\$100 REWARD! for a medicine that will cure
Coughs, Influenza, Tickling in the Throat, Whooping Cough, or relieve Consumptive Cough,
as quick as
COE'S COUGH BALM.
OVER FIVE THOUSAND BOTTLES have been sold in its native town, and not a single instance of its failure is known.
We have, in our possession, any quantity of certificates, some of them from **EMINENT PHYSICIANS**, who have used it in their practice, and given it the preeminence over any other compound. It does not dry up a cough, but loosens it, so as to enable the patient to expectorate.
Two or three Doses will usually cure. Tickling in the Throat.
A HALF BOTTLE has often completely cured the most obstinate cough, and yet, though it is so sure and speedy in its operation, it is perfectly harmless, being purely vegetable. It is very agreeable to the taste, and may be administered to children of any age. In cases of CROUP it will guarantee a cure, if taken in season.
No Family should be without it.
It is within the reach of all, the price being only 25 CENTS. And if an investment and thorough trial does not "back up" the above statement, the money will be refunded. We say this knowing its merits, and feel confident that our trial will secure for us a large household. Do not waste away with coughing, when so small an investment will cure you. It may be had of any respectable Druggist in town, who will furnish you with a circular of genuine certificates of cures if it has made.

GEISER'S PATENT SELF-REGULATING CHAIN SEPARATOR, CLEANER AND RAISER
AND THE
Latest Improved "Triple Gear" Horse Powers, Driving either by Gear or Belt, all furnished Complete ready to be put on Wagon.

The undersigned, desiring to call the attention of Farmers and Threshers to the best and most improved "Triple Gear" Horse Powers, and to the fact that the public for seven years, during which time it has given general satisfaction, and the patentee having made some very important improvements which render it still more complete, both for clean separating and cleaning, and also for ease of draught and fast threshing. I take pleasure in recommending it to the public, knowing that it will give the best of satisfaction. I am manufacturing No. 1 is 8 Horse Power, will thresh and clean from 200 to 500 bushels per day. No. 2 is 4 to 6 Horse Power, will thresh and clean from 100 to 200 bushels per day. No. 3 is 4 to 6 Horse Power, will thresh and clean from 100 to 200 bushels per day. These Machines are warranted to do the above and do it much better in every respect than any other machine in use. Grain having much light chaff in it cleaned on this Machine is worth from 2 to 3 cents more per bushel than when cleaned on any other separator, or the common way of cleaning on hand. For the reason there is not the slightest loss of grain, and the grain is cleaned as well as the chaff. The chaff acts freely upon the grain as it leaves the chutes, whereas, when cleaned with riddle that advantage is lost. This Machine does not return the tails as do most of the separators. By returning filthy tails alternately it is impossible to make mercantile grain. Another important feature in this machine that others of the kind have not is the Self-acting device and cleaning, blowing grain in the chaff in high speed or irregular draught, which cannot be avoided in cleaning grain by horse power. This Machine is also more durable and less tedious to manage than any other Separator and Cleaner or the common machine with shaker. Orders to insure their being filled until harvest should be sent in immediately. I will receive all I can fully prepared to order and on short notice Portable and Stationary.
