U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Persons depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it can not pay in anything better for its own assets or either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks and collateral, for discounts.

Convertible into a Six per cent. 5-20 Gold Bond. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation. But aside from all the advantages we have enumerated,—a special Act of Congress exempts all bonds and Treasury notes from local taxation.—On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as these issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by all National Banks which are depositories of public money, and ALL RESPECTABLE BANKS & BANKERS throughout the country will give further information and afford

EVERY FACILITY TO SUBSCRIBE. Aug. 19-3m.

A POIC FOR THE TIMES.

While war's fierce peals alarm us, Or victory's shouts of local news, The calmer notes of local news, Of little brawls, or breaks, or stews, Are equally engaging.

The former often shock or please, But such emotions quickly cease, In multitudinous array, Our serious thoughts assuaging.

Are pleased to view at Grove's old stand, To brighten eye, or ear, or hand, To decorate the lass or lad, To beautify the calm or sad, Oh every heart's delighted!

With rings, and pins, and bracelets bright, Glistening like the stars of night, On wrist, and fingers, breast and ear, Like temple fair the youth appear! With beauty's splendor freighted.

With timbles, lockets, mourning sets, Hair-pins, gold chains, and sets of jet, Steel jewelry, belt-buckles and hooks, All of the latest styles and looks, I'm sure you'll be delighted.

Eight-day, alarm, thirty-hour, and fancy clocks; Spectacles, cases, and a full assortment of jewelry, and jewelry promptly repaired.
