W. BLAIR,
 Editor and Proprietor.

John C Breckinridge is still living at Niagara, Canada. His hair has grown very white and his nose extra red.

Gov. Geary will be inaugurated on the 15th of January next. On the same day a United States Senator will be chosen to succeed Cowan.

Dr. Magill and family, of Richmond, formerly of Hagerstown, have been on a visit to Jeff Davis. The chief traitor's interview with the Virginia "conservatives" was doubtless an agreeable one. Birds of a feather, &c.

GUilty of MURDER.—The trial of William Donovan, in the York court, for the murder of the Squibbs family, closed on Friday, and at eleven o'clock in the evening of that day the jury returned a verdict of Guilty. The prisoner received the verdict with the utmost calmness. Sentence had not been pronounced.

EMIGRANTS.—The Harrisburg Telegraph says, on Friday night last the passenger train from Baltimore contained sixteen cars—all well filled. Seven of these cars were occupied by families from North Carolina, who were moving Westward, to seek homes in Northern Missouri and various other portions of the West. These people were intelligent, and had been in good circumstances in the South, but their loyalty caused them to be persecuted by the North Carolina rebels who have not yet been properly "re-organized," and they concluded to locate where traitors will "not dare to molest or make them afraid." They seemed to be well supplied with money, a considerable number having gold and silver. The party numbered two hundred and sixty persons.

New Orleans despatches state that in a few days Governor Wells will demand of the military authorities in Louisiana the arrest of the persons known to have committed murders in the New Orleans massacre, whom the civil courts have, with bold defiance of justice, refused to prosecute. This action will test the worth of General Grant's Order No 44, and, if it is nullified, will definitely hold the President responsible for the protection of the assassins. The Union men of Louisiana, impatient of Rebel tyranny, and a rule which does not protect them, will petition Congress to appoint a Provisional Governor.

The Baltimore Police Commissioners' difficulty has been terminated by Messrs Wood and Hinds surrendering their office, papers, control of the police force, station houses, etc., to Mr. Swann's appointees, Messrs. Young and Valiant, who are now in full charge of the police affairs of the city. The latter gentlemen on Thursday took possession of Police Headquarters, Holiday street, adjoining the City Hall, and during their session received a large number of applications for positions in the force.

PRIZE FIGHT.—Another of these brutal exhibitions came off near Washington on Tuesday, between two men named Michael Carr and Wm H. White. The fight lasted thirty-six minutes, in which time forty-three rounds were fought. On the forty-third round Carr, who had the advantage, struck White on the breast after he fell, when the friends of the latter claimed foul, and the referee granted it, deciding that White was entitled to the stakes, \$600. Both Carr's eyes were blacked and White's right cheek slightly peeled.

ORPHANS' HOME.—The inauguration of the Orphans' Home, on Cemetery Hill, Gettysburg, took place on Tuesday last. A large concourse of people, numbering several thousands, were present to witness the ceremonies. Rev. Dr. Mears, of Philadelphia delivered the opening prayer, and Rev. Dr. Road the opening address. Some thirty orphan boys and girls are already inmates of the Home.

Professor Loomis, of Yale College, in a letter on the meteoric shower, says the grand display which it was supposed might possibly occur this year has not been witnessed in the United States, and probably not in Europe. It may have been witnessed in Asia or the Pacific Ocean. The telegraph despatch published by the New York Herald on Friday, purporting to have come from Greenwich, England, and detailing the appearance of the meteors there, the Professor pronounces as "evidently spurious."

The latest footing up of the vote in New York gives Governor Fenton 15,027 majority.

For the Record.

A New School Building.

We are glad to know and be able to assure our citizens that our board of school directors are taking some action towards getting a new school building. We sincerely hope the town will come forward and support this good work. What we most need to insure our future prosperity is the establishment of a good school here. To do this we must have a new building. It would be useless for me to go into a detailed argument in favor of education. The advantages the educated man has over another is known and felt by all.

He has a mind trained to thought, can better enjoy the blessings God bestows upon us, and to him are laid open avenues to "fortune and to fame" that are ever closed to all others. Many in our neighborhood understand this and are sending their sons and daughters away from home to obtain what all ought to have here. It would be less expensive to educate our young at home, and morally, would be greatly advantageous to them in being surrounded by home influences. We hope our directors will let nothing divert them from their noble purpose and will be able to overcome every obstacle. Of course some will oppose anything of this kind that may be proposed, but all the thinking men and women will endorse this project. Suppose it will cost ten thousand dollars to erect a new house, it will be a small matter for a town like ours to pay it. Even at this, which may be rather a high estimate, the advantages gained would be had at a very low price. An institution of this kind is not to benefit us only, but our children, our children's children and their children. Come one and all, lend us your influence in accomplishing this work.

Let no partisan or sectional feelings keep you from doing your duty. But if you won't help us, please "don't help the bear."

RUDOLPHUS.

Waynesboro' Nov. 19th 1866.

EXPLOSION OF A BOILER.—Eight Boys Killed.

The Pottsville Miners' Journal says: "On Saturday morning last, just before the hour to commence work had arrived, a breaker boiler, one of three at the colliery of Wm. Kear & Co., Mine Hill Gap, exploded with terrific violence, blowing everything in its immediate vicinity to atoms, killing eight boys, slate pickers, whose ages ranged from 12 to 18 years, and seriously wounding the engineer, named Good, and several boys.—The cause of the explosion is unknown."

A discharged prisoner from the Dry Tortugas gives some interesting information concerning the assassination conspirators confined there. Dr. Mudd is in good health, and is detailed for duty in the medical dispensary attached, and is medical attendant upon a number of the prisoners. Spangler is making money working at his trade of carpenter. O'Laughlin and Arnold are at work at their old employment. All four are in hope of speedy pardon.

Another call, co-operating with that previously issued by the Soldiers and Sailors' Union League in Washington, for a mass welcome to the Radical members of Congress, has been issued by committees representing the Union League of America. The welcome will take place on Saturday, December 1st. Large numbers of Radicals from Maryland and Virginia have signified their intention of being present.

VISIT TO PRESIDENT DAVIS.—Dr. Magill and family, of this city, are now on a visit to Fort Monroe, per invitation of President Davis.—*Richmond Times.*

It is about time the Richmond people had stopped styling Davis "President."

The Chicago Times, the leading Democratic journal in the Northwest, and the Boston Post, the organ of the Democracy in New England, both advocate the granting of the right of suffrage to the colored race.

MONTANA.—FORT RILEY, KANSAS, Nov. 20.—We have late advices from Montana. Snow had fallen to a great depth in the region of Fort Benton. The plains were covered to the depth of three feet, and several westward-bound trains, with women and children, were enduring untold suffering.

The Indians were taking advantage of their helpless condition, and over twenty women had been carried off, and their husbands and children previously murdered.

A Mrs. McClure of Quincy, Illinois, has been buried alive. She was supposed to have died on Sunday last, and on Monday was interred in a vault belonging to the family. On Wednesday groans were heard from the vault by children of the buried woman and an old lady who was with them. Upon learning this, the husband and neighbors repaired to the vault, broke open the door, opened the coffin, and found the woman alive. She had torn her hair and wounded her fingers in vain efforts to escape from her narrow prison. She was taken home, and is said to be now in a fair way to recover.

The Somerset Unionist contains an account of a most heartrending calamity which occurred in Somerville, N. J., on Friday night, the 9th inst. The wife of an Irish laborer, named O'Gratham, was sitting up with a daughter of about eleven years. The mother attempted to fill the lamp while it was burning, when the can exploded in her hands. The mother and child were both enveloped in flames and horribly burned. The child lingered until the next morning, when it died, and the mother expired about noon the next day.

An old woman in St. Louis, well known through the city as "the old rag woman," was found dangerously ill on Thursday, at a miserable residence, where she lived alone, and taken to the Hospital of the Sisters of Charity. Upon undressing her, twenty-seven hundred dollars in greenbacks were found upon her person, and it is reported that she has much more money, and owns several houses.

CHICAGO, ILL., Nov. 20.—Special returns from every county but one in this State give Logan a majority of 57,242.

LOCAL MATTERS.

CALL AND SETTLE.—

We have many patrons who are in arrears for a number of years subscription, and others for bills and advertising. To these two classes we extend another invitation to call and settle their accounts. Distant subscribers can remit to us through the mail. At a time like the present no person with the least reason or sense of honor should permit their accounts to remain unsettled for years. We hope such patrons will save us the mortification of "dunning" and exposing our poverty in the future, by prompt payment.

APPLES for sale at the Grocery of Hostetter, Reid & Co. at 15 cents per peck.

FOR SALE.—A lot choice apples. See advertisement of A. Hamilton.

PROPERTY SOLD.—Mr. Daniel Myers has disposed of 10 acres of land near this place, known as the "Moon property," to J. H. Gordon, for the sum of \$2000.

PUBLIC SALE.—We direct attention to the sale of valuable personal property offered for sale in to day's paper by Daniel Myers.

FOR SALE.—Mrs. U. A. Gass offers for sale a small property, a house and lot of ground. See advertisement.

NEW GOODS.—We direct attention to the advertisement of Mr. Ogilby, merchant, of Hagerstown, in another column.

We would be glad to hear from JOHN KEPPERLY, across the mountain, if still alive. \$4.00 or a load of pine knots will make John stand all right with the printer.

FOR SALE.—The sale of valuable town property belonging to the heirs of John Gilbert, Jr., dec'd, announced for Saturday, December 1st, takes place on to-morrow, Saturday.

ADVERTISE.—All the great business men of the country; who have amassed immense fortunes, ascribe their success mainly to the liberal manner of advertising which they pursued. It is an investment that yields a larger return than any other that a business man can make.

LARGE TURNIP.—Mr. H. A. Fisher left a turnip with us a few days since which weighs nine pounds and a half. It is certainly a monster specimen of the kind.

ANOTHER SUPPLY.—It will be seen by reference to our advertising columns that our clever friend, J. A. Fisher, Merchant Tailor, of Hagerstown, has received another supply of fashionable goods for gentlemen's wear. Persons visiting that place will find him at the old stand, two doors west of the old Bank.

HOG CHOLERA.—The hog cholera is said to prevail in the neighborhood of Ringgold. Within the last couple of weeks large numbers have died of the disease. Rumor says one individual lost as many as forty head, and another twenty-six. We have heard of no case as yet in our immediate neighborhood, but would advise the use of sulphur in feed occasionally, which is said to be a preventative.

SCHOOL BUILDING.—It will be seen from a communication which we publish in another column that the School Board have under contemplation the erection of a new building for school purposes. This is certainly a move in the right direction, and one that not only the citizens of our Borough should take an interest in, but those of the country at large. A permanent institution of learning in our midst would prove a blessing to society generally, but which is out of the question without the erection of a suitable building. All who are raising families, both in and out of town, are mutually interested, and would doubtless, with few exceptions, aid in providing a building for the purpose.—The means are not wanting, nor do we believe the will is, if the effort is rightly made. We sincerely hope that some plan may be speedily adopted which will secure our town and neighborhood the benefits of so important an enterprise.

IMPORTANT TO THE AFFLICTED.—S. P. Bryan, M. D., Lieut. Col. and Surgeon U. S. V., will for the benefit of the afflicted, visit Waynesboro', at the Mullen House, on Sunday, Monday, Tuesday and Wednesday, Nov. 25th, 26th, 27th and 28th.

He removes Cataract, straightens crossed eyes, makes artificial pupils when necessary, and cures granular lids and other diseases of the eye. He cures deafness, discharges and other diseases of the ear. He will make a beautiful lip of a deformed hair lip, straighten club feet, and cures the worst cases of piles, Cancers and tumors removed. Artificial eyes inserted to move and look like the natural eye. And disease of deformity requiring skillful surgical operations or medicinal treatment properly cared for.

THANKSGIVING.—The stores in this place will be closed, according to custom, on Thursday next, Thanksgiving day, and business generally suspended. In the morning the usual religious services will be held it is presumed in one or more of our churches.

A man has been arrested in Albany for collecting money for the benefit of a church, and repairing his own house with it.

FATAL ACCIDENT.—

A melancholy accident occurred near McConellsburg, on Saturday afternoon week, which resulted, subsequently, in the death of Miss Laura Hassler, daughter of Major John Hassler, Treasurer of this county. It appears that Miss Hassler, in company with Mrs. Baker and a lad 12 or 14 years of age, were on their way, with a horse and buggy, from Fort Littleton to McConellsburg, and when about a mile from the latter place, the party stopped on the top of Scrub Ridge, and the boy alighted and walked down the ridge, gathering moss and evergreens. While absent, a short distance from the buggy, the horse became frightened and dashed at a furious rate down the terribly rocky road, and after proceeding a short distance the buggy was dashed against the boulders that project from the mountain, and both ladies thrown violently against the mass of rocks that form the bed and side of the road, injuring them very severely. Miss Hassler had one arm and thumb broken, was fearfully out in the face and head, and was injured in the back, from the effects of which she died on Thursday last. Mrs. Baker was badly bruised and lacerated on the head, face and limbs, but fortunately no bones were broken, and at last accounts was improving. Miss Hassler's remains were brought to her home in this place, and on Saturday interred in Cedar Grove Cemetery, followed to the grave by a large number of sorrowing friends and M'Murray Lodge of Good Templars, of which she was a member.—*Repository.*

ODD FELLOWS DEDICATION.—A joint dedication of the rooms of Chambersburg and Columbus Lodges of Odd Fellows, in the Repository Hall, will take place on Thursday, the 29th inst., (Thanksgiving day).—There will be a procession of the order in full regalia, several addresses and other ceremonies. Invitations have been sent to all the neighboring Lodges, and a grand time is anticipated. Excursion tickets will be issued on the Cumberland Valley and Franklin Railroads, and an extra train will leave Chambersburg for Harrisburg and intermediate stations at 5 1/2 o'clock, P. M.

FOUND DEAD.—Peter Fry, of York, was found dead in his bed, a few mornings ago, by his wife. He was in his usual health when he retired the previous evening.

MARKETS.

PHILADELPHIA, Tuesday, Nov. 20.—The Flour market continues to be characterized by extreme dullness, and prices favor buyers. There was some little inquiry for shipment, and 1,000 bbls were taken on terms kept secret; sales of a few hundred barrels were effected for the supply of the home consumers at \$8@8.50 per bbl for superfine; \$9-@10.50 for extra; \$12@13 for Northwest extra family; \$13@14.50 for Pennsylvania and Ohio do; and \$15@16 for fancy brands according to quality. Rye Flour is held at \$3 per bbl. In Corn Meal nothing doing.

The Wheat market was almost at a stand, and prices were weak and drooping; sales of 400 bushels Pennsylvania rd at \$3.15, and 800 bushels Southern do on private terms. White ranges from \$3.30@3.40.—Rye is scarce and held at \$1.37@1.45 per bushel for Western and Pennsylvania. Corn was dull, but prices remained without change; sales of 3,000 bushels old yellow at \$1.25, a float, and 700 bushels new do. at 95c. Oats attracted but little attention, and prices were rather lower; small sales of Southern at 62-@63c. Pennsylvania were offered at 62c without finding buyers.
