should give attention to the above improvement, which will considerably feduce the expense of threahing grain over the common way. This machine has been before the public for a number of years, but not very widely circulated, al-though it has competed with all the best of the different patented Gmin Separators, and proved a cecid-ed advantage, and now has the réputation of being the best Separator ever before the public. In order to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test to any person desiring a trial, and have its marite tested; and I wish to have, it understood that I put the machine upon its own marits, and wahf formers to judge for themselves. GEISER'S PATENT SELF-REGULATING GRAIN SEPÁRATOR, CLEANER AND BAG-GER: AND THE LATEST IMPROVED THRESHER AND TRIPPLE-GEARED HORSE POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE, READY TO PUT ON WAGONS.

I, the undersigned, desire to call the attention of Fairners and Threebermen of Franklin and adjoin-ing counties to this machine. It has been before the public for a number of years, during which time it has given general satisfaction, and the patentee has made some very important improvements which reh-der it still more complete, both for clean separating and cleaning, and also for the case of draught and fast threshing. I take pleasure in recommending it to the public knowing that it will give the best satis-faction. I am main functuring two sizes, viz : The largest is eight-horse power and will thresh and clean from 200 to 500 bushels per all of all. The small size.
