

**VILLAGE RECORD.**

**WAYNESBORO.**

**Friday, February 15, 1867.**

**THANKS**—We are under special obligations to Col. Stambaugh of the House of Representatives for valuable Legislative documents.

The Senate has passed the bankrupt bill—yeas 22, nays 20. The bill now goes to the House for concurrence in amendment.

The Pennsylvania State Legislature has passed a resolution ratifying the proposed constitutional amendments.

**ANOTHER STATE**—The bill providing for the admission of Nebraska has been passed by both branches of Congress, over the veto of the President, by the decisive vote of 31 to 9 in the Senate, and 120 to 44 in the House. This action clearly foreshadows the early admission of Colorado, and this Congress will thus have added three stars to the galaxy of the Union—Nevada, Nebraska and Colorado.

**IMPORTANT LAW**—A bill passed the Senate of this State on Wednesday last, providing that every man who pays his railroad fare, shall be provided with accommodations in such cars as may be designated by the employers of any railroad, and making it an offense for railroad corporations within this Commonwealth to make any distinction with their passengers, on account of race or color, and punishing such corporations and their agents and employes for the commission of such offense, by fine or imprisonment, or both.

The vote was yeas 17, nays 13.

**THE WORLD MUTUAL LIFE INSURANCE COMPANY**—We have been very favorably impressed with this company by examining a circular which had before us. Its principal office is 118 Broadway, New York, but as the title indicates its operations embrace the world. It has a paid up capital of \$200,000 and among its special features we notice that its mutual premiums are lower than those of any other company—that its dividends increase annually after two years with the age of the policy—that all losses are promptly paid after thirty days notice—that thirty days' grace is allowed in the payment of premiums; and last, but not least, we notice that non-participating premiums are lower than those charged by any other company in the world. To be insured is a duty every one owes to himself and his family—Persons wishing to be insured, and those desiring local agencies, are referred to J. F. FINEAUF, Hollidaysburg, General Agent for the State of Pennsylvania.

**UNSTAMPED DEEDS**—It may be important to some to know that a late act of Congress requires all deeds dated between the 1st of October, 1862, and the 2d of May, 1865, to be stamped, under severe penalties. To avoid the penalty imposed, those who have had unstamped deeds recorded should have them stamped at once, and the record corrected accordingly. Hereafter, deeds not stamped at the day of execution, can only be stamped upon application to the District Collector of Internal Revenue.

**HOW DAVID VIEWS IT**—The Clarksville (Tenn.) Chronicle (Johnson paper) says: "The feasts gotten up in honor of the vagabond Congressional committees strolling through the South set up a bad order to the nostrils of true and uncontaminated Southerners. We can see, in imagination, the expression of mingled sorrow and contempt portrayed upon the features of the martyr prisoner of Fortress Monroe as he reads the vilest enemies are feasted and lionized on the soil where the battles for freedom were fought, and by the men for whom he now suffers."

Mrs. Sickler, wife of General Sickler, died on Tuesday evening, at her residence in New York. Since the Key tragedy at Washington some years ago, and her subsequent seclusion from fashionable life, she has lived a quiet and retired life.

By a vote of the West Virginia Legislature, it has been decided that Morgan town, in Monongalia county, is to be the new capital of that State. Heretofore the seat of Government has been at Wheeling, in the extreme northwest corner of West Virginia. Morgantown is situated on the Monongahela river.

A Georgian in Washington, seeking a pardon, was so anxious to have an interview with the President that he offered \$500 to see him for ten minutes. A pardon broker at once proposed to arrange it that Mr. Johnson could be seen, but was badly shocked when he learned that the Georgian was blind.

The President has recently pardoned John Leicher, Rebel, and ex-Governor of Virginia.

The Swatara, with the conspirator Surrist on board, will not arrive at Washington it is thought, says a paper of that city, for a week or two.

Secretary McCulloch offers \$5,500 reward for the arrest of defaulting Treasury clerk and the return of \$36,000 in Treasury notes stolen by him.

The birthday of Abraham Lincoln, has been made a legal holiday in New Jersey.

**ELECTION**—The election for Borough and Township officers will be held on Friday the 16th of March.

**BWARE**—New York sharpshooters (?) are flooding town and surrounding country with Lottery and Gift schemes. They are positive swindlers, and we warn our readers to beware of them.

**STOVES**—We direct special attention to the advertisement of D. B. Russell, Esq., who is well supplied with stoves, tinware, house furnishing goods, etc. etc.

**PUBLIC SALES**—Among the valuable personal property which we advertise for sale today is included the furniture, liquors, bar fixtures, &c. of Mr. V. B. Gilbert, of the "Waynesboro Hotel."

**SAGE CONCLUSION**—Our Devil thinks some patrons to the Record must have "shocking memories." Most any one after looking at our account book would come to the same conclusion. But the worst part is, they seem past refreshing.

**THE ROADS**—The warm rain of yesterday had the effect to remove both snow and ice. Mother Earth is now entirely divested of her white mantle, and the roads growing gradually and literally "horrible."

**DISSOLUTION**—It will be seen by reference to our advertising columns that Messrs. Hostetter, Reid & Co. have dissolved partnership, and that the grocery business will hereafter be carried on by Mr. Reid, himself.

**PURCHASED**—We understand T. J. Nill, Esq., of Chambersburg, and W. W. & G. W. Walker, of this place, have purchased the stock and leased the large grocery establishment of A. H. Hager, in Hagerstown. They take possession on the 20th inst.

**THE WEATHER**—The advent of February led us to believe that the icy fetters of winter had been broken in earnest, but Sunday and Monday last undid us. Sunday for severity equaled almost the coldest days of January. On Tuesday the weather moderated, and is now, as before, mild and spring-like. But there are doubtless "cold snaps" yet in store for us.

**CLARK ARRESTED**—The man Clark, advertised to in our last issue, who assumed the name of J. Long in Chambersburg, and who was suspected for robbing the Post Office in this place several weeks since, was arrested at Gettysburg on Thursday last by officer Rouzer and committed to jail. Mr. Nevin, our former Post Master, being in Baltimore, was telegraphed to and reached Gettysburg on Monday. About \$45 worth of stamps were found upon the person of Clark, ranging from one cent up to thirty, which answers the description of those stolen. He has been removed to the Chambersburg jail. In his trunk was found a large batch of keys and a full set of burglar instruments. Mr. Nevin has in his possession the key with which the Post Office was opened.

Clark's father is a professor in an institution in this State and a man of the highest respectability. A gentleman who is acquainted with both father and son informs us that the former paid a large sum of money a few years since to get his son out of a similar difficulty. Young Clark is represented as a man of fine education, being a graduate of a Philadelphia institution. He has a wife and two children living in Huntington county.

**Miss M. C. RESSER** would announce to the public that she has connected with her Milliner business Dress making, Shirt making and all kind of sewing, and has taken in partnership with her Miss M. C. CHAMBERS, of Illinois, who is an experienced seamstress. These young ladies respectfully request the citizens of Waynesboro and vicinity to call upon them when the strictest attention will be paid them and any work done they may be favored with.

**ADVERTISEMENTS**—Our patrons residing in the country will do well to look over the advertisements in our paper, and when they come to town, trade with those who advertise. The best men; and those who will give you the best bargains advertise in our paper. If your custom is not worth asking for, it is not worth having—or, at least, you should so regard it. Liberal advertisers are liberal dealers; and you will find it so by investigation.

**SCHOOL BUILDING**—We stated sometime since that the erection of a commodious building for school purposes was talked of in this place. We now learn that the Board of School Directors have concluded to put the work under contract in the Spring or Summer next. As the intention is doubtless to put up a building in size and appearance creditable to our town, the Board should not overlook one important feature connected with the undertaking, the site upon which it is to be erected. The lot, in our opinion, should contain not less than from two and a half to three acres of ground, which should be sufficiently elevated to afford a view of the surrounding country. There are different locations of this kind, any one of which would be easy of access, but in regard to this as in other matters there will be a difference of opinion. Some will doubtless say, from pecuniary or selfish considerations, select the cheapest ground. We have heard a location of this kind already mentioned, a most uninviting spot, in the rear of alleys and stables and surrounded by "frog ponds." We trust however our intelligent school Board will not be so short sighted as to make such a selection with a view to save one hundred or even a few hundred dollars. Such a building we view as a public necessity, and as one among the humble tax-payers of the Borough, would have it put up right and at the right place, and no scimping for economy sake, as was the case in the erection of the Town Hall.

**FIRE**—We learn from the Journal that the dwelling of Mr. Joseph McKinney, a few miles from Mercersburg was totally destroyed by fire on Saturday morning; the 2d inst, together with almost its entire contents, including Furniture, clothing, &c., only a few articles being saved. The fire was first discovered between 4 and 5 o'clock, by a negro boy in the employ of Mr. M., who gave the alarm just in time to enable the family to make their escape from the burning building in their night clothing, the fire having gained such headway.

The Barn, which stood in close proximity to the House, was also entirely destroyed—not however, until everything had been removed from it.

The fire originated, we learn, from some hot ashes which had been emptied in an out-house adjoining the dwelling.

**GRASSHOPPERS IN WINTER**—The Williamsport Bulletin of to-day tells the following singular story:

"One of the curiosities of the season is that of numerous grasshoppers appearing on the grass where the snow has melted off. Whether this phenomenon is general, or only confined to particular localities, we are not able to state. Mr. H. S. Morse, who resides on Centre street, caged several and brought to our office. They were as lively as in mid-summer. The grass in his yard is filled with these summer visitors—Who has seen winter grasshoppers elsewhere?"

Gov. Oglesby, of Illinois, has granted a pardon to Mollie Trussell, now in the penitentiary at Joliet, for killing George Trussell, her paramour, in Chicago a short time ago. She has been in prison just one month.

A negro woman and her child, while passing along a mountain road, in White county, Arkansas, about a fortnight ago, were attacked by a flock of wolves and eaten up.

By a vote of the West Virginia Legislature, Morgantown, in Monongalia county, is to be the new capital of that State.

In Brazil large pine-apples cost four cents each, oranges one cent, bananas six for a cent, and cigars ten for one cent.

A wealthy merchant of Salem, Mass., gave \$40,000 in New Year presents of \$5,000 each to his poor relations.
