Improved Thrushing Machine!!

Farmers will please look at the great advantage in Thrashing

## GEISERS' PATENT ILF-REGULATING GRAIN SEPARATOR. CLEANER AND BAGGER.

At a time like the present, when labor is very scarce, it is important that farmers who are interested should give attention to the above-improvement, which will considerably reduce the expense of threshing

grain over the common way. -This-machine-has-been before the public for a number of years, but not very widely circulated, although it has competed with all the best of the different patented Grain Separators, and proved a decided advantage, and now has the reputation of being the best Separator ever before the public. In order ed advantage, and now has the reputation of being the best Separator ever before the public. In order to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test to any person desiring a trial, and have its merits tested; and I wish to have it understood that I put the machine upon its own merits, and want farmers to judge for themselves. If it does not fully meet their wants and they do not wish to purchase, I am perfectly willing to vear all expenses of shipping.

The machine is particularly adapted to farmers for their own use, and will apply to lever or railway power, will thresh and clean, in good grain, from 100 to 150 bushels per day, using four to six horses and the same number hands, but under very favorable circumstances will thresh more per day.

It cleans the grain thoroughly clean by one operation, which is not generally done by other Separators. Grain cleaned on this machine, with much light filthy matter, is worth one or two cents more per bushel than if cleaned in the common way. There is also a great saving of grain, in straw and chaff over the common way of thrashing and cleaning, and also over other Separators and Cleaners.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble in a barn floor as THE subscriber offers at Private Sale his value: the common thresher and shaker. It is also easily put in operation, being simple, easily managed, reliable Farm, situate on the Turnpike leading from ble, durable, compact, and cleanly to work by while in operation, not making near the dust as the com-

mon machine or ot ier Separators. Far ners can rest assured that this machine is no humbug, and judging from the high recommendation from farmers that are using them, I must come to the conclusion that it is the very machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, which I hope they will give me an opportunity, as I am willing to be responsible, as already stated, Price of Machine at Shop, (all complete, ready to attach to belt Lever or Railway Power,)

\$1,75 cash, \$180 in three months, with interest from date. As material for manufacturing advances, there may be a corresponding advance in the price of machines. The machine is fully represented in the above cut.

I warrant the machine to do as above represented. Orders solicited and promptly attended to.

The machine is manufactured in Pennsylvania and Maryland, at different shops. For further information and description of machine, address

DANIEL GEISER, Proprietor, Waynesboro & Franklin County, Penna.

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAG-GER, MAND THE LATEST IMPROVED THRESHER AND TRIPPLE-GEARED HORSE POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE, DEADY FOR PUT ON WACCOME.

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoining counties to this machine. It has been before the public for a number of years, during which time-it has given general satisfaction, and the patentee has made some very important improvements which render it still more complete, both for clean separating and cleaning, and also for the ease of draught and fast threshing. I take pleasure in recommending it to the public knowing that it will give the best satisfaction. I am manufacturing two sizes, viz:

The largest is eight horse power and will thresh and clean from 200 to 500 hushels per day. The small size. See the above which fully represents the machine, also full description, price, &c., of machine. Persons wishing machines should send in their orders in reasonable time to insure their being

## important to sugargane growers

AND MANUFACTURERS OF SYRUP! I am manufacturing different sizes of Sugarcane Mills (to be driven either by water, stea power) and Evaporators and fixtures for making Syrup; also Portable and Stationary Steam Engines for

driving Mills, Threshing Machines, Sawing Wood, &c.

I am fully prepared to make the above to order and on short notice; also
GRIST AND SAW MILL GEARING, SHAFTING AND PULLEYS, IRON BRIDGES, CAST
IRON WATER-WHEELS. IRON KETTLES, &c.

Stoves and Plow castings, also cast iron and wrought iron pipe for steam orwater, and Brass castings of every description; in a word, I am prepared to do everything usually done in a foundry and machine shop. Having supplied myself with the latest improved machinery, such as Lathes, Boring, Planing and Drilling Machines, persons can rely on having their work done in the most satisfactory manner. I am also prepared to manufacture to order machinery for wood, such as Tenging and Groving machines for flooring, Surface, Tenout and Moulding machines, &c.

l also offer to the public a new and valuable improvement in my steam engines, made within the last year wiz: for the economizing of fuel, and the regulation of speed, which renders my new engines far superior to the old engines. All my machines are sold under warrantee. My hands are all experienced workmen in this line of business, and I use all good material, so that I am perfectly safe in war-

I am also prepared to do repairing in workman like manner, on the shortest notice. Orders solicited and promptly attended to. All orders sent in for repairing must be accompanied with the cash.

For particulars and circulars descriptive of machine, address GEORGE FRICK,

Or DANIEL GEISER, Proprietor of Territory and solicitor of orders, Waynesboro, Franklin Co. Pa.

8.7:80 LOAN

THE Secretary of the Tresaury gives notice that subser intions will be level yet for Coupon Tressury Notes, payable three years from Ang. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annual principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent, gold bearing bonds, payable not less than twenty years from Collifloury, Dr. H. Rosenburg. Quincy; Mr. Hite-their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1. 000 and 5,000, and all subser intions must lie for fit. ty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free ot transportation charges as soon after the fecsipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from Angust 15, persons making deposites subsequent to that date must pay the interest accrued from date of note to date of

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Depart. nent upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be

### made from the deposits. SPECIAL ADVANTAGES OF THIS LOAN.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U.S. Notes, considers that it is paying in the best circulating medium of the country, and it caanot pay in anything better for its own assets are eicontaining SIXTY ACRES LIMESTONE ther in government securities or in notes or bonds payable in government paper, .

It is equally convenient as a tempo rary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a Six per cent. 5-20 Gold Bond. In addition to the very li beral interest on the notes for three years, this privelege of conversion is now worth about three per cent. per annum, for the curon six per cent. U.S. stocks was over twenty per loan, at the present market rate, is not less than ten

per cent. per annum. Its Exemption from State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation .-

tion in various parts of the country. It is believed that no securities offer so great inducements to lenders as those is ued by the government. In all other forms of indetedness, the faith or ability of private parties, or stock companies, or seperate communities, only, is pledged for payment,

while the whole property is held to secure the discharge of all the obligations of the United States. While the government offers the most liberal terms for its loans, it believes that the very stronggood FRAME BARN, and other buildings, with est appeal will be the loyalty and patriotism of the

Duplicate certificates will be issued for all'depos its. The party depositing must endorse upon the original' certificate the denomation of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwart ed to the Treasury Department.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories FIRST NATIONAL BANK OF WAYNES. BORO'.

EVERY FACILITY TO SUBSCRIBE. Aug. 19-3m.
