U. S. 10-40 BONDS.

THESE Bonds are issued under the Act of Congress of March 3, 1864, which provides that all Bonds issued under this Act, shall be EXEMPT FROM TAXATION by or under any state municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period *not less than ten nor more than forty years* from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually.—The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order.—Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit. As these Bonds are

Exempt from State or Municipal Taxation,

their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay

OVER EIGHT PER CENT. INTEREST

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or seperate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was $768,975,000. The interest on this debt for the coming fiscal year will be $45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over $100,000,000 per annum.

It will be seen that even the present gold revenue of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to $150,000,000 per annum.

Instructions of the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the
First National Bank of Philadelphia, Pa.
Second National Bank of Philadelphia, Pa,
Third National Bank of Philadelphia, Pa.
AND BY ALL OTHER NATIONAL BANKS, which are depositories of Public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depository Banks,) will furnish further information on application and

Afford every Facility to Subscribers.

A POIC FOR THE TIMES.

While war's fierce peals alarm us,
Or victory's shouts oft charm us,
The calmer notes of local news,
Of little brawls, or breaks, or stews,
Are equally engaging.

The former often shock or please,
But such emotions quickly cease.
But when jewels bright and gay,
In multitudinous array,
Our serious thoughts assunging:—

Are placed to view at Grove's old stand,
To brighten eye, or ear, or hand,—
To decorate the lass or lad,
To beautify the calm or sad,
Oh every heart's delighted!

With rings, and pins, and bracelets bright,
Glistening like the stars of night,
On wrist, and fingers, breast and ear,
Like seraphs fair the youth appear!
With beauty's splendors freighted.

With thimbles, lockets, mourning setts,
Box-pins, gold chains, and setts of jet,
Steel jewelry, belt-slides and hooks,
All of the latest styles and looks,
I'm sure you'll be delighted.

Eight-day, alarm, thirty-hour, and fancy clocks; Spectacles, cases, and a full assortment of jewelry, of the latest styles and most elegant finish, watches and jewelry promptly repaired at the lowest cash prices. C. W. LOGAN

BEWARE OF
Counterfeits

As Kunkels Bitter Wine of Iron is the only sure and effectual remedy in the known world for the permanent cure of *Dyspepsia and Debility*, and as there are a number of imitations offered to the public, we would caution the community to purchase none but the genuine article, manufactured by S. A. KUNKEL & BRO., and has their stamp on the top of the cork of every bottle. The very fact that others are attempting to imitate this valuable remedy, proves its worth and speaks volumes in its favor.

The Bitter Wine of Iron is put up in 75 cent and $1 bottles, and sold by all respectable druggists throughout the country. Be particular that every bottle bears the *fac simile* of the proprietors' signature.

This Wine includes the most agreeable and efficient Salt of Iron we possess; Citrate of Magnetic Oxhide combined, with the most energetic of vegetable tonics, Yellow Peruvian bark. The effect in many cases of debility, loss of appetite, and general prostration, of an efficient Salt of Iron, combined with our valuable Nerve Tonic, is most happy.—It augments the appetite, raises the pulse, takes off muscular flabbiness, removes the pallor of debility, and gives a florid figure to the countenance.
