**BELL'S ALTERNATIVE**  
OR  
**Condition Powders**  
FOR HORSES, CATTLE AND SWINE.

PRICE 25 CENTS A PAPER, OR \$1 A BOX.  
THE immense sales of these powders during the last period they have been before the public a sufficient guarantee of their great popularity, and the decided benefits derived from their use. They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the Horse, Cow or Hog; as Distemper, Founder, Yellow Water, Heaves, Loss of Appetite, &c.

By their use the Horse's appetite is improved, and derangement of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and thus being used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well. These powders also possess peculiar properties in increasing the quantity of milk in cows, thereby giving them an importance and value which should place them in the hands of all interested. For fattening cattle they are invaluable. In all diseases to which the Hog is subject, as Ulcers in the Lungs and Liver, &c., we guarantee their efficacy, if once fairly tried.

**GREATEST LINIMENT IN USE**  
**BELL'S WHITE OIL.**  
PRICE 25 CENTS A BOTTLE.  
A Powerful Oleaginous Compound for the Cure of

Rheumatism, Strains, Sprains, Numbness of the Limbs, Wounds, Frost-bite and Hauls Spavins, Saddle Galls, Poll Evil, Ring Bruises, Swelling of all kinds, and in fact every disease for which a Liniment is applicable.

**The Cleanest and Cheapest Liniment in Use**  
It is extensively used in many parts of the country, and being a compound of the most valuable and efficacious remedies, the proprietor recommends it with the utmost confidence as a safe and certain remedy.

Sold in Waynesboro' by F. FOURTHMAN, and by Druggists and Apothecaries generally.  
Prepared by W. D. Bell, Apothecary, (Graduate of Philadelphia College of Pharmacy) Hagerstown, April 20—11.

**LIVERY STABLE.**

THE subscriber would inform his patrons and the public generally that he has recently largely increased his Livery stock, and is now prepared to accommodate those wishing to hire with either

**HORSES AND VEHICLES**  
at the shortest notice, all hours, Persons desiring Horses or Buggies, for riding or driving, would do well to give him a call, as his stock has been selected with great care as regards gentleness and fast traveling.

His vehicles ALL NEW, fashionable, and ride easy, having been bought with a view to accommodate the public.

**BACON**—We offer for sale this day a choice lot of Bacon, Sugar Cured Hams, Country Hides and Country Skins. May 4, 1866. Hostertzen, Reip & Co.

**Improved Thrashing Machines**

Farmers will please look at the great advantage in Thrashing Grain with **GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.**  
With the latest Improved Triple-Geared Horse Power, driven either by Gear or Belt.

This Machine is conveniently arranged for hauling and thrashing, being permanently fixed on two wheels. One man can easily manage it, so that it is not half trouble in a barn floor as a common thrasher and shaker. It is also easily managed, and is durable, compact and clean to work by when in operation, not making near the dust as the common machine or other Separators.  
Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them, I must come to the conclusion that it is the very Machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, for which I hope they will give me an opportunity, as I am willing to be responsible if it does not perform as represented in this Circular.

No. 1 is a eight-horse power, with cast iron thrasher frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty three inches long. Trunk has ten inch rake crank and seven rakes, is thirty-five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it on the stacker, which will deliver about thirty-five feet beyond the feeder, on a stack fifteen to eighteen feet high, and can be easily managed to carry the straw by, or deliver it in a separate place. The trunk and fan sides being closed, to confine the straw and chaff, remedies all difficulties in cleaning grain against windy weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushels per hour, using eight horses and the same number of hands; but to force the work under favorable circumstances, it will thresh from forty to fifty bushels per hour, and with more ease and agreeableness than any other machine now in common use.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; it is intended to apply to any common level or railway power; weighs 1,300 pounds; has an iron thrasher frame, and cylinder, 12 inches in diameter and 28 inches long; delivers the clean grain in bags, or if desired, in a half bushel. It delivers the straw fifteen feet from the feeder, or if desired, can deliver the straw and chaff together with the clean grain, in good grain, ready for market, from 100 to 175 bushels of wheat, or from 300 to 600 bushels of oats per day, using four or six horses, and the same number of hands; but to force the work, under as favorable circumstances, 2,500 grain, &c. will thresh and clean considerably more. The Machine will thresh an clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so fast. It will apply very well to a two-horse railway power.

**Shop Prices of Machines range from \$210, to \$525.**  
I warrant the machines to be as above represented; also against any reasonable defects of material workmanship, &c.

Having now taken a room to keep Repair Castings on hand, I have also selected and prepared to furnish a variety of other agricultural implements, the latest and best improved, and such as are best adapted to the wants of the farmers of this part of the country. Such as the Hagerstown (Miller's) Clover Stomper, Hauler and Cleaner, which proving by its own merits to be one of the best machines of the kind now in use. The latest improved **BUCKEYE REAPER AND MOWER** combined, with Dropper, and the Mower alone. The American Sled Fork and Knife combined; Hay Rakes, Fodder Cutters, Cider Mills, &c. &c., which I will furnish on short notice and warrant them to answer the purposes for which they are intended.

Orders solicited and promptly attended to. For further particulars, circulars, &c. address **DANIEL GEISER,** Waynesboro', Franklin Co. Penna. May 4, 1866.]

**Waynesboro' Foundry**  
AND  
**MACHINE SHOP.**

**GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER, AND THE LATEST IMPROVED THRESHER AND TRIPLE-GEARED HORSE POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE, READY TO PUT ON WAGGONS.**

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoining counties to this machine. It has been before the public for a number of years, during which time it has gained a general satisfaction, and the patentee has made some very important improvements which render it still more complete, both for cleaning and separating, and also for the ease of height and fast thrashing. I take pleasure in recommending it to the public knowing that it will give the best satisfaction. I am manufacturing two sizes, viz:  
The largest is eight-horse power and will thresh and clean from 200 to 500 bushels per day.  
The small size. See the above which fully represents the machine, also full description, price, &c. of machine. Persons wishing machines should send in their orders in reasonable time to insure their being filled.

**IMPORTANT TO SUGARCANE GROWERS**  
AND MANUFACTURERS OF SYRUP!

I am manufacturing different sizes of Sugarcane Mills (to be driven either by water, steam or horse-power) and Extruders and fixtures for making Syrups also Portable and Stationary Steam Engines for driving Mills, Thrashing Machines, Sewing Woods, &c.

I am fully prepared to make the above to order, and on short notice; also **GRIST AND SAW MILL GEARING, SHAFTING AND PULLEYS, IRON BRIDGES, CAST IRON WATER-WHEELS, IRON KETTLES, &c.**  
Stoves and Plow castings, also cast iron and wrought iron pipe for steam or water, and Brass castings of every description; in a word, I am prepared to do everything usually done in a foundry and machine shop. Having supplied myself with the latest improved machinery, such as Lathes, Boring, Planing and Drilling Machines, persons can rely on having their work done in the most satisfactory manner. I am also prepared to manufacture to order machinery for wood, such as Toggling and Gearing machines for flooring, Surfaces, Tenon and Moulding machines, &c.

I also offer to the public a new and valuable improvement in my steam engines, made within the last year, viz: for the economizing of fuel, and the regulation of speed, which renders my new engines far superior to the old engines. All my machines are sold under warranty. My hands are all experienced workmen in this line of business, and I use all good material, so that I am perfectly safe in warranting all my work.

I am also prepared to do repairing in workman like manner, on the shortest notice. Orders solicited and promptly attended to. All orders sent in for repairing must be accompanied with the cash. For particulars and circulars descriptive of machine, address **GEORGE FRICK,** OR DANIEL GEISER, Proprietor of Territory and solicitor of orders, Waynesboro', Franklin Co. Pa. eds 31—11
