**MACHINE SHOP!**

**IMPORTANT TO WHEAT GROWERS!**

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER

AND THE  
Latest Improved Thresher and Triple Gear-ed Horse Powers, Driving either by Gear or Belt, all furnished complete ready to be put on Wagons.

I, the undersigned, desire to call the attention of Farmers and Threshermen of Farmington and adjoining counties to it. This Machine has been before the public for seven years, during which time it has given general satisfaction, and the patents having made some very important improvements which render it still more complete, both for clean separating and cleaning, and also for ease of draught and fast threshing. I take pleasure in recommending it to the public, knowing that it will give the best of satisfaction. I am manufacturing three different sizes, as follows:  
No. 1 is a 8 horse power, will thresh and clean from 200 to 500 bushels per day.  
No. 2 is a 6 to 6 horse power, will thresh and clean from 150 to 300 bushels per day.  
No. 3 is a 4 to 5 horse power, will thresh and clean from 100 to 250 bushels per day.  
These Machines are warranted to do the above and do it much better in every respect than any other machi e in use.  
Grain having much light chaff in it cleaned on this Machine is worth from 2 to 3 cents more per bushel than when cleaned on any other separator, or the common way of cleaning on hand rakes. For this reason it is not the light part of light matter in the grain as when cleaned on the riddle principle. The blast acts freely on all the grain so it leaves the chaff, whereas, when cleaned with riddle that advantage is lost.  
This machine does not return the tails as most of the separators do. By returning filthy tails differently it is impossible to make merchantable grain. Another important feature in this machine is the grain as when cleaned on the riddle principle. The blast acts freely on all the grain so it leaves the chaff, whereas, when cleaned with riddle that advantage is lost.

**COE'S COUGH BALSAM.**  
OVER FIVE THOUSAND BOTTLES have been sold in its native town, and not a single instance of its failure is known.  
We have in our possession any quantity of certificates, some of them from EMINENT PHYSICIANS, who have used it in their practice, and given it the preeminence over any other compound.  
It does not dry up a Cough, but loosens it, so as to enable the patient to expectorate.  
Two or three Doses will invariably cure Ticking in the Throat.  
A HALF BOTTLE has often completely cured the most stubborn Cough, and yet, though it is so sure and speedy in its operation, it is perfectly harmless, being purely vegetable. It is very agreeable to the taste, and may be administered to children of any age. In cases of CROUP we will guarantee a cure, if taken in season.  
No Family should be without it.

It is within the reach of all, the price being only 25 Cents. And if an investment and thorough trial, does not "back up" the above statement, the money will be refunded. We say this knowing its merits, and feel confident that one trial will secure for it a home in every household. Do not waste away with Coughing, when so small an investment will cure you. It may be had of any respectable Druggist in the town, who will furnish you with a circular of genuine certificates of cures if you wish.
