THE GREAT ZINGARI BITTERS. **A Sure Preventive** OF CHOLERA!

X.

TETHIS WONDERFUL REMEDY was discov-This word introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician. He had long seen and felt the want of some remedy which would strike at the root of the disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was lead to think and experiment; and after ten years of study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flatter-ing marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidem ics of cholera, both as a preventive and curative measure, and with great success, that it has been introduced into nearly all the general hospitals of the old world. The old saying that an ounce of prevention is worth a pound of cure, applies with marvel lous force to cholera, and therefore any remains that are interesting to the contract of the con edy that will protect us against this terrible disease should be freely and persistently used. All pathologists now agree that the cholera poison

acts on the system through the blood, and that any combination which acts on the excretory organs. and keeps them in working order, must prevent sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concected that every organ is acted upon and put in to no. Its taste

is pleasant and its effects prompt and lasting.
Numerous cases of the following diseases have been cured by it: Coolera, Diarrhoen, Dysentery, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anaemia. Dysyepsia, Flatulency, Colic, Scrofula, &c. Principal Depot at the Walnut street wharf, Harrisburg, Pa. Sokl by Druggists, Hotelkeepers and rocers. F. RAHTER, Sole Proprietor. For sale at the "Waynesboro' Hotel," by V. B. Grocers. GILEERT, Agent. [june22-1y.
