.

**Fayetteville, Ark., March 17.**—An intelligent gentleman from Texas, arrived here this evening, represents the rebels of that State in a most deplorable condition. The Union men openly denounce the Confederacy. A large party is trying to raise the Lone Star, and companies of colonists are being formed to go into Mexico. A prominent rebel officer, who came to this place with a flag of truce this morning, also expressed the opinion that the cause of the South fail, they will retire into Mexico, and establish a republic under a French protectorate.

**Another Newspaper Office Demolished.**—INDIANAPOLIS, March 16.—Eight hundred paroled Union prisoners, on route for Chicago, were detained at Richmond, Indiana, last night, and while there completely demolished the office of the Jeffersonian, anti-war sheet. They arrived here to-night and threatened the Sentinel office, and the military authorities placed a guard to prevent a disturbance.

A large indignation meeting was held here to-night in regard to an article in the Cincinnati Enquirer insulting to soldiers' families.

**NEW YORK, March 18.**—Mr. Gallardot, writing to the Courrier des Etats Unis from Paris, February 27th, gives rumors of an insurrection in Hungary, and an alleged resolution of the Emperor to recall the French army from Mexico, but states that both look improbable.

**Yazoo City,** whose capture by Federal troops has been confirmed, is a flourishing post city in Yazoo county, Miss., situated on the river of the same name, about 50 miles N. N. W. of Jackson. It is located in a rich cotton-growing region, and before the war, employed a large and lucrative commerce. Population about 3,000.

Tom Thomb and his wife, who are at their home in Bridgeport, Conn., complain of the effects of their notoriety. Crowds follow them wherever they walk or ride, and bolts and bars do not suffice to keep inquisitive curiosity-mongers out of their parlors and bed chambers.

The President has issued a Proclamation commanding all persons enlisted or drafted into the service of the United States to return to their respective commands on or before the 1st day of April 1866, under pain of being arrested as deserters and punished as such.

The iron railroad bridge at Harper's Ferry is rapidly approaching completion. The first two spans are finished, and the third and last span will, it is said, be completed in a short time, as a large force of workmen are engaged upon it night and day.

**PRICE ADVANCED.**—It is stated that the iron manufacturers of Pittsburgh, Wheeling, Youngstown and Niles, held a convention in Pittsburgh on Tuesday last, and decided to advance the price of nails three shillings per cwt., of bar iron a quarter cent per pound.—Retail prices, of course, have advanced in proportion.

A female Copperhead, of Muscatine, Iowa, on the occasion of the celebration of Washington's Birthday, walked up to the American flag floating in the street, in the presence of a large number of people and spit upon it. The venom of this reptile in petticoats did little or no injury to the flag.

**NEW YORK, March 14.**—The Express states that Secretary Chase was to-day offered a loan of one hundred millions in gold, by European parties, which, at the current rates of exchange, would be equivalent to par here.

**Treason in Delaware.**  
**A LOYAL PROCLAMATION FROM GOV. CANNON.**  
The following proclamation has been issued by the Governor of Delaware:

To the People of the State of Delaware:  
In a special message, communicated to the General Assembly on the third day of March, I informed that body of my purpose to issue my proclamation in relation to the act entitled "An act to prevent illegal arrests in this State," and therein briefly set forth the reasons which impelled me to this conclusion.

Its provisions are at variance with the interest of the State, calculated to lessen the estimation in which her people are held, as faithful to the Government of the United States, to embolden those who sympathize with rebellion, and to discourage loyal men from the performance of their duty, in discovering and thwarting the designs of the emissaries of treason.

To the end, therefore, that the evil operation of the enactment may be averted, and loyal citizens may feel secure in their efforts against foreign traitors and domestic conspirators; I, William Cannon, Governor of the State of Delaware, do, by this my proclamation, enjoin upon the good people of this State that they hold true allegiance to the Government of the United States as paramount to the State of Delaware, and that they obey the constituted authorities thereof before the Legislature of the State of Delaware, or any other human authority whatsoever.

I further enjoin that they be vigilant in detecting any conspiracy against the National Government, and diligent in preventing aid and comfort to the public enemy; that they promptly assist the national magistracy whenever invoked, and that they freely communicate any information which may be better enable it to suppress insurrection or to intercept supplies designed for those in arms against its authority, and any one so acting I will save harmless from the operation of the statute aforesaid, or of any other statute of like nature that may be enacted, so far as it shall be attempted to be enforced against him for faithfully discharging his duty to his country.

[L. S.] In testimony whereof, I have hereunto set my hand and caused the great seal of the said State to be affixed, at Dover, this eleventh day of March, in the year of our Lord one thousand eight hundred and sixty three, and of the said State the eighty-seventh.

WILLIAM CANNON,  
By the Governor:  
N. B. SMITHERS, Secretary of State.

**The Work of Copperheads.**

A dreadful riot happened in Detroit last week, in consequence of a gross outrage committed by a brutal negro. For some months however, copperheads of that place have been endeavoring to incite for political effect, a mob against the negroes, and were unsuccessful until the perpetration of the offence stated. In place of permitting the law to take its course, which would have adequately punished the offender, war was declared against all the negroes of Detroit. Leaders distributed whiskey among their followers, and the work of murder and arson, was commenced and prosecuted until the mob desisted in consequence of sheer exhaustion. To exhibit the fiendish character of this massacre of innocent persons by a drunken, frenzied mob, it is related that a house containing several negroes was set on fire, and according to an account in the Detroit Free Press, one colored woman made her appearance at the door with a child in her arms and appealed to the mob for mercy. The monstrous fact must be told that her tearful appeals were met with a shower of bricks, stones and clubs, driving herself and the babe in her arms back into the burning building.

Men roamed the streets bespattered with the blood of innocent victims, bawling like fiends, and demanding more blood. It became necessary to call the military from a distance to restore order. Surely such conduct as this is only equalled by the recent Indian massacres in Minnesota, and will always rest as a foul stain on the good name of Detroit. Yet this is the kind of work traitors desire to see inaugurated in the North for which they are working; to contentment which loyal men everywhere must labor unceasingly.

Men who sympathize with treason are easily swayed from the path of duty.—Professors of religion have left the house where they have worshipped for years, because the Minister spoke of rebellion as a crime, and alluded to Jeff. Davis as a traitor! In other cases they have refused to contribute to the support of the Pastor, have given up their pews, and even withheld their annual contribution to the Missionary cause. The virus of secession, it seems, leads to moral turpitude as well as political blindness. The Devil can have no better agent to do his work. The conversion of a peaceable member of the Church into a malcontent, the upholder of a minister into an assailant, the liberator contributor to missionary enterprises into a miser, is something he may rejoice at. In some other places Christians have become paricides, and pious women have hoped and prayed for the death of those who were upholding the Government, and giving them comparative prosperity and security! Of all the evil spirits, that of secession is the most terrible and devilish!—(Wilmington (Del.) Republican.)

**New Hampshire.**  
Concord, March 13.—The returns from all the towns, except thirteen, indicate a majority against the Democratic candidate for Governor of about seven hundred.

Marcy, Democrat, for Congress, in the First District, has 50 to 75 majority; the Second and Third Districts elect the Republican candidates.

The State Senate stands 9 Republicans and 3 Democrats. The House have from 45 to 50 majority for the Republicans.

**Arrest of Brigham Young under the Polygamy Act.**

Salt Lake City, March 10.—Judge Kenney this day issued a writ against Brigham Young under the Polygamy act of Congress. Marshal Gibbs served it without the aid of a posse, and the writ was immediately responded to and the defendant personally appeared in court. Upon an investigation the Judge held him to bail in two thousand dollars, which was promptly given.

Several interesting articles will be found on first page.

## GREAT FEDERAL VICTORY.

**Capture of a Rebel Transport Fleet.**  
Washington, March 16.—A dispatch from Admiral Porter, before Vicksburg, dated the 7th instant, says that he has just heard the signal agreed upon between himself and Commodore Smith, who commands the naval portion of the Yazoo expedition to be fired by the latter as soon as he should succeed in getting into the Yazoo river—nine minute-guns, and three guns afterwards in quick succession.

GENESEE, March 15.—The Gazette's Vicksburg despatches says, that the Yazoo Pass expedition captured 26 steamboats, 18 of which had been destroyed.

The United States gunboats had arrived above Haines' Bluff and would soon commence the attack.

Rumors are rife of the evacuation of Vicksburg. It is supposed that the greater portion of the force, would go to Chattanooga and endeavor to overwhelm General Rosecrans.

General McClernand's troops have been compelled to embark for Milliken's Bend, sixteen miles above Vicksburg owing to the high water.

The recent operations on Lake Providence and elsewhere have resulted in inundating more than 300 miles of Louisiana territory, destroying millions of property. The guerrillas have been completely drowned out.

A refugee from Georgia arrived at Myrtleboro yesterday, reports most terrible destitution in Northern Alabama and Georgia.

Ellet's marine brigade arrived at Cairo on Saturday.

CHICAGO, March 16.—The Yazoo-pass project is a complete success. Our gunboats have arrived above Haines' Bluff, which is poorly fortified against an attack from that quarter. Our fleet captured twenty-six transports up the Yazoo.

## Army of the Mississippi.

**Reported Evacuation of Vicksburg.—Reasons for Believing it—Intentions of the Rebels.—Kentucky to be Invaded.**

Cincinnati, March 17.—The reported evacuation of Vicksburg is credited here on two distinct grounds. One reason assigned is, that the Federal troops have forced the evacuation by the near movement, cutting off the rebel supplies. The other reason is that Port Hudson is to be left to hold the Mississippi, while the rebel troops at Vicksburg retire to the interior, ultimately to re-inforce the rebels in East Tennessee, for another invasion of Kentucky.

There is no longer any doubt that a most formidable invasion will take place as soon as the road is passable.

## "Boy Wanted."

Announcements similar to the above are not unfrequently seen in the columns of the daily newspapers, on bulletins, and in the windows of shopkeepers.

Of course boys are wanted! Who doubts it? None but the most superficial thinker, we are sure, could entertain such a thought for a moment. In a few brief years, the boys who are now living will be wanted to proclaim the gospel—will be wanted on the judges' bench—in the gubernatorial chairs—in the halls of learning; in short, to fill the places now occupied by the mighty millions of earth.

Boys are wanted now! They are wanted to fill our public, private, and Sabbath schools to store the intellect and the heart with the useful and the pure; to take the initiatory steps to becoming good and useful citizens.

Boys are wanted in heaven! Since we began this article, a sorrow-stricken father, in a threadbare coat, passed our window with a little coffer under his arm. His little boy has been wanted in heaven. Others may soon be called. God desires all and invites all.

Yes, boys, you are wanted, not only on earth but in heaven. Are you ready?—Sunday School Times.

## Union League Meeting in New York.

NEW YORK, March 15.—There was an immense gathering at the Academy of Music last evening, to ratify the proceedings at the late Cooper-Institute meeting.

Secretaries Chase and Welles were present. Among the speakers were General Wool, General Cochran, and James T. Brady, who presided. Also ex-Governor Wright, of Indiana; Governor Johnson, of Tennessee, and General Wetmore. General Scott was prevented by illness from presiding.

The plan of organization for the Loyal Union League was adopted with enthusiasm. General Scott was chosen president, and the list of vice presidents and the executive committee include many of our most prominent citizens.

## A Card of Thanks.

We the undersigned, belonging to Co. B, 7th Regiment, Maryland Vols., take this opportunity of expressing (through the columns of your paper), our earnest and heartfelt thanks for the uniform kindness that we have received from the ladies and gentlemen of Waynesboro since we have been on duty here. That kindness has been expressed in every way that could be useful or gratifying to the soldier. Coming as we do from a different State, it points out conclusively that we are all engaged heart and hand in the holy cause of upholding our Country's honor in this time of need. The reputation of the hospitality of the Keystone we find verified by our sojourn among you.

We feel that we can go into the contest with renewed courage when we know that there are those that by every means in their power are so willing to contribute to the comfort and enjoyment of the soldier as the citizens of Waynesboro.

Our Sergt. LUIGENREEL, Sergeant JAMES, JOHN L. SINN, JAS. E. DUVALL, JNO. R. ANDERSON, MARTIN L. FOGLE, WM. H. H. SALOR, JOHN SHURFEY.
