Any savings bank which pays its depositors in U.S. Notes, considers that it is paying in the best circulating medium of the country, and it caanot pay in anything better for its own assets are either in government securities or in notes or bonds payable in government paper,

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and laccumulated interest, and are the best security with banks as collaterals, for discounts.

Convertible into a Six per cent. 5-20 Gold Bond. In addition to the very liberal interest on the notes for three years, this privelege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before, the war the premium on six per cent. U.S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation .-On the everage, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as these issued by the government.
