

VILLAGE RECORD.

WAYNESBORO

Friday, April 1, 1864.

Forever float that standard sheet! Where breathes the foe but falls before us, With Freedom's soil beneath our feet, And Freedom's banner streaming o'er us!

Public Sales.—The following is a list of the public sales to come off as advertised in the Record: ARRM. BARR, April 9, 1864. Wm Overcash, April 24. Peter Fyock, April 5th.

RECEIPTS.—The following is a list of cash receipts since our last issue:

Table with 2 columns: Name and Amount. Includes Josiah Burger (\$1.50), Capt. D. S. Gordon (2.00), John Izer (3.00), J. Phillips & D. M. Bell (2.50), J. Phillips, Esq. (4.50), First National Bank (8.50), W. P. Wengly (1.82), W. B. Hunter (1.50), John Benedict (1.50), Jacob Lesher (1.50), W. A. Little (4.50), B. L. Rider (6.00), Jacob Funk (Fayetteville) (7.00), L. K. Morrison (1.50), George Frick (33.00).

COMMUNION.—The Sacrament of the Lord's Supper will be administered in the Union Church, to the Presbyterian congregation, on Sunday morning, preparatory services to commence to-morrow (Saturday) morning.

NEW SUBSCRIBERS.—Since our last issue we have added to our list the names of a number of good-paying subscribers.—This is certainly encouraging in the midst of these proscriptive times. Hope nobody will object.

ABOUT.—The man whose "batter-hall" would not allow him to take the Record on account of its abolition proclivities, was about recently. He looked the worse of "tan-gle-foot."

AN OPENING.—Waynesboro' now affords a fine opening for an enterprising watch-maker and jeweler. There is but one establishment of the kind in town, and the proprietor, W. A. Grove, will shortly leave for the west.

SALE OF HORSES.—It will be seen by reference to our advertising columns that M. Anders will offer for sale, in this place, on the 8th inst., forty head of condemned government horses.

PLANTS.—Our enterprising friend, Rev. D. F. Good, of this vicinity, has now in course of propagation a variety of plants, embracing Tobacco, Sweetpotato and garden Plants generally. The attention of the public is called to his advertisement in another column.

ANTIETAM FACTORY.—Persons in want of building material are referred to the advertisement of Rev. D. F. Good, in another column.

SNOW.—A snow storm set in here about 12 o'clock on Tuesday night and continued without abatement until 2 o'clock on Wednesday afternoon, covering the ground to the depth of 12 or 14 inches. It is rapidly disappearing, however, and fears are entertained for the safety of property by an expected rise of the waters.

NOT TOO LATE.—The first of April is upon us, but those of our patrons who failed call or transmit the amount of their arrearages are informed that the opportunity is still open for them. In consequence of this neglect whether intentional or not, we have failed to meet several pressing demands upon us. These must be met during the next few weeks, and we therefore ask for the present month a respectable "receipt list," the last for the season.

THE 2ND.—Maj. Troxel's Battalion of the 22d Penna. Cav. left Chambersburg on Wednesday of last week, en route for Cumberland, Md., where it would be joined by another Battalion of the same Regiment. The Regiment is commanded by Col. Higgins.

ARRESTED.—SAM PRICE, of Smithsburg, Md., was arrested in Mercersburg, by Provost Marshal Funk, on the 22d ult. He had been connected with the Rebel army, but alleges that he deserted them and had taken the oath of allegiance. Sam couldn't produce the "papers" and consequently failed to get his release.

SUDDEN DEATH.—MICHAEL PROUTZ, of Mt. Hope, a well-known and much respected citizen, died on Friday last, after a brief illness, of typhoid fever. He was in the 55th year of his age.

CONSTABLES.—The State Senate has passed a bill making the term of constables five years instead of one, as heretofore.

The Army of the Frontier is announced to be in motion, and its supposed destination is northern Texas.

GETTYSBURG BATTLE-FIELD.—The "Gettysburg Battle-field Memorial Association" has secured the purchase of Cemetery Hill, Calp's Hill, Granite Spur and Round Top. The object of the association is to restore forever the principle points of the battlefield, in the exact condition in which they were left after the battle, and to enable a large number of persons to engage in the patriotic work, subscriptions have been placed at \$10 each. The payment of this sum "makes each subscriber a member of the association, and part owner of the Glorious Field of Gettysburg." The project commends itself to the favorable consideration of every loyal and patriotic Pennsylvanian.—Committees are being appointed in various localities. The following individuals constitute the one selected for this section: Wm Smith Amerson, Geo. Besore, John Phillips, Adm. Barr, W. H. Brothertop, M. M. Stoner, Geo. Stover, H. X. Stoner, W. W. Walker, S. P. Stoner, John W. Coon, Joseph Price, J. E. Kurtz. The Committee is requested to meet for organization on Monday evening next.

CENTRAL FAIR.—A Great Central Fair is to be held in Philadelphia, in June, for the benefit of the Sanitary Commission, which should enlist the sympathy and interest of every loyal man, woman and child in Pennsylvania. The Executive Committee appeal to the citizens of Waynesboro' and vicinity to send contributions in aid of this work of christian charity—the relief of our sick and wounded soldiers, who have left their homes and families, and gone forth to endure the perils and privations of a soldier's life, that we might be protected in our lives and property. The appeal is made in the interest of no party, Republican nor Democratic, Administration nor Anti-Administration. All loyal persons are earnestly requested to go-operate in this work of intelligent patriotism. In order that an organization may be effected in this place meetings will be held at the time and place indicated below. A general attendance is earnestly hoped for. Tuesday the 5th, 2 o'clock, P. M., Ladies' Meeting; Gentlemen's Meeting, 7 o'clock, P. M.

INFORMATION WANTED.—OF the whereabouts of JOHN L. GRAYSON, of Green county, Va. He left his home on the 24th of December, 1862, with the intention of making his way to the loyal states, and when last heard from was said to have been at Sharpsburg, Washington county, Md. Should this meet his notice it will inform him that his wife, Ann E. Grayson, has also made her escape from Virginia, and is now staying in the vicinity of Waynesboro', Franklin county, Pa., where she can be addressed. Publishers of newspapers will confer a favor by copying.

TRAITORS.—Silas Wright, who was one of the best and purest Democrats of his time, once said: "If among us there be any who are prepared, for any earthly object, to dismember our Confederacy, and destroy that Constitution which binds us together, let the fate of an Arnold be theirs, and let the detestation and curses of every American be constant companions, until, like him, they shall abandon a country whose rich blessings they are no longer worthy to enjoy."

QUINCY ELECTION.—The following individuals were elected officers of Quincy township at the recent election: Judge, J. H. Laker; Inspectors, S. C. Row, J. Rock; Assessor, J. B. Smith; Assistant Assessors, John Heller, George McCleary; Auditor, John Thompson; Supervisors, John Decker, Wm. Rock, Jacob Holler; School Directors, J. Scriast, Wm. Krone; Clerk, Andrew Wogaman; Justice, John Gonder; Constable, Jacob Monn.

THE NAVAL SERVICE.—In the last call the President asks for men for the naval service, as well as the military. The regular pay, rations and clothing are the same in amount; but in the naval service there is a chance for making fine hauls of prize money, in the capture of blockade runners. Such a business would meet the views of many adventurous young fellows, who perhaps could not be persuaded to enter the land service. Let such make up their minds quickly, for after the 15th day of April the Government's bounties of \$300 cease.

SUDDEN ILLNESS.—On Saturday last, Mr. JOHN A. SHANK, who was in Quincy on business, suddenly fell over from an attack of apoplexy and for sometime continued speechless and insensible, but we are pleased to learn that his condition at last accounts was somewhat improved.

PICTURE MAN ARRIVED.—A HOFFMAN, with his "Picture Wagon," has arrived in town, and located himself on Mechanic street, in the rear of Mr. Eckman's Hotel. Takes fine pictures—six photographs for one dollar.

Gen. GRANT was in Washington on Monday evening, in consultation with the President, Secretary of War and Gen. Halleck. He left for headquarters of the Army of the Potomac on Tuesday morning.—His headquarters are at Culpeper, eight miles in front of Gen. Meade.

Major General Sheridan has been appointed to command the Cavalry Corps of the Army of the Potomac, in place of Gen. Pleasanton.

A PRESENTATION.—A Sword, Sash and Belt, valued at \$50 was last week presented to Lieut. DANIEL SNIVELY of Co. G, 17th Penna. Cavalry, by the members of the Co. now camped near Culpeper, Va., as a token of their respect and esteem for him as an officer. The following is the presentation speech with the reply of the Lieutenant:—

LIEUT. SNIVELY.—Respected Friend and worthy Officer:—The occasion for which we are at present assembled, though no doubt unexpected to you, is not of minor importance to us. There are times in the course of human events when man longs to express the feelings of a grateful heart, when he feels that he is under many obligations for acts of kindness conferred upon him in days gone by, especially when they were bestowed upon him by a generous mind unasked and unthought. At such times emotions naturally arise, the feelings of which the tongue is unable to express, and frail humanity resorts to that which speaks louder than words.

During an association of eighteen months it has ever been our duty, as well as our pleasure, to follow thee where'er thou trod. Many trying scenes have we shared together—many privations and hardships have we endured, and in every instance, whether upon the weary march, upon the bivouacked field, and amid the din and roar of battle, was your person our guide unless otherwise ordered by an all-wise Providence. Your noble and deserving qualities have not failed to attract our attention. The example which you have ever shown, has been in every degree worthy of emulation. In return, it has fallen to my lot to present to you in behalf of the members of Co. "G" this Sword, Sash and Belt. Please accept it as a slight token of the high esteem we have ever felt for you as a sincere friend and deserving Officer.

We confide this to your care, knowing full well that it will never be used, save in a just and righteous cause. H. G. BONEBREAK.

ESTEEMED ASSOCIATES.—I must acknowledge that this pleasing incident to me was quite unexpected.—Taken thus suddenly I fail to find words wherewith to express my grateful feelings. I almost feel myself unworthy of the gift and the compliment you have—but just paid me; yet coming as it does from those with whom I have had the pleasure of associating for so long a time, from those whom I have ever found willing to do their duty, from those who have shared with me my privations, toils and sufferings; coming from such, I would feel as though I had neglected a duty were I not to respond as best lies in my feeble power. Many times when almost desponding have I received new energy by the alacrity with which you have ever entered upon your duties. My feelings toward you have ever been that of a brother-soldier, willing at all times to share with you your joys and mourn when sorrow was your lot.

I accept this tribute not alone on account of its intrinsic value, far more for the memories connected therewith. I accept it with a grateful heart and as an evidence that my past conduct has met with your approbation. I fondly cherish the hope that the time may be nigh at hand when we shall be allowed to lay aside all weapons to return to our homes there to enjoy the blessings of peace, and with the proud consciousness of having done our duty and been in some degree instrumental in restoring our Country to prosperity. In conclusion accept my hearty thanks, both individually and collectively, for this token of regard, and rest assured that it shall never be dishonored while life and health permit me to carry it beneath the folds of the Flag of our Country. D. SNIVELY.

IN REGARD TO DRAFTS.—We find the following in an exchange. How much truth there is in it we are not prepared to say. We give it for what it is worth:—

ANOTHER DRAFT TO BE MADE.—We learn from Washington that about the middle of April the president will issue another call to the country for two hundred thousand men, and will allow two months time to fill quotas. If, at the expiration of this probationary period, any district has not filled her quota, then a draft will be made to obtain the number due under the call. This will be followed by others at intervals of sixty days, as the needs of service may dictate; and our armies in the field will be kept up to the maximum force of one million of men during both victory and disaster.

SOLDIERS TO VOTE.—The Secretary of War has written a letter in response to the request of the Union Convention of Washington county, asking that the Maryland soldiers be allowed to return home and vote at the election on the 6th of April next; stating that "the wishes of the Convention will be complied with, and orders issued accordingly."

President Lincoln, in his address at the closing of the Patent Office Fair, at Washington, compliments the loyal women of the country in the following handsome and deserving manner:—"If all that has been said by orators and poets, since the creation of the world, in praise of women were applied to the women of America, it would not do them justice for their conduct during this war. I will close by saying God bless the women of America!"

The Union State Convention of California unanimously adopted a resolution praising the Administration, and declaring Abraham Lincoln the first choice for the next Presidency.

Admiral Dahlgren returned to Washington from Fortress Monroe on Thursday, not having been able to obtain the body of his son.

Seventy-nine thousand trees and plants were set out in the New York Central Park last year. The Park has 8 miles of carriage drives, 5 miles of bridle-road, and twenty miles of foot walks.

Barbarities of the Rebellion.—A correspondent of the Chattanooga Gazette furnishes the following horrible account of rebel cruelties practiced upon an Alabama Unionist.

In 1861 a Unionist was forcibly arrested by a mob, at his home, in Randolph county, Alabama, and marched off in an adjoining thicket, the mob here rifled him of his pocket-book, boots, and coat, tied him; and held a consultation to determine his fate. It was soon determined to put him in the torrid yoke; but first of all, to try to make him acknowledge to having done and said things of which he was innocent. After trying some time to accomplish their object, by questioning and threatening, they resorted to more severe measures. Untying him, they took off his clothing, laid him down upon a log, lashed him firmly to it, and with large hickory switches commenced lacerating him. Four let in on him at once, and the number soon increased to six. They continued to beat him there for a long time, pausing occasionally and asking him if he would confess, and upon his refusing, would let in on him more vigorously.

The blood trickled from his back in streams. His piteous appeals in behalf of mercy were totally disregarded. Nature finally yielded, and the poor man swooned and was lost to consciousness for several minutes. As soon as he revived these hellish tormentors resumed their tortures. They split the ends of green sticks, and twisting them in his hair and pulling violently, caused the most excruciating pain. This and other fiendish operations were continued for some time.—They then cut off his fingers at the second joint, as also his ears close up to his head. The next step was to cut off his arms at the elbows, and the legs at the knees. After this operation, the wretched victim fainted, and, failing to recover for several minutes, the murderers pronounced him dead, and began to prepare to leave, but at this moment their victim showed signs of life.—They now tied a rope round his neck, and hung him to a limb near by, and instantly departed, leaving him suspended between the heavens and the earth. The third day afterwards the body was discovered, taken down, and decently interred by friends.

Mr. Editor, this is no myth; 'tis no exaggeration. It is worthy of remark that it is an impossibility to belie a rebel, unless you say he is honest, a gentleman, or a humane being.

At the time of the above murder I was engaged in school-teaching in Calhoun county, not more than twenty-five miles from the murdered man's house, and I took considerable pains to find out all about the matter.

An Ohio soldier, who accompanied Sherman's expedition, writes home: You never saw such a set of niggers in your life as we brought in. They are of all shapes, sizes, and ages, and brought into requisition to ride in ox teams, horses, mules, buggies, spring wagons, heavy wagons, carts, drays, everything that had wheels or legs on. The planters throughout the State would run off their provisions and stock under charge of a negro, and he would either bring it into our lines, or our foragers would find it before it had gone far, and would bring it in. I think if a mosquito would go over the road now, or in the country for miles each side of the road, he would not find provisions enough for three days' rations. One old gentleman on the road allowed surely that the Lord was with us; for, says he, "I have been here for about fifty years, and never before saw these roads passable at this season of the year for one wagon, and this year your trains can travel."

HARRISBURG, March 25.—An investigation of the official figures discloses the fact that when credit is given to Pennsylvania for enlistments in the regular and marine service and navy, her quota, under the call for 500,000 men, will be nearly, if not quite full. The statement that the deficiency of Pennsylvania was 74,000 is incorrect, that being the entire number under all calls, allowing no credit to the veteran volunteers and new recruits since January 31. Governor Curtin has despatched his military secretary to Washington to procure an official correction of the mistake, which has done much to discourage the people and retard recruiting.

A REBEL JOKE.—The Richmond Whig publishes, as a capital joke, the fact that a rich Jew, named Hyman, has recently been robbed by the Rebel pickets near Richmond of \$20,000 in gold. Hyman, it appears had sold his house and furniture, and turned all his assets into gold, and then obtained a pass to leave. The patriotic pickets had no objections to letting Hyman leave, but they clung to his money bags with a tenacity worthy of the owner. Such things happened in the year 1198, when Richard I. was crowned.

DEAD.—Oswa Lovjoy, of Illinois, died in Brooklyn, New York, at midnight on Saturday. He was born in Kennebec county, in Maine, where he worked upon a farm until he was to enter Bowdoin College. He worked his way through college; studied theology; was settled over the Congregational Church at Princeton, Illinois, until 1854, when he was elected to Congress.

The Rebel Gen. Forrest, with 2,000 men, whose advance upon Union City, Tenn., was reported a few days since, attacked that outpost on the 24 ult., and captured the small force of Union troops garrisoning the town. This force consisted of 400 of the 7th Tennessee Cavalry, and they made a vigorous defense repulsing their assailants three times before they surrendered to superior numbers.

The bill incorporating the Soldiers' National Cemetery at Gettysburg, passed the House of Representatives last week.

SADDLER WANTED.—See advertisement of W. P. Weagly.

The farm near Culpeper, and for which Hon John M. Botts paid \$100,000 in Confederate funds, has had about twenty-three miles of fence destroyed by the two armies.

Col Howell Cobb, of Georgia, died on the 15th ult., aged 60 years. In early life he was a practical printer.

Rev. Mr. Spurgeon, the celebrated London preacher, is said to contemplate a visit to this country in May.

INVASION OF KENTUCKY.

Rebel Capture of Paducah.

Attack on the Fort Repulsed.

CAIRO, March 26.—Reports were circulated, this morning, that the rebels, under Forrest, attacked Paducah, Kentucky, fifty miles above here, yesterday, and burned part of the town; but as the telegraphic communication was out of, no authentic information could be obtained.

The steamer Satan, from Nashville, passed Paducah at 5 o'clock this morning, and steamer Joseph Pearce, which passed two hours later, brings the following account of the affair:

Forrest, with an estimated force of 5,000 men, captured this place at 2 o'clock yesterday afternoon, and sacked and fired the city. Col. Hicks, commanding the post, occupied the fort below the city with about 800 men. The rebels made four assaults on the fort, but were repulsed each time.—Three of our gunboats opened on the city during its occupation by the enemy, and much of it was burned, including the Marine railway and the steamer Arizona. The wharf boat and about 3,000 inhabitants of the city moved across the river upon learning of the approach of the rebels.

When the Pearce passed at 7 o'clock this morning the enemy had left and the people were returning to the city. The fires were dying out. The amount of public and private property captured is unknown at present, but is supposed to be large. Our loss was twelve killed and forty wounded. From one hundred and fifty to three hundred rebels are reported killed, and among them General Thompson.

Twenty-five houses, around the fort, were destroyed by our troops, they being used as a screen for the rebel sharpshooters. The headquarters and Government store-houses were burned by the enemy. A reporter has gone to Paducah, and will furnish correct information as soon as possible. CAIRO, March 26.—Information has been received from Paducah that the rebels have retreated, with a loss of 300 killed; the number of wounded is unknown. Forrest's force is said to be 6,500 men, with 4 guns. The rebel General A. B. Thompson is reported killed. A. M. PENNOCK, Fleet Captain.

It is understood that Gen. Fremont will be assigned to the Department of South Carolina. Gilmore is to have an active command in the field.

One of the Boston rioters concerned in resisting the draft in July last, has been sentenced to 10 years hard labor in the State prison.

THE NEW STATES.—The President has signed the enabling acts for Nevada, Colorado and Nebraska, allowing them to form State constitutions and come into the Union.

Mr. Vallandigham's friends have raised \$20,000 to support him in Canadian exile.

In a western sleeping car, last week, a man was robbed of \$10,000.

Dr. Tobias' VENETIAN HORSE LINIMENT. PAIN-BOTTLES AT FIFTY CENTS. For lameness, cuts, galls, colic, sprains, &c., warranted cheaper than any other. It is used by all the great horsemen on Long Island courses. It will not cure zinc bone nor spavin, as there is no liniment in existence that will. What is it stated to cure it positively does. No owner of horses will be without after trying one bottle. One dose relieves and often saves the life of an over-heated or driven horse. For colic and belly-ache it has never failed. Just as sure as the sun rises, just so sure will not cure zinc bone nor spavin, as there is no liniment in existence that will. What is it stated to cure it positively does. No owner of horses will be without after trying one bottle. One dose relieves and often saves the life of an over-heated or driven horse. For colic and belly-ache it has never failed. Just as sure as the sun rises, just so sure will not cure zinc bone nor spavin, as there is no liniment in existence that will. What is it stated to cure it positively does. No owner of horses will be without after trying one bottle. One dose relieves and often saves the life of an over-heated or driven horse. For colic and belly-ache it has never failed. Just as sure as the sun rises, just so sure will not cure zinc bone nor spavin, as there is no liniment in existence that will. What is it stated to cure it positively does.
