ANOTHER VETO .- On Tuesday President Johnson sent a message to the Senate vetoing the Civil Rights B.ll. On Wednesday the question was to have been taken on the passage of the bill, notwithstanding the objections of the President, a vote of two-thirds being required in each house for that purpose. This action of the President will no effort. Nobody laments the result more doubt cause general rejoicing among the re. | than we do. The escape of the Fenian Head-Centre, James Stephens, from Ireland, is now accepted as a fact, and from that it is inferred that no general and formidable uprising against sullen attitude, and spend her future railing British rule is now meditated by the leaders of the movement on that side of the Atlantic.

The following remarks on the President's Veto are from the Norfolk (Va.) Post, and seem to deserve a wider circulation than they have yet attained:

'Since the morning of July 22, 1861, when

AN HONEST CONFESSION .- The Charlottesville (Va) Chronicle, speaking of the late war, says:

"The South has been whipped in this fight fair and square-and after a splendid we have been. But there is the rugged fact. What is to be done? We are in the Union-we are in the Union on compulsion -and we cannot get out of the Unicn .--Fighting did not get us out, and talking will not do it now. "All to whom the mortification of our sitnation is intolerable ought to go to Brazil; all who can bear the idea of remaining here ought to accept the situation broadly. That is precisely a Southern man's duty now; no whining, no cursing, no sontimentality, no faint heartedness; but a full realization of the situation, and then an acceptance or rejection of it. If rejected, then the road is to Brazil; if accepted, then, with trust in God and submission to his will, the duty is to become, in good faith, an American citizen."
