Read these cortificates, hundreds of which Waynesboro'. could be published:

Four or five years ago, J. S. MAON compounded a Horse and Cattle Powder, and asked me to try it. I was the first farmer to whom it was given and the first one to use it for stock. I found it fully equal to what Mr. Nixon said of it, and I have used it extensively since, and heartily recommend it to farmers as a sure thing in fattening stock of all kinds and a capital Powder for Horses.
MICHAEL EBERSOLE.

Chambersburg, December, 1865.

MR. J. S. NIXON.—To the multitude in this por-tion of our State, who have used your Cattle Powder no-commendation is necessary. Its beneficial effects have been fairly tested, and hence its unbounfocts have been fairly tested, and hence its unbounded popularity. I have used it for my horses and cows for several years past, and cannot afford to do without it. It keeps all kind of cattle in good condition, loosens the skin, smoothes the hair, and sharpens their appetites. As a preventive from discuse, I regard it as invaluable. Yours, the REV. B. S. SCHNECK. Chambersburg, April, 1866.

MR. J. S. Nixon - Dear Sir :- I gave your Horse and Cattle Powder a fair trial with all my stock, Horses and cattle, and it improved them wonderfully. It speedily increased the richness of the milk of

my cows, and improved the condition of my stock I can cordially recommend it as the best thing of the kind I have ever known or tried, for all kinds of

stock, and it should be kept in every stable.
