The Government have so far made preparations for the trial of Jeff Davis as to appoint counsel for the prosecution...

South America. Bombardment of Valparaiso. NEW YORK, May 1.—The steamer Costa Rica, from Aspinwall April 28, brings \$1,318,000 in treasure and fifty California passengers.

The Golden City brought down the news of a battle at Jamiltepec, in the State of Oaxaca, in the latter part of February, in which the Liberals, under Diaz, whipped the Imperialists, driving them and capturing 7,000 muskets, 5 cannons, 45 boxes of ammunition, 200 mules and a large amount of money.

The Panama Star's correspondence, after commenting upon the barbarity of the bombardment of Valparaiso, which was defenceless and without a gun or vessel to stand by, it states that from \$15,000,000 to \$20,000,000 worth of property is destroyed, nearly all belonging to British, American, and other foreign merchants...

NATIONAL CEMETERY MONUMENT.—We learn from David Wills, Esq., President of the Soldiers' National Cemetery, says the Gettysburg Sentinel, that the contract for the erection of the Monument in the Cemetery has been awarded to James G. Batterson, of Hartford, Conn., for the sum of \$47,500. This was decided by the Executive Committee, at a meeting held in New York City on Wednesday last. Mr. Batterson is the designer of the plan adopted by the Board in 1864, and the sum agreed to be paid him includes all the expenses of specifications, making plans, drawings, and models. The main shaft will be built of White Granite, and the Statuary will be made of Italian Weather Marble. The Statuary will be modeled in Rome by the most celebrated American Artists. The time given for the completion of the work is July 1st, 1868.

Mrs. Jefferson Davis has obtained permission to visit her husband at Fortress Monroe.

PHRENOLOGY.—Messrs. Fowler and Wells, 389 Broadway, have just issued a new and improved Phrenological Bust, showing the latest classification and exact location of the Organs of the Brain, designed for learners. All the newly discovered organs are given. It is divided so as to show each Organ and all the groups—Social, Executive, Intellectual, and Moral—classified. It is now extensively used in Europe, and is almost the only one in use here. There are two sizes—the largest near the size of life—is sold at \$2.00. The smaller one, which is not more than six inches high, and may be carried in the pocket, is only \$1.00. May be sent by Express, or as freight. Address, FOWLER & WELLS, 389 Broadway, New York.

A letter from Detroit states that Gen. Cass is failing fast. The veteran statesman passes most of his time in sleep, undisturbed. At rare intervals he awakens up sufficiently to ask for some of his old friends, who are sent for; but on arriving, even within the hour, he is generally asleep again. His disease is softening of the brain. He is 87 years of age.

The Fenian excitement on the Eastern frontier seems to be dying from inanition. General Meade is on the spot, and the whole affair, which never had any substantial basis, will soon be forgotten. The excitement at Quebec has very generally subsided, and the gates of the city are again permitted to remain open, instead of being closed at midnight, as they have been since the invasion alarm.

GUILTY.—The trial of Aaton-Probst, for the murder of the Deering family, at Philadelphia, was concluded on Saturday afternoon. The jury, after an absence of fifteen minutes from the court room, returned a verdict of "Guilty of murder of the first degree."

Probst received his sentence on Tuesday. HARRISBURG, May 1.—It may be gratifying to know that while Governor Curtin will evince no improper haste in signing the death warrant of Probst, he will fix such a day for the execution as will soon rid the world of such a brute.

The Government have so far made preparations for the trial of Jeff Davis as to appoint counsel for the prosecution.—The gentlemen selected are Messrs. Evarts of New York, Clifford of Massachusetts, and Rossau of Kentucky.

South America.

LOCAL MATTERS.

FOR SALE.—The Buena Vista property will be again offered for sale on the 28th inst. See advertisement.

The Good Templars meet for the admission of new members, &c. on Friday evening of each week.

RECEIVED.—We acknowledge the receipt of \$4 from W. A. Grove, Mansfield, Ohio, and \$2 from John Miller, Napoleon, Henry Co., Ohio.

MORE NEW GOODS.—Mrs. C. L. Hollenberger is now receiving another supply of new millinery goods. Ladies are invited to call and examine her stock.

COUNTY SUPERINTENDENT.—P. M. Shoemaker was elected County Superintendent at the election held by the School Directors of this county on Tuesday last.

FRUIT.—The prospects for the coming fruit crop in this region are most promising, all of which has so far, we believe escaped injury from the recent "cold snaps."

CLOTHING.—Geo. Bender, Esq., has received another supply of Ready-made Clothing, the best in market. His advertisement will be found in another column, to which special attention is invited.

NEW LIVERY.—Mr. John Richardson has opened a new Livery at the "Waynesboro' Hotel"—has fine horses and vehicles. See advertisement in another column.

PLUMB BEEF.—The lovers of good beef will be gratified to learn that David Miller has concluded to slaughter fifty-head-of-extra fat cattle for this market. See advertisement.

SEWING MACHINES.—Mr. Henry Bell has now for public inspection and sale a selection of the popular Grover & Baker Family Sewing Machines, both elastic and lock-stitch. His advertisement will appear next week. In the meantime the public are invited to call and examine them, next door to the Drug Store of Stoner & Stoner.

NARROW ESCAPE.—A gentleman from Fayetteville informs us that one of the Furnace wagons, with two tons of pig iron on, a short time since passed over the body of a boy about 15 years old, on the solid turnpike, and strange to say, so slightly injuring him that he recovered in a few days, and is now about his work as usual. The lad was intoxicated at the time.

FOUND.—A pocket book containing some money and other valuables has been left at this office. It was found near this place on Sunday morning a week. The owner can get it by paying for this notice.

ORGANS.—The Lutheran Sabbath School of Quincy recently purchased a fine Cabinet Organ for church purposes, and we understand an effort is now being made among the members of the Lutheran School here to secure a similar one. They have the means to get a fine one if the liberality is not wanting.

THE "RUSSEL" MACHINE.—Prof. C. V. Wilson, whose advertisement will be found in to-day's paper, is an authorized agent for the sale of Russel's celebrated Combined Reaper and Mower, with Dropper attachment. This machine, which is highly recommended by farmers who have used it, will be on exhibition in this place shortly.

THE BOY IN THE WELL.—Since our last issue we met with Mr. Lohman, father of the lad who was precipitated into the well. He informs us that the well was 72 feet in depth and that the depth of the water was about seven feet. The boy was in the water he thinks a full half hour. When he descended the well he found him on top of the water with just his face exposed. He was so far exhausted and chilled from the effects of the cold water that he was compelled after placing him in the bucket to tie him to the well rope, and in this way succeeded in getting him out. He is four instead of five years old as stated last week. It appears at the time the accident occurred he was looking into the well when a little brother a couple of years his senior gave him a slight push causing him to tumble in. His escape from death is certainly most remarkable, but the facts are substantially as narrated.

The refusal of a justice to marry a black man and white woman; the refusal of a hotel keeper to lodge or feed a negro; or of a church to sell a pew to a negro, subjects by the Civil Rights Bill, the offending party to a fine of \$1,000, or imprisonment, or both. Is it any wonder, then, that the negro worshippers are indignant at the veto?—Valley Spirit.

The "Southern rights" editor of the Spirit must be incurably afflicted with "nigger on the brain," or he would not resort to such a mean and shameless perversion of facts.—Some of his friends are sick enough on that subject already, and it is down-right cruelty on his part to thus keep stirring up their "bile."

A boy brought an egg to school lately in Linn county, Iowa. The teacher broke it over the child's head, and told him to go home and have his mother wash his hair.—Boy did so. Mother came with a club, hit the teacher with it over the head, and then closed one eye with her fist.

ANNUAL MEETING.—As the Annual Conference of the German Baptist church is to be held near this place this month, (May) we are authorized to give for the benefit of the public, the following:

The object of the meeting is, to transact general church business; the church will be represented by delegates from every church district in the Union; the delegations coming together thus, being composed principally of Elders and Ministers. The church has thought it for good, to let the people of the community and visitors from abroad have the benefit of public preaching, which will take place on Sabbath morning, (pentecost) to be continued till one or two o'clock P. M., after which a dinner, or meal will be served for the accommodation of all who may desire to partake of refreshments. Delegations are expected to arrive as early as the 18th and 19th, and in consequence the church here will have made preparations and be ready to receive them and minister to their wants and comforts. Public preaching commencing on Sabbath morning, an invitation is cordially extended to all who desire to hear the preached word. On Monday the delegations will commence the transactions of church business, after which there will be no public preaching on the ground, but preaching may be expected at different places of worship in the surrounding country on the evening of each day. As the probability is that the concourse of people will be large, especially on the Sabbath day, it becomes necessary that strict rules should be adopted and the public to regard them as much as possible for their safety, convenience and comfort.

Persons desiring privileges near camp, to sell eatables, or feed, will apply to the committee. The selling of strong or intoxicating drink will not be admitted on or near the ground, or camp.

The statement you published some time ago, copied from the Repository, is not correct, at least in part. For instance, "10,000 coming from Illinois." It is more likely for less than two hundred than that number.—If 10,000 or 12,000 people will collect at the meeting, it will be thought an immense concourse of people for a country collection, eleven miles distant from railroad transportation.

The report of the Repository has been copied and circulated far and wide, and seemingly has excited people in reference to the very large collection. If not asking too much of the Repository, it is the desire of the committee that the publishers recall the former statement, as far as practicable, and insert the above.

D. F. GOOD, of Com. of Arrangements.

IMPORTANT TO FARMERS.—It will be seen by reference to our advertising columns that Mr. Daniel Geiser has taken the room formerly occupied as a flower and feed store by Messrs. Walter & Elden, and is prepared to receive orders for the best farming implements, such as the Improved Buckeye Reaper and mower combined; the American Hay Fork and Knife combined; the Hagerstown Clover Huller and Steamer; the Geiser Separator, (which he has improved and brought so near perfection) &c., a supply of which will be kept on hand. Mr. G. sees a great deal of machinery in use, and therefore has an opportunity of selecting such as is best adapted to the use of farmers. Farmers in want of machinery will do well to give him a call.

GOOD TEMPLARS.—The Quarterly election of officers took place on last Friday evening with the following result. W. C. T. Rev. A. Buhrman. W. V. C. T. Miss A. Fry. W. S. Peter Grumbine. W. T. Wm L. Hamilton. O. G. Geo. Hollenberger. I. G. Miss Lydia Grumbine.

The Grand officers will be present on this (Friday) evening to install the newly elected officers, and also to open a degree lodge. The order, we understand is prospering beyond the most sanguine expectations of its friends. Revs Thomas and Buhrman have been elected representatives to the Grand Lodge which meets in Philadelphia on June 13th.

WOMAN SHOT.—We learn from the Boonsboro' Old Fellow, that on Saturday the 22d ult., a Mrs. Schildtknecht was shot under the following circumstances: Daniel Shoemaker, a married man had been in the habit of making visits to the residence of this woman for the purpose of meeting her daughter, the mother having discovered the illicit intercourse held between them, on the night above named arrayed herself in her daughter's clothing and repaired to the appointed place. He came forth from his concealment, whereupon she reproached him as the vile seducer of her daughter's reputation, which so exasperated him that he drew a revolver and fired at her inflicting a dangerous wound. Shoemaker fled immediately. Officers started in pursuit of him, who made his arrest at Shepherdstown W. Va. He is now in the Frederick Jail.

RHUBARB, &c.—Our neighbors, Messrs. Hostetter, Reid & Co. have been selling a very nice article of rhubarb from Mr. Jos. Snively's gardens in Austrin township. It is splendid for pies and sauce.

They will now be in the regular receipt of vegetables from the city markets.

Mr. Hostetter of this firm will visit the Eastern cities next week for the purpose of laying in a stock of Groceries, &c.

LINAEUS WINE PLANT.—Jacob G. Besore, agent for Messrs. Burkholder and Wilson, of Bendersville, Adams county, recently afforded many of our citizens an opportunity to test the quality of the wine produced from this plant, and all agree, we believe, in pronouncing it a "tip-top" article. In our own judgement it surpasses in quality and flavor the best grape wine. The advertisement of Mr. B. will be found in another column.

The suffering in Marshall County, Ala. is represented to be intense.—Three cases of actual starvation had occurred. There are 2,180 persons women, children and infirm men absolutely indigent.

The Christian Observer, a Southern religious journal, tells "the praying people of the South that it is their special duty to pray for Jefferson Davis."

A paper published at Charleston, S. C. in the interest of freedmen, nominates the following ticket for 1866:—For President, U. S. Grant, of Illinois; for Vice President, William D. Kelley, of Penn'a.

The subject of this notice was a faithful soldier in the Union army and a youth of the most exemplary habits, having been attached to Battery D, 2nd Penna. Artillery, when he contracted the disease of which he died, chronic diarrhoea. Through all his illness he bore his sufferings with a christian patience and resignation, yielding his young life up at last, as others before him had done, a martyr to the cause of his country. Youthful friend and soldier, rest in peace!
