They are a sure preventive of Lung Fever, and a certain remedy for all Diseases incident to the Horse, such as Glanders, Yellow Water, Distemper, Founder, Hooves, Stomachic, Coughs, Evers, Loss of Appetite, and Vital Energy.

In poor, low-spirited animals, it has the most beneficial effect.

**Improved Threshing Machine!**

**Farmers will please look at the great advantage in Threshing Grain with**

**GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.**

At a time like the present, when labor is very scarce, it is important that farmers who are interested should give attention to the above improvement, which will considerably reduce the expense of threshing grain over the common way.

This machine has been before the public for a number of years, but not very widely circulated, although it has competed with all the best of the different patented Grain Separators, and proved a decided advantage, and now has the reputation of being the best Separator ever before the public. In order to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test to any person desiring a trial, and have its merits tested; and I wish to have it understood that I put the machine upon its own merits, and want farmers to judge for themselves. If it does not fully meet their wants and they do not wish to purchase, I am perfectly willing to bear all expenses of shipping.

The machine is particularly adapted to farmers for their own use, and will apply to lever or railway power, will thresh and clean in good grain, from 100 to 150 bushels per day, using four to six Horses and the same number hands, but under very favorable circumstances will thresh more per day.

It cleans the grain thoroughly clean by one operation, which is not generally done by other Separators. Grain cleaned on this machine, with much light filthy matter, is worth one or two cents more per bushel than if cleaned in the common way. There is also a great saving of grain, in straw and chaff over the common way of threshing and cleaning, and also over other Separators and Cleaners.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble in a barn floor as the common thrasher and shaker. It is also easily put in operation, being simple, easily managed, reliable, durable, compact, and clean to work by while in operation, not making near the dust as the common machine or other Separators.

For men can rest assured that this machine is no humbug, and judging from the high recommendation from farmers that are using them, I must come to the conclusion that it is the very machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, which I hope they will give me an opportunity, as I am willing to be responsible, as already stated.

Price of Machine at Shop, (all complete, ready to attach to belt Lever or Railway Power), \$1,75 cash, \$180 in three months, with interest from date.

As material for manufacturing advances, there may be a corresponding advance in the price of machines. The machine is fully represented in the above cut.

Orders usually called and promptly attended to. The machine is particularly adapted to Pennsylvania and Maryland, at different shops.

**Stonebreaker's NERVE, BONE AND CORN LINIMENT FOR MAN OR BEAST.**

**WARRANTED TO CURE Rheumatism, Sprains, Swelled Joints, Sore Throat, Frost Bites, Poison, Old Sores and Bruises, Fresh Cuts, Corns, Mumps, Tetters, Pains in the Limbs and Back, Swampy, on Man or Beast, Saddle or Collar Galls, Distemper, Scalds, &c., on Horses and Mules; and all Diseases requiring an External Remedy.**

The attention of the public is respectfully directed to the above Preparation, as being one of the best and most efficacious external remedies now in use. This fact is based upon the testimony of thousands of persons who have used it.

From the vast amount of good this Liniment has done in all cases wherein it has been used, and the frequent application made for it, the proprietor has been induced to place it before the public; and let it stand upon its own good merits, knowing that in every case where it is used, it will "recommend itself." All he asks is a fair and impartial trial; and if used according to directions, and no benefit, no charge. Having such unlimited confidence in its curative powers, he has directed his Agents to refund the money in all cases where this Liniment is used with no benefit, the bottle with a portion of its contents to be returned to the Agent.

It will be found a sure remedy for Rheumatism, Sprains, Swelled Joints, &c., and in fact, for all the ailments for which it, exceeds any article of the kind yet tried.

It is also an infallible cure for many diseases of Horses, such as Kicks, Snags, Swellings, Sprains, Old Sores, Scalds, Collar and Saddle Galls, and all diseases requiring an external remedy for Horses and Cattle, it has no equal.

This Liniment should be in the hands of every family, particularly where there are children, as Sore Throat, Scalds, Croup, Quinsey, &c., are diseases that carry many children to their graves. This Liniment will be found a sure and speedy relief in every case where it is applied in time. As this Liniment is warranted, to give satisfaction in all cases; no one can risk anything in trying it—and if the bottle is used you will never be without it in the house—so purchase a bottle and be convinced of the facts above.

**STONEBRAKER'S HORSE & CATTLE POWDERS**

Give your Horses STONEBRAKER'S HORSE AND CATTLE POWDERS, if you want fine and healthy horses, and you are sure to have them. A safe, sure and speedy cure for Coughs, Colds, Distempers, Hives, Hiccups, Worms, Bot, Scoury, &c., in Horses, Loss of Cud, Black Fungus, etc., in Cattle.

By the use of these POWDERS the appetite of the Horse is improved, all derangements of the Digestive organs are corrected, and the sluggishness of the animal disappears, he becomes lively and spirited. It softens the skin giving the hair black and shining appearance. The great superiority of these Powders over all others arises from the fact that they are compounded of medicines that have laxative, tonic and purifying properties. The laxative removes all impurities from the stomach and bowels; the tonic adds new tone and vigor to the system of the horse, by which the appetite is wonderfully improved, and the purifying medicines contained in them, cleanse the blood from all impure matter, and give a healthy and vigorous circulation; they also improve the wind, and are a sure preventive of Lung Fever, Yellow Water, Founder, Loss of Appetite, and many other diseases incident to the horse.

It is also invaluable as a Condition Powder for Cows, increasing the flow of Milk and preventing disease. All persons owning cows should ask for STONEBRAKER'S HORSE AND CATTLE POWDERS, as it is very important through the winter that they should be used to improve the condition of the cow. They have no equal for fattening cattle, as they give them an appetite, and loosen their hid; by which they thrive much faster.

They should be used in the beginning to fatten Hogs, as such feed may be saved. These powders will be found much stronger than the most powders now in use, and at the same time the most powerful tonic ever used for Horses and Cattle of any kind. All persons are particularly invited to try these Powders, knowing they will continue to use them.

**FIRST CASH DRUG STORE IN WAYNESBORO, PA.**  
**M. M. STONER, Druggist,**

VERY THANKFUL to his friends and customers for the very liberal encouragement received in his "old business" he hopes that the introduction of the cash system will add to their interest and his advantage in continuing their favors. He believes a distinction ought to be made between cash and credit and he intends to exhibit it in the prices of his articles offered for sale. Call and see, and if not so, purchase where ever you can get the cheapest, the best article at the lowest price. His assortment is more general than is usually found in country Drug Stores. He has quite a variety of Books, &c., which he will dispose of cheap for cash, intending to close it, considering it no part of his business, and has adopted this motto, "give and let give, support and supporting."

**Waynesboro' Foundry AND MACHINE SHOP.**

GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER, IMPROVED INDIGO THRESHER AND TRIPPLE-GEARED HORSE POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE, READY TO PUT ON WAGONS.

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoining counties to this machine. It has been before the public for a number of years, during which time it has given general satisfaction, and the patentee has made some very important improvements which render it still more complete, both for clean separating and cleaning, and also for the ease of draught and fast threshing. I take pleasure in recommending it to the public knowing that it will give the best satisfaction. I am manufacturing two sizes, viz:  
The largest is eight-horse power and will thresh and clean from 400 to 500 bushels per day.  
The small size. See the above which fully represents the machine, also in description, price, &c., of machine. Persons wishing machines should send in their orders in reasonable time to insure their being filled.

**IMPORTANT TO SUGARCANE GROWERS AND MANUFACTURERS OF SYRUP!**

I am manufacturing different sizes of Sugarcane Mills (to be driven either by water, steam or horse-power) and Evaporators and fixtures for making Syrup; also Portable and Stationary Steam Engines for Jiving Mills, Threshing Machines, Sawing Wood, &c.

I am fully prepared to make the above to order and on short notice; also  
GRIST AND SAW MILL GEARING, SHAFING AND PULLEYS, IRON BRIDGES, CAST IRON WATER-WHEELS, IRON KETTLES, &c.

Stoves and Plow castings, also cast iron and wrought iron pipe for steam or water, and Brass castings of every description; in a word, I am prepared to do everything usually done in a foundry and machine shop. Having supplied the public with the latest improved machinery, such as Lathes, Boring, Planing and Drilling Machines, persons can rely on having their work done in the most satisfactory manner. I am also prepared to manufacture to order machinery for wood, such as Tonging and Groing machines for flooring, Surface, Tenon and Moulding machines, &c.

I also offer to the public a new and valuable improvement in my steam engines, made within the last year, viz: for the economizing of fuel, and the regulation of speed, which renders my new engines far superior to the old engines. All my machines are sold under warranty. My hands are all experienced workmen in this line of business, and I use all good material, so that I can perfectly save in warranting all my work.

I am also prepared to do repairing in workman like manner: on the shortest notice. Orders solicited and promptly attended to. All orders sent in for repairing must be accompanied with the cash.

For particulars and circulars descriptive of machine, address
