THE GREAT EMPORIUM
 FOR
 Hats, Shoes, Trunks and
 Clocks, Tobacco, Cigars, Candies, &c. &c.,
 FOR THE
LEAST MONEY!

J. BEAVER,
 The founder of this enterprise in Waynesboro', A. D. 1854, has again fitted up a new room. The shelves and drawers are filled with an entire new stock of the latest style. Facts are stubborn things and selling superior and cheap goods for so many years has satisfied the citizens of Waynesboro', and the community in general, "that some things can be done as well as others," and notwithstanding the prophecies and kind wishes of my neighbors, the honest still stands with the original motto still floating over it, and not a single star erased.
 Come then old and new friends and buy from J. Beaver
 Remember his place on the east corner of the square, next door to Mullen's Hotel and Dr. Gellig's office.

THE GREAT ZINGARI BITTERS.
A Sure Preventive OF CHOLERA!

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Chocopus, an eminent Egyptian physician. He had long seen and felt the want of some remedy which would strike at the root of the disease, and so prevent much of the suffering which the human family was then compelled to endure.
 This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and after ten years of study and labor, he presented to his fellow-men the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Chocopus, the Public Benefactor—was presented to him by the Viceroys.
 The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with great success, that it has been introduced into nearly all the general hospitals of the world. The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.
 All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.
 The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitter is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. It is pleasant and its effects prompt and lasting.
 Numerous cases of the following diseases have been cured by it: Cholera, Diarrhoea, Dysentery, Typhoid and Typhus Fever, Fever Ague, Nervous Debility, Anaemia, Dyspepsia, Flatulency, Colic, Scrofula, &c. Price \$1 per quart bottle.
