THE HARVESTER OF 1866

E call the attention of farmers to this justly WE call the attention of infiness to an a combined Ma chine, we can safely say is has no equal. It is a perfect Reaper as a Reaper, and Mower as a Mow-

folding cutter bar. The Reaper is so constructed that by removing a single bolt the platform, reel, &c., swings to the rear, thus making it as convenient to pass through a gate or over a bridge as a wa-pon. It also has the Dropper attachment, which for s everal reasons is much preferred to a self-rake. The "Russel" claims to be superior in the following essential points, viz: Lightness of draft, in the regulation of the speed of the reel, application of power, durability and general finish.

These Machines are manufactured at Massilon Ohio, by superior workmen. Those wishing a good Machine, and all lovers of complete mechanism, are invited to give it an examination and judge for themselves. We hope to have it on exhibition in Waynesboro' in a few days.

C. V. WILSON, Agent, Greencastle, Pa.

Of the many elegant articles now in use for the purpose of adorning the heads of our "modern beauties" the Grecian Puff is certainly the most beautiful and attractive; although a very recent invention it has nevertheless already been deemed by many noble ladies one of the "indispensables" to a complete toilet. As regards its origin we think it dates back many centuries, for Athens fair maidens were want to wear their resplendent dark tresses, magnificently braided, and adorned with precious ewels. As an ornament to the head, it has been acknowledged by many persons of refined tastes to be supremely beautiful, delicate in construction and perfect in symmetry, it cannot fail to gain the admiration of beholders. Most thankful for past patronagewe cordially invite all those who wish to avail themselves of the present opportunity of selecting "Puffs" from our immense stock now on hand to visit our establishment, on Main street, 3d door South of the Diamond, Chambersburg Pa., where
