Pen Holders,

1866. THE GREAT

ZINGARI BITTERS. **A Sure Preventive** OF CHOLERA!

THIS WONDERFUL REMEDY was discov-Br. S. Cheopsus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of the disease.

and so prevent much of the suffering which the human family was then compelled to endure. This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly ail the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this prep-aration in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Rolt of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Bene-

factor-was presented to him by the Viceroy. The preparation has been used in several epidem ics of cholera, both as a preventive and curative incasure, and with great success, that it has been introduced into nearly all the general hospitals of the old world. The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease

should be freely and persistently used.
All pathologists now agree that the cholera pois in acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholers, but of nearly all other maladies, ospecially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of ex:retion and secretion, keeping up a perfect balance between them. This litters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in to ne. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have
been cured by it: Coolera, Diarrhoes, Dysentery,

Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anaemia. Dysyepsia, Flatulency, Colic, Scrofula, &c. Price \$1 per quart bottle. Principal Depot at the Wainut street wharf, Harrisburg, Pa. Sold by Druggists, Ho telkeepers and Grocers.
