

VILLAGE RECORD. WAYNESBORO. Friday, January 13, 1865.

Forever float that standard sheet! Where Freedom's will beneath our feet, And Freedom's banner streaming o'er us!

OUR TERMS: The following are our terms for subscription, advertising and job work, to which we will strictly adhere whilst the present "war prices" continue.

PUBLIC SALES: We invite special attention to the sales in our advertising columns, to come off as follows:

FOR RENT: A house and lot near Waynesboro. Apply to Abram Barr.

ADVISE GRATIS: We advise our farmer friends and all others who purpose to sell of their Real Estate or Personal Property between this and Spring, to advertise their sales extensively, both by newspaper and handbills.

APPOINTMENTS: The County Commissioners have made the following appointments for the present year: Clerk, George Foreman; Attorney, John Stewart, Esq; Physician to Prison, Dr. J. C. Richards; Mercantile Appraiser, H. E. Wertz.

WHY MORE MEN ARM NEEDED: The New York Post says: "The question at issue now is nothing less than this: Shall the war be closed in another campaign, or shall we permit it to drag on for another year, or perhaps, two or three years? If the country comes to the help of the armies in the field, Lee's army can be destroyed within sixty days; and in that case the rebels will not have a single formidable army east of the Mississippi.

THE QUOTAS: We learn from the Harrisburg Telegraph that no definite quota has yet been assigned to Pennsylvania, by the authorities at Washington, and consequently the quotas of the different districts have not been fixed.

A terrible accident occurred at Baltimore on Friday last to the workmen engaged in removing the buildings for the widening of Holliday street, between Fayette and Baltimore. One of the buildings which had been carefully overloaded with bricks fell, carrying seven men down with the ruins. Three were killed, and the other four injured.

A remarkable article has appeared in one of the Richmond papers, which is strongly suspicious as being written by Jeff. Davis, concerning the failure of the so-called Confederacy to declare her independence.

The story goes that, when things were working so badly in the Shenandoah Valley, Secretary Stanton applied to Gen. Grant for a remedy. "Send me," says the Secretary, "the very best man you have got in the army."

An important order has just been issued by Provost Marshal General Fry, announcing that under the recent call for three hundred thousand troops, issued on the 19th of last month, the numbers specified must actually be placed in the field.

It is rumored that Gen. Sherman has communicated to the President, that the Georgia State authorities are prepared to come back into the Union, and that Secretary Stanton's visit to Savannah has some connection with this subject.

In the House of Representatives on Monday the joint resolution for the abolition of slavery by constitutional amendment was discussed, and speeches were made by Messrs. Yeaman and Mallory of Kentucky, Merrill of Vermont, Odell and Elijah Ward of New York, but without coming to a vote.

The season of the year has come when fires are most frequent, and it becomes everybody, for their own safety and of their neighbors, to use great caution to avoid them. A single spark of fire in ashes put in a wooden vessel may lay waste a block of buildings; a coal may snap out from a hole in the stove, a fire may kindle from a defective chimney, with the same result.

FROZEN POTATOES: The following from the Germantown Telegraph should be remembered by every farmer raising potatoes: If your potatoes freeze in the cellar don't wait for them to thaw, but throw them into a conical heap, either where they are, or in the open air and cover with dirt, straw, shavings, old clothes, or chaff, packed tight round them and they are safe.

NEW COUNTERFEITS: The following new counterfeiters upon Pennsylvania Banks, have made their appearance since the 1st ult: Bank of Chambersburg—10s, altered from 1s; vig, on right man and child; best of Washington; left end Franklin; well done.

Advice from the Army of the Potomac report no military events of importance. Four deserters were executed on Friday. The Rebels are sending their poorhouse paupers within our lines, being unable to feed them.

The attention of farmers and dealers in cows is invited to the advertisement of A. S. & J. Adams. The Oil City Monitor, published in Venango county, says that a farm of fifty acres in that county is valued at \$25,000,000!

AUGUSTA, Me., Jan. 5.—Mr. Fessenden was unanimously nominated for United States Senator for six years, from March 4, 1865, by both the Senate and House caucuses.

REMOVAL OF GEN. BUTLER. GEN. ORD TO SUCCEED TO HIS COMMAND. The following special despatch from Mr. S. Cadwallader, the City Post correspondent of the New York Herald, appeared in that paper yesterday:

WASHINGTON, Jan. 8.—Richmond papers of Friday, January 6, in addition to what has been already telegraphed, contain the following: "A violent tornado passed over Middle Alabama on December 27th, killing fifteen persons, demolishing a large number of houses, and destroying the railroad bridge on the Montgomery and West Point Railroad, twenty miles east of Montgomery. The amount of damage done was immense."

Rebel News. WASHINGTON, Jan. 8.—Richmond papers of Friday, January 6, in addition to what has been already telegraphed, contain the following: "A violent tornado passed over Middle Alabama on December 27th, killing fifteen persons, demolishing a large number of houses, and destroying the railroad bridge on the Montgomery and West Point Railroad, twenty miles east of Montgomery. The amount of damage done was immense."

Fearful Railroad Collision. York, Pa., Sunday, Jan. 8.—Yesterday morning, at seven o'clock, a terrible railway accident occurred on the Northern Central Railroad, near this town. So far as could be ascertained in the confusion and excitement that prevailed, the particulars are as follows: It seems that the express train from Baltimore having been delayed was approaching New York at a rapid rate. When it had reached a point about 1 1/2 miles from York it came in contact with a freight train going south, which was running quite fast.

The Guerrillas. Capture of a Party of Mosby's Men. WASHINGTON, Jan. 5.—The Star says: "We have information of the capture of a captain, lieutenant and seven men of Mosby's command, who contemplated a raid on the Baltimore and Ohio Railroad. The party crossed the river at Darnestown, dressed in citizens' clothes, for the purpose of taking the cars at the Relay House to proceed to Point of Rocks, where they would tap the Baltimore and Ohio road. Upon reaching the Relay House, information of their movements having previously reached Gen. Tyler, who commands the post at that point, they were arrested. A large amount of money and papers containing information of value to our authorities, is said to have been found upon their persons. There are some matters of interest in connection with this capture which it is not judicious to publish at this time."

REVOLUTIONARY HEROES.—On the first of January, 1864, there were but twelve of these aged veterans remaining. Since then seven are known to have died, and the five who are supposed to be still living are the following: Lemuel Cook—enlisted at Hatfield, Mass.; is now about ninety-eight years of age, and resides in Clarendon, Clarendon county, New York.

CURE FOR THE SMALL-POX.—Every reader should preserve the following recipe for reference, in cases of necessity. It is vouchsafed for by the Eastport (Me.) Sentinel as a sure cure: Give the patient two tablespoonfuls of a mixture of hop yeast and water sweetened with molasses so as to be palatable, equal parts of each three times a day. Diet—Boiled rice and milk, and toasted bread moistened with water, and without butter. Eat no meat. Give catnip tea as often as the patient is thirsty. Give physic when necessary. If the above treatment is strictly followed, no marks of small-pox will remain.

HOBBLE ACCIDENT.—Three little children were burned to death in West Buffalo township, Union county, on Friday evening week, named Strickler. The origin of the fire is not exactly known. The parents were both absent—Mr. Strickler was lumbering in the mountains, and Mrs. S. was out of the house a few moments attending to domestic duties. Returning, she found the inside of the dwelling in flames, but was unable to rescue her children, whom she had left in supposed safety. The oldest child was three and a half years and the youngest but a few months old.

THE ALTAR. On the 5th inst., at the residence of the bride's mother, by the Rev. H. C. Lester, Mr. JOHN W. SHANK, to Miss SUSIE A. FUNK, both of this vicinity.

THE TOMB. Near Burkettville, Frederick county, Md., on the 10th ult., Mr. JOHN AUSHERMAN, aged 73 years and 4 months. The deceased was a very worthy and much-esteemed citizen.

PUBLIC SALE! THE subscribers respectfully announce to the public that they have made a discovery which is of great importance to Farmers, Dairy-men and Dealers in Cows generally. By a combination of certain marks with upwards of six years experience in testing the theory they are enabled with certainty to distinguish among cows the good milkers and creamers from those just the opposite. They profess not only to be able to point out the good qualities in milk cows, but in heifers and even calves 3 or 4 weeks old, and will guarantee the theory to hold good in all cases, provided the animal be healthy and the directions given be strictly adhered to.
