ARRIVAL! Improved Thrashing Machine!

Farmers will please look at the great advantage in Thrashing

GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR,

At a time like the present, when labor is very scarce, it is important that farmers who are interested should give attention to the above improvement, which will considerably reduce the expense of threshing

CLEANER AND BAGGER.

grain over the common way. This machine has been before the public for a number of years, but not very widely circulated, al-Barley, Pearl Sago, Flavoring Extracts, viz:

This machine has been before the public for a number of years, but not very wheely circulated; all the best of the different patented Grain Separators, and proved a decid-lemon, Vagilla, Strawberry, Pine Appeted with the best of the best of the best of the best Separator ever before the public. In order Lemon, Vacilla, Strawberty, Raspberry, Pine Apolic though it has competed with all the best of the different patented Grain Separators, and proved a decid-ple, Orange, Banana, Celery, Pear, Peach, Nutmeg, &c. Fresh Spices; Black Pepper and all other articles in that line. It is not known, I am willing to forward a machine for a test to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test to prove this in new neighborhoods where it is not known, I am willing to forward a machine upon its own merits, and have its merits tested; and I wish to have it understood that I put the machine upon its own merits, and want farmers to judge for themselves. If it does not fully meet their machine upon its own merits, and want farmers to judge for themselves. If it does not fully meet their machine upon its own merits, and want farmers for their own-use, and will apply to lever or railway to machine upon its own merits, and cleen, in good grain, from 100 to 150 bushels per day, using four to six horses and they do not wish to farmers for their own-use, and will apply to lever or railway to power, will thresh and cleen, in good grain, from 100 to 150 bushels per day, using four to six horses and the same num ber hards, but under very favorable circumstances will thresh more per day.

It cleans the grain thoroughly clean by one one attended in the opportunity of the different patents. In order to prove this in new neighborhoods where it is not known, I am willing to forward a machine to prove this in new neighborhoods where it is not known, I am willing to prove this in new neighborhoods where it is not known, I am willing to be an all expenses of shipping.

It cleans the grain thoroughly clean by one operation, which is not generally done by other Separators. line from the United States Well on Pithole, known Grain cleaned on this machine, with much light filthy matter, is worth one or two cents more per bushel than if cleaned in the common way. There is also a great saving of grain, in straw and chaff over

the common way of threshing and cleaning, and also over other Separators and Cleaners.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble in a barn floor as the common thresher and shaker. It is also easily put in operation, being simple, easily managed, reliable, durable, compact, and cleanly to work by while in operation, not making near the dust as the common machine or other Separators.

For ners can rest assured that this machine is no humbug, and judging from the high recommendation from farmers that are using them, I must come to the conclusion that it is the very machine that farmers herewith submitted to the public without further want and will have as soon as they have an opportunity to appreciate and attest its merits, which I hope comment. they will give me an opportunity, as I am willing to be responsible, as already stated, Price of Machine at Shop, (all complete, ready to attach to belt Lever or Railway Power,) \$1,75 cash, \$180 in three months, with interest from date.

As material for manufacturing advances, there may be a corresponding advance in the price of machines. The machine is fully represented in the above cut.

I warrant the machine to do as above represented. Orders solicited and promptly attended to.

The machine is manufactured in Pennsylvania and Maryland, at different shops.

The machine is manufactured in a societion of machine, address

| Superior Workmanship | Collect well of never-failing water near the door and a variety of choice young truit trees on the premises. About 3 act is of this land would make a fine who desire.

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoinlag counties to this machine. It has been before the public for a number of years, during which time it has given general satisfaction, and the patentee has made some very important improvements which render it still more comp'ete, both for clean separating and cleaning, and also for the case of draught and fast threshing. I take pleasure in recommending it to the public knowing that it will give the best satis-

faction. I am manufacturing two sizes, viz: The largest is eight-horse, power and will thresh and clean from 200 to 500 bushels per day. The small size. See the above which fully represents the machine, also full description, price, &c., of machine. Persons wishing machines should send in their orders in reasonable time to insure their being

important to sugargane growers AND MANUFACTURERS OF SYRUP!

I am manufacturing different sizes of Sugarcane Mills (to be driven either by water, steam or horsepower) and Evaporators and fixtures for making Syrup; also Portable and Stationary Steam Engines for driving Mills! Threshing Machines, Sawing Wood, &c.

I am fully prepared to make the above to order and on short notice; also
GRIST AND SAW MILL GEARING, SHAFTENG AND PULLEYS, IRON BRIDGES, CAST

IRON WATER-WHEELS, IRON KETTLES, &c, Stoves and Plow castings, also cast iron and wrought iron pipe for steam orwater; and Brass castings of every description; in a word, I am prepared to do everything usually done in a foundry and machine shop. Having supplied myself with the lutest improved machinery, such as Lathes, Boring, Planing and Pulling Machiner and Drilling Machines, persons can rely on having their work done in the most satisfactory mannerl am also prepared to manufacture to order machinery for wood, such as Tonging and Groving machines for flooring, Surface, Tenout and Moulding machines, &c.

I also offer to the public a new and valuable improvement in my steam engines, made within the last year, viz: for the economizing of fuel, and the regulation of speed, which renders my new engines far superior to the old engines. All my machines are sold under warrantee. My hands are all experienced workmen in this line of business, and I use all good material, so that I am perfectly safe in war-

ranking all my work.

I am also prepared to do repairing in workman like manner, on the shortest notice. Orders solicited and promptly attended to. All orders sent in for repairing must be accompanied with the cash. For particulars and circulars descriptive of machine, address

GEORGE FRICK, Or DANIEL GEISER, Proprietor of Territory and solicitor of orders, Waynesboro, Franklin Co. Pa.

The Great Invention of the Age in HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT. THIS INVENTION consists of Duplex (or two) ELLIPTIC PURE REFINED STEEL SPRINGS, INGENIOUSLY BRAIDED TIGETLE and FIBMLY together, EDGE to EDGE, making the foughest, most plexible, plastic and durable Spring ever used. They seldom bend or BREAK, like the Single Springs, and consequently preserve their perfect and beautiful Shape more than twice as long as any Single Spring Skirt that Ever

Has or Can be made.
THE wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Operas Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be tolded when in use to occupy a small plact as easily and conveniently as a Silk or

Muslin Dress. A Lady having Enjoyed the Pleasure, Comfort and Great Convenience of wearing the Duplex El-liptic Steel Spring. Skirt for a single day will Never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are supe-

ior to all others. THE HOOPS are covered with 2 ply double twisted thread and will went twice as long as the Single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c. which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect Shape possible, and are unquestionably the lightest, must estrable, comfortable and economical Skirt ever
