### A POIC FOR THE TIMES.

White war's fierce peals alarm us,  
Or victory's shouts of triumph,  
The clamor notes of local news,  
Of little news, or breaks, or stews,  
Are equally engaging.

The former often shock or please,  
But such emotions quickly cease,  
But when jewels bright and gay,  
In multitudinous array,  
Our serious thoughts assuaging—

Are placed to view at Grove's old stand,  
To brighten eye, or ear, or hand,  
To decorate the lass or lad,  
To beautify the calm or sad,  
Oh, every heart's delighted!

With rings, and pins, and bracelets bright,  
Glistening like the stars of night,  
On wrist and fingers, breast and ear,  
Like seraphs fair the youth appear!  
With beauty's splendors freighted

With timbrels, lockets, mourning sets,  
Earrings, gold-chains, and ecstasies of jet,  
Stocks, jewelry, belt-slides and hooks,  
All of the latest styles and looks,  
I'm sure you'll be delighted.

Eight-day, alarm, thirty-hour, and fancy clocks;  
Spectacles, and a full assortment of jewelry,  
Of the latest styles and most elegant finish, watches

### Beware of Counterfeits

As Kunkel's Bitter Wine of Iron is the only safe  
and effectual remedy in the known world for the  
permanent cure of Dyspepsia and Debility, and as  
there are a number of imitations offered to the public,  
we would caution the community to purchase  
none but the genuine article, manufactured by S. A.  
KUNKEL & BRO., and has their stamp on the top of  
the cork of every bottle. The very fact that others  
are attempting to imitate this valuable remedy,  
proves its worth and speaks volumes in its favor.

The Bitter Wine of Iron is put up in 75 cent and  
\$1 bottles, and sold by all respectable druggists  
throughout the country. Be particular that every  
bottle bears the fac simile of the proprietors' signature.

This Wine includes the most agreeable and effi-  
cient Salt of Iron we possess: Citrate of Magnesia  
(Oxide combined), with the most energetic of vege-  
table tonics, Yellow Peruvian bark. The effect in  
many cases of debility, loss of appetite, and general  
prostration, of an efficient Salt of Iron, combined  
with our valuable Nervine Tonic, is most happy—  
It augments the appetite, raises the pulse, takes off  
muscular stiffness, removes the pallor of debility,

## Improved Thrashing Machine!

Farmers will please look at the great advantage in Thrashing  
Grain with

### GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.

At a time like the present, when labor is very scarce, it is important that farmers who are interested  
should give attention to the above improvement, which will considerably reduce the expense of thrashing  
grain over the common way.

This machine has been before the public for a number of years, but not very widely circulated, al-  
though it has competed with all the best of the different patented Grain Separators, and proved a decid-  
ed advantage; and now has the reputation of being the best Separator ever before the public. In order  
to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test  
to any person desiring a trial, and have its merits tested; and I wish to have it understood that I put the  
machine upon its own merits, and want farmers to judge for themselves. If it does not fully meet their  
wants and they do not wish to purchase, I am perfectly willing to bear all expenses of shipping.

The machine is particularly adapted to farmers for their own use, and will apply to lever or railway  
power, will thresh and clean in good order from 100 to 150 bushels per day, using four to six horses and  
the same number hands, but under very favorable circumstances will thresh more per day.

It cleans the grain thoroughly clean by one operation, which is not generally done by other Separators.  
Grain cleaned on this machine, with much less filthy matter, is worth one or two cents more per bush-  
el than if cleaned in the common way. There is also a great saving of grain, in straw and chaff over  
the common way of thrashing and cleaning, and also over other Separators and Cleaners.

The machine is conveniently arranged for hauling and thrashing, being permanently fixed on two  
wheels. One man can easily move or shift it about, so that it is not half the trouble in a barn floor as  
the common thrasher and shaker. It is also easily put in operation, being simple, easily managed, reliable,  
durable, compact, and clean to work by while in operation, not making near the dust as the com-  
mon machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation  
from farmers that are using them, I must come to the conclusion that it is the very machine that farmers  
want and will have as soon as they have an opportunity to appreciate and attest its merits, which I hope  
they will give me an opportunity, as I am willing to be responsible, as already stated.

Price of Machine at Shop, (all complete, ready to attach to belt Lever or Railway Power,)  
\$175 cash, \$180 in three months, with interest from date.

As material for manufacturing advances, there may be a corresponding advance in the price of ma-  
chines.—The machine is fully represented in the above cut.  
I warrant the machine to do as above represented. Orders solicited and promptly attended to.  
The machine is manufactured in Pennsylvania and Maryland, at different shops.

For further information and description of machine, address  
**DANIEL GEISER, Proprietor,**  
Waynesboro, Franklin County, Penna.

## Waynesboro Foundry AND MACHINE SHOP.

GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAG-  
GER, AND THE LATEST IMPROVED THRESHER AND TRIPPLE-GEARED HORSE  
POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE,  
READY TO PUT ON WAGONS.

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoining  
counties to this machine. It has been before the public for a number of years, during which time it  
has given general satisfaction, and the patentee has made some very important improvements which  
render it still more complete, both for clean separating and cleaning, and also for the ease of draught and  
fast thrashing. I take pleasure in recommending it to the public knowing that it will give the best satis-  
faction. I am manufacturing two sizes, viz:  
The largest is eight-horse power and will thresh and clean from 200 to 500 bushels per day.  
The small size. See the above which fully represents the machine, also full description, price, &c., of  
machine. Persons wishing machines should send in their orders in reasonable time to insure their being

every description; in a word, I am prepared to do everything usually done in a foundry and machine  
shop. Having supplied myself with the latest improved machinery—such as Lathes, Boring, Planing  
and Drilling Machines, persons can rely on having their work done in the most satisfactory manner.  
I am also prepared to manufacture to order machinery for wood, such as Tapping and Grooving ma-  
chines for flooring, Swages, Tenon and Moulding machines, &c.

I also offer to the public a new and valuable improvement in my steam engines, made within the  
last year, viz: for the economizing of fuel, and the regulation of speed, which renders my new engines  
far superior to the old engines. All my machines are sold under warranty. My hands are all experi-  
enced workmen in this line of business, and I use all good material, so that I am perfectly safe in war-  
ranteeing all my work.

I am also prepared to do repairing in workman like manner, on the shortest notice. Orders solicited  
and promptly attended to. All orders sent in for repairing must be accompanied with the cash.
