> Since the successful operations of Saturday, the Army of the Potomso has been engaged by Kilpatrick and Buford's cavalry, with what result is not positively known. Ten rebel guns were captured in the engagement just past, and 1,780 prisoners have been sent to Washington. At latest accounts our forces were at Brandy Station, and two miles beyond Kelly's Ford, and at other points.

The trunks of two trees have been sont from the battle-field at Gettysburg for the Massachusetts and Pennsylvania Histori. cal Societies. They will attest the fierceness of the conflict there, one of them having two hundred and fifty bullet holes in the space of twenty-one feet, and the other having one hundred and ten in the same space.-Sad reminders they will be of the heroic dead.

Telegrams in the rebel papers ropresent the situation near Chattanooga as disadvantageous to the army of Gen. Brage, now. that our forces have taken important positions from the enemy, and are making disas, trous raids in their rear. Recent skirmishes of the National cavalry in East Tennessee have proved very successful. In the raid on West Kontucky, the rebels used bloodhounds in hunting loyal men.

The rebel force which attacked seven hundred infantry, under Colonel Clayton, at Pine Bluff, was about 4,000 cavalry, under Marmaduke. The rebels loss in their defeat three hundred killed and wounded. Arkadelphia the late headquarters of Price, is now in possession of General Steele.

The farmers in Ohio and Indiana are making great demonstrations for the families of volunteers, bringing in loads of wood. drays of flour, and syagons of farm produce, which donation they promise to repeat in January.

The loyal portion of the country will be gratified to know that General Butler has been placed in command of the Department of Virginia and North Carolina, in place of Gen. Foster. He will be heard from soon, as he makes heavy strokes against the Rebellion.
