Farmers will please look at the great advantage in Thrashing

GEISERS' PATENT SBLF-REGULATING GRAIN SEPARATOR,

CLEANER AND BAGGER.

At a time like the present, when labor is very scarce, it is important that farmers who are interested should give attention to the above improvement, which will considerably reduce the expense of threshing

grain over the common way. This machine has been before the public for a number of years, but not very widely circulated, although it has competed with all the best of the different patented Grain Separators, and proved a decided advantage, and now has the reputation of being the best Separator ever before the public. In order to prove this in new neighborhoods where it is not known, I am willing to forward a machine for a test to any person desiring a trial, and have its merits tested; and I wish to have it understood that I put the to any person destring a trial, and want farmers to judge for themselves. If it does not fully meet their wants and they do not wish to purchase, I am perfectly willing to bear all expenses of shipping.

The machine is particularly adapted to farmers for their own use, and will apply to lever or railway

The machine is particularly adapted to farmers for their own use, and will apply to lever or railway power, will thresh and clean, in good grain, from 100 to 150 bushels per day, using four to six horses and the same number hands, but under very favorable circumstances will thresh more per day.

It cleans the grain thoroughly clean by one operation, which is not generally done by other Separators. Grain cleaned on this machine, with much light fifthy matter, is worth one or two cents more per bushel than if cleaned in the common way. There is also a great saving of grain, in straw and chaff over the common way of thrashing and cleaning, and also over other Separators and Cleaners.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble in a barn floor as the common thresher and chaker. It is also easily not in operation, being simple, easily managed, relia-

the common thresher and shaker. It is also easily put in operation, being simple, easily managed, reliable, durable, compact, and cleanly to work by while in operation, not making near the dust as the common machine or other Separators.

Far ness assured that this machine is no humbug, and judging from the high recommendation from farmers that are using them, I must come to the conclusion that it is the very machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, which I hope they will give me an opportunity, as I am willing to be responsible, as already stated,
Price of Machine at Shop, (all complete, ready to attach to belt Lever or Railway Power,)
\$1,75 cash, \$180 in three months, with interest from date.

As material for manufacturing advances, there may be a corresponding advance in the price of machines. The machine is fully represented in the above cut.

I warrant the machine to do as above represented. Orders solicited and promptly attended to.
The machine is manufactured in Pennsylvania and Maryland, at different shops.

STONEBRAKEH'S BALSAM OR PAIN KILLER.

The Great Remedy for Sore Threat or Dip-theria, Group, Neuralgia, &c., Also for Diarrhoea, Dysentery, Cholic, Cholera Morbus, Vomiting, Pains in the Stom-ach, Cramps, Frosted Feet, Chap-ped Hands, Fresh and Old Sores, Bruises, Burns, Toothache, to be used Internally and Ex-

ternally.

The attention of the public is especially called to it as a remedy for Diptheria or Sore Throat. It has been tried in hundreds of cases in different parts of the country and has never failed to cure if used in the condensation to distribute the condensation the condensation to distribute the condensation the condensati in time and according to directions. A great amount of suffering might often be saved by having a couple of bottles of this valuable medicine in the house. Try it, and it will speak wonders for itself. Read the strong testimony in its favor appended below.

As an external remedy for Croup, Sore Throat, Diptheria, Fresh Cuts, Old Sores, Chapped Hands, Burns, &c., nothing can equal it, always alleviating the most severe pains in a few minutes. Knowing it to be perfectly harmless, and having been used with unbounded success, and in many cases when nothing else would relieve, I have directed every a-gent to return the money to any purchaser if it did not give entire satisfaction, feeling confident that not one bottle in 1,000 will be returned. Parents cannot keep a more efficacious medicine

in the house, for the treatment of children, when suddenly attacked with CROUP, SORE THROAT, DIPTHERIA, SCARLETINA, &c., which so often, like a thief at night, makes such ravages among their flocks of little ones, when they are attacked with Croup, Sore Throat, and their breathing ob-structed. Then rub well the neck and chest with the Pain Killer, at the same time giving a few drops internally, and you will never have to lament their removal by those dangerous diseases. It has proven itself infallible in the last stages of Croup and Sore Throat, when given over to die. It is also a valua-ble remedy for Bronchitis, and all affections of the Throat. The Pain Killer has snatched many a child from an untimely grave; now reader, purchase a bottle or two of the Pain Killer, and it will prove

God-send in the above diseases. No person having used one bottle will ever be without it in the family. It is one of the most efficient family medicines ever offered to the public for the removal of the nervous derangements of the Stomach and Bowels, Throat, &c., and all who use it will find it so. In fact, no family should ever be

without a bottle in the house. Croap and Sore Threat are diseases which very often carry of the ration tery suddenly. It would be well in such cases to have the Balsam or Pain Killer always ready, it being an infallible remedy, by giving it internally, and at the same time saturate a flannel cloth well and let it be applied to the thoat and over the chest; it never fails to relieve if applied properly, having cured numbers of cases of the worst kind. All who have used it speak in the highest terms of it in curing Sore Throat, &c.

Dysentery is a disease of the larger and lower in-

testines, and its presence is indicated by bloody discharges, consisting of blood and slime. It is a dam-gerous malady, and must be treated with caution. The object being to restore the bowels, and to do this the Healing Balsam will be found a valuable remedy by giving a teaspoonful every 15 or 20 min-

Cramps of the stomach, and especially of the bowels, are violent affections of the muscular and nervous system. Sudden shocks of cold frequently

produce Cramps of the stomach and bowels, and for

this the Healing Balsam is an infallible remedy, by taking inwardly and bathing the stomach and bowels well with the Balsam, and lay a piece-of-flannel on wet with the same.

Diarrhea is a dangerous disease, and in many localities it is worse than others. It prostrates the patient very much, and often change of water or diet affects the bowels considerable, and causes great pain, and very often brings on Dyschtery, which is more dangerous than the first. Now Stone-braker's Balsam will effectually cure in every case.

Only try it, and be convinced of its inestimable value.

VEGETABLE COUGH SYRUP!

Coughs, Colds, Hoarseness, Croup, Whooping Cough, Asthma, Difficulty of breathing, Spitting, Spitting of Blood, First Stage of Consumption, Soreness of

the Throat, and all Affections of

the PULMONARY ORGANS. This SYRUP is an invaluable remedy for the alleviation and cure of PULMONARY DISEASES. It is prompt in its action, pleasant to the taste, and from its extreme mildness, is peculiarly applicable to the use of children and persons in delicate health. As an anodyne expectorant, it will always be found to be beneficial by alleviating and arresting the severest spells of coughing so distressing to the patient. The indispensable qualities of such a remedy for popular use, must be, certainty of operation, absence of danger from accidental over dose, and its adaption to every patient of any age or either sex. These conditions have been realized in this preparation, which, while it reaches to the foundation of diseases, and acts with unfailing certainty, is still

used, and so apparent is its usefulness and so re-markable has been its cures, that it is fast superceeding every other article of a similar kind for those The afflicted can rely upon its doing as much or more, than any other remedy in soothing the nerves, facilitating expectoration, and healing the DISEAS-

ED LUNGS, thus striking at the root of all diseas-

harmless to the delicate invalid or tender infant.

It is highly recommended wherever it has been

es and eradicating it from the system.

A trial of it is all that is necessary to convince the public of the true merits of the above preparation. All I ask is a trial of this Preparation, as it has no equal in its effects and never fails to give entire satisfaction to all who use it. We warrant it in all

cases, or the money refunded. TRY IT-ONLY 25 & 50 CENTS A BOTTLE. For sale by Dr. Jonn A. Royen. Druggist, Waynesboro', and by Country Dealers generally.
