BELL'S ALPHERATIVE
OR
Condition Powders
FOR HORSES, CATTLE AND SWINE.
PRICE 25 CENTS A PAPER, OR \$1 A BOX.

THE immense sales of these powders during the short period they have been before the public is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.
They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the Horse, Cow or Hog, as Distemper, Founder, Yellow Water, Heaves, Loss of Appetite, &c.
By their use the Horse's appetite is improved, and derangement of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure the animal, or do him any harm. These powders also possess peculiar properties, increasing the quantity of milk in cows, thereby giving them an importance and value which should place them in the hands of all interested.
For fattening cattle they are invaluable. In all diseases to which the Hog is subject, as Ulcers in the Lungs and Liver, etc., we guarantee their efficiency, if once fairly tried.

GREATEST LIMENT IN USE
BELL'S WHITE OIL.
PRICE 25 CENTS A BOTTLE.

A Powerful Oleaginous Compound for the Cure of
Rheumatism, Strains, Sprains, Numbness of the Limbs, Wounds, Frost-bite and Hand's Spavins, Saddle Galls, Poli Evil Ring Bruises, Swelling of all kinds and in fact every Disease for which an Emollient is applicable.

The Cleanest and Cheapest Liment in Use.
It is extensively used in many parts of the country, and being a compound of the most valuable and efficacious remedies, the proprietor recommends it with the utmost confidence as a safe and certain remedy.
Sold in Waynesboro' by F. FOURTHMAN, and by Druggists and Storekeepers generally.
Prepared by W. D. Bell, Apothecary, (Graduate of Philadelphia College of Pharmacy.)
Hagerstown, April 20—1y.

THE VERY LATEST,
And most important to Mankind, is that
J. A. FISHER, Merchant Tailor, has just received—the Largest Stock of CLOTHS, CASSIMERES and VESTINGS in the town or County.

By either Jew or Gentle, and don't expect even Fenians or Carbonizers, or any other man; and if you don't believe it, call and see for yourself. I will make them to order in the most fashionable and substantial manner, or sell them by the Yard or Pattern to suit buyers; CHEAP for CASH.—All work guaranteed to fit or no sale. Also, a complete stock of
Gent's Furnishing Goods.

It is not necessary to enumerate the articles, as it is well known that you can always find a LARGE STOCK OF FURNISHING GOODS on hand at my store.
I return thanks to my friends and the public generally for their liberal patronage extended to me, and hope by close attention to business to receive a continuance of the same.
J. A. FISHER,
Opposite the Washington House,
West Washington St., Hagerstown, Md.
P. S.—The Celebrated SINGER SEWING MACHINE always on hand, both Family and the Manufacturing Machine.

Improved Thrashing Machine!

Farmers will please look at the great advantage in Thrashing Grain with
GEISERS' PATENT
SELF-REGULATING GRAIN SEPARATOR,
CLEANER AND BAGGER.

With the latest Improved Triple-Geared Horse Power, driven either by Gear or Belt.

This Machine is conveniently arranged for hauling and thrashing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half trouble in a barn floor as a common thrasher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by when in operation, not making near the dust as the common machine or other Separators.
Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them, I must come to the conclusion that it is the very Machine that farmers want and will have as soon as they have an opportunity to appreciate and attest its merits, for which I hope they will give me an opportunity, as I am willing to be responsible if it does not perform as represented in this Circular.

No. 1 is a eight-horse power, with cast iron thresher frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty-three inches long. Trunk has ten inch rake crank and seven rakes, is thirty-five inches wide, and delivers the straw on the second rake, these carry the straw out on their tops, and deliver it on the stacker, which will deliver about thirty-five feet beyond the feeder, on a stack fifteen to eighteen feet high, and can be easily managed to carry the chaff with the straw, or deliver it in a separate place. The trunk and fan are closely connected, to confine the straw and chaff, and render all difficulties in cleaning grain against windy weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushels per hour, using eight horses and the same number of hands; but to force the work under favorable circumstances, it will thresh from forty to fifty bushels per hour, and with more ease and agreeableness to hands than any other machine now in common use.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; it is intended to apply to any common level or railway power; weighs 1,300 pounds; has an iron thresher frame, and cylinder, 12 1/2 inches in diameter and 25 inches long; delivers the clean grain in bags, or if desired, in a half bushel. It delivers the straw fifteen feet from the feeder, or if desired, can deliver the straw and chaff together, will thresh and clean, in good grain, ready for market, from 100 to 175 bushels of wheat, or from 300 to 500 bushels of oats per day, using four or six horses, and the same number of hands; but to force the work, under most favorable circumstances, good grain, &c., will thresh and clean considerably more. The Machine will thresh and clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so hard. It will apply very well to a two-horse railway power.

Shop Prices of Machines range from \$210, to \$525.
I warrant the machines to be as above represented; also against any reasonable defects of material workmanship, &c.

Having now taken a room to keep Repair Castings on hand, I have also selected and am prepared to furnish a variety of other agricultural implements, the latest and best improved, and such as best adapted to the wants of the farmers of this part of the country. Such as the Hagerstown (Miller's) Clover Stemmer, Huller and Cleaner, which is proving by its own merits to be one of the best machines of the kind now in use. The latest improved BUCKEYE REAPER AND MOWER combined, with Dropper, and the Mower alone. The American Hay Fork and Knife combined; Hay Rakes, Fodder Cutters, Cider Mills, &c. &c., which I will furnish on short notice and warrant them to answer the purposes for which they are intended.
Orders solicited and promptly attended to. For further particulars, circulars, &c. address
DANIEL GEISER,
Waynesboro', Franklin Co. Penn'a.
May 4, 1866.]

Waynesboro' Foundry
AND
MACHINE SHOP.

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER, AND THE LATEST IMPROVED THRESHER AND TRIPPLE-GEARED HORSE POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE, READY TO PUT ON WAGONS.

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoining counties to this machine. It has been before the public for a number of years, during which time it has given general satisfaction, and the patentee has made some very important improvements which render it still more complete, both for clean separating and cleaning, and also for the ease of draught and fast thrashing. I take pleasure in recommending it to the public knowing that it will give the best satisfaction.
I am manufacturing two sizes, viz:
The largest is eight-horse power and will thresh and clean from 200 to 600 bushels per day.
The small size. See the above which fully represents the machine, also full description, price, &c., of machine. Persons wishing machines should send in their orders in reasonable time to insure their being filled.
IMPORTANT TO SUGARCANE GROWERS
AND MANUFACTURERS OF SYRUP!
I am manufacturing different sizes of Sugarcane Mills (to be driven either by water, steam or horse-power) and Evaporators and fixtures for making Syrup; also Portable and Stationary Steam Engines for driving Mills, Thrashing Machines, Sawing Wood, &c.
I am fully prepared to make the above to order and on short notice; also GRIST AND SAW MILL, GEARING, SHAFTING AND PULLEYS, IRON BRIDGES, CAST IRON WATER-WHEELS, IRON KETTLES, &c.
Stoves and Flow castings, also cast iron and wrought iron pipe for steam water, and Brass castings of every description; in a word, I am prepared to do everything usually done in a foundry and machine shop. Having supplied myself with the latest improved machinery, such as Lathes, Boring, Planing and Drilling Machines, persons can rely on having their work done in the most satisfactory manner. I am also prepared to manufacture to order machinery for wood, such as Tonging and Grooving machines for flooring, Surface, Tenout and Moulding machines, &c.
I also offer to the public a new and valuable improvement in my steam engines, made within the last year, viz: for the economizing of fuel, and the regulation of speed, which renders my new engines far superior to the old engines. All my machines are sold under warranty. My hands are all experienced workmen in this line of business, and I use all good material, so that I am perfectly safe in warranting all my work.
I am also prepared to do repairing in workman like manner, on the shortest notice. Orders solicited and promptly attended to. All orders sent in for repairing must be accompanied with the cash.
For particulars and circulars descriptive of machine, address
GEORGE FRICK,
Or DANIEL GEISER, Proprietor of Territory and solicitor of orders, Waynesboro', Franklin Co. Pa.
