

FROM EUROPE.

The London Press on the American War.

New York, March 21.—The steamship City of London, from Liverpool on the 8th and Queenstown on the 9th inst., arrived this morning.

It is reported that the Emperor Louis Napoleon has firmly resolved on maintaining the Empire of Mexico and the honor of the French flag.

The London Star repudiates the rumors of a possible war between Europe and America.

The French minister of public instruction has tendered his resignation, but Napoleon refuses to accept.

In the absence of later news from America, which was anxiously expected, the result of the fall of Charleston continued to be eagerly canvassed.

The Federals have recovered their military reputation, but if the South is still resolved to stand out to the end, they have made but little progress towards a conclusion of the war.

In another editorial the Times says the signs of Confederate exhaustion have brought us to that turning point which places us within sight of the final scene and the part we shall be called upon to play in it, as the Federal Government will maintain a quarrel with England in the shape of claims which she does not acknowledge.

The Times argues that the Washington Government will show its wisdom by not attacking immediately on the conclusion of peace, but it will be for our English statesmen at the proper time to see that the quarrel is not allowed to hang over till it suits American convenience and opportunity.

THE GREAT FRESHETS. \$2,000,000 of Property Destroyed in Oil City.

PITTSBURG, March 20.—Telegraphic communication with Oil City not being established, we can give but meagre details of the losses of the late flood.

Oil City was completely flooded, and many business offices were floated away by the water, which rose with unprecedented rapidity.

Derrieks, tanks containing large quantities of oil, came down, and the river was floored with floating barrels, most of them filled with oil.

Considerable oil in barrels will be recovered, having floated into eddies below this city, and left aground by the receding waters.

A Terrible Tragedy. Intelligence has reached this city of a most deplorable tragedy which occurred in Wye Neck, Queen Anne's county, Md., on Wednesday last, resulting in the instant death of John B. Paea and his uncle, Alfred Jones.

BALTIMORE, March 18.—There is great uneasiness here in business circles relative to the decline in prices. Our loyal merchants and traders, whose confidence in the rapid decline of the rebellion admonished them of a probable heavy decline in prices, were careful to keep very light stocks, and hence are safe.

Chief Justice Chase is after a class of men who maintain respectable positions, and who have yet been among the bitterest of the nation's enemies.

The President has appointed the Hon. John Bigelow, of New York, our present Charge d' Affaires at Paris, to be Envoy Extraordinary and Minister Plenipotentiary at the Court of France.

A three cent copper coin has been ordered by law—to be a legal tender up to sixty cents. The three cent postal currency is to be withdrawn.

The price of the Richmond daily papers is now \$100 per year; \$50 for six months; \$25 for three months, and \$10 for one month; single copies 50 cents.

England has recognized Maximilian as Emperor of Mexico.

THE TOMB. Near Upton, on the 13th inst., of Pneumonia, HARRY MILTON, infant son of Rev. Henry C. and Mary Lesher, aged 1 month and 11 days.

MARKETS. PHILADELPHIA CATTLE MARKET, March 20.—The arrivals and sales of Beef Cattle at Phillips' Avenue Drove Yard reach about 1,700 head this week.

PHILADELPHIA March 21.—Business continues very dull and unsettled, and prices of all the leading articles of produce are lower, owing to the further decline in gold.

GRAIN.—There is very little demand for wheat, and prices are rather lower. Small sales are making at from 225@235c for reds, the latter rate for choice, and white at from 240@250c per bu. as to quality.

SEEDS.—Flaxseed is selling at \$3 3/4 per bushel. Timothy is quiet and quoted at \$5@5 1/2 per bushel.

DOCTOR JOHN A. RUYER, FORMERLY A. A. SURGEON, U. S. A., and examining Surgeon, Norfolk, Va., who had been stationed in the Hampton Hospital, Fortress Monroe, has commenced the practice of Medicine and Surgery in this place and will attend promptly to all calls or application for information.

PERSONS who gave their notes at the sale of the subscriber on the 10th day of March, 1864, are notified that the same was duly on the 10th instant. Prompt payment is demanded.

These bonds are now worth a premium of nine per cent, including gold interest from Nov., which makes the actual profit on the 7-30 loan, at current rates, including interest, about ten per cent. per annum, besides its exemption from State or municipal taxation, which adds from one to three per cent. more, according to the rate levied on other property.
