ROUZER'S CELEBRATED LEATHER FOR

10,000 POUNDS OF BUTTER!

THE quantity of butter made in this country is too small. It can be increased 10,000 pounds by the use of Nixon's Horse and Cattle Powder. Good for all diseases of Horses, Cattle, Sheep and Hogs. Sold by

J. F. KURTZ, Waynesboro.

Read these certificates, hundreds of which could be published:

Four or five years ago, J. S. NIXON compounded a Horse and Cattle Powder, and asked me to try it. I was the first farmer to whom it was given and the first one to use it for stock. I found it fully equal to what Mr. Nixon said of it, and I have used it extensively since, and heartily recommend it to farmers as a sure thing in fattening stock of all kinds and a capital Powder for Horses.

MICHAEL EBERSOLE, Chambersburg, December, 1865.

Ma. J. S. Nixon.—To the multitude in this portion of our State, who have used your Cattle Powder, no commendation is necessary. Its beneficial effects have been fairly tested, and hence its unbounded popularity. I have used it for my horses and cows for several years past, and cannot afford to do without it. It keeps all kind of cattle in good condition, loosens the skin, smooths the hair, and sharpens their appetites. As a preventive from disease, I regard it as invaluable. Yours, &c., REV. B. S. SCHNECK, Chambersburg, April, 1866.

Ma. J. S. Nixon.—Dear Sir—I gave your Horse and Cattle Powder a fair trial with all my stock, Horses and cattle, and it improved them wonderfully. It speedily increased the richness of the milk of my cows, and improved the condition of my stock greatly.

I can cordially recommend it as the best thing of the kind I have ever known or tried, for all kinds of stock, and it should be kept in every stable. Yours truly, A. K. McCLURE, Ed. Repository, Chambersburg, April, 1866.

LATEST FASHIONS DEMAND

J. W. Bradley's celebrated Patent DUPLEX ELLIPTIC SKIRT.

(OR DOUBLE SPRING)

THE wonderful flexibility and great comfort and pleasure to any Lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded Assemblies, Opera, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinolines; not found in any Single Spring Skirt.

A Lady having Enjoyed the Pleasure, Comfort and Great Convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will Never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered; preventing them from wearing out when dragging down stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinolines, viz: superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, engage for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against impostorship be particular to notice that skirts offered as "duplex" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Spring," upon the waistband—none other are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt.

FOR SALE in all stores where first class skirts are sold throughout the United States and elsewhere.

Manufactured by the Sole Owners of the Patent, WESTS, BRADLEY & CARY, 97 Chamber & 79 & 81 Reade Sts., N. Y. Feb. 1-3m.]

CELEBRATED BASE BURNING STOVE

THE MORNING GLORY!

The Morning Glory is a perpetual burner, having a magazine or reservoir for reserve coal, which is required to be filled but once a day, and if the proper sized coal is used it is not necessary to rekindle the fire during the entire winter.

(No chink will remain in these stoves, nor will there be any trouble from slats, or other impediments in the coal, the fire being always at the base of the coal, the impurities are left in the ashes and ground out by the "Mill-grate.")

THERE'S NO ESCAPE OF GAS OR DUST

ECONOMY OF FUEL!

The combustion of fuel being perfect and at a high temperature, the amount of heat produced from the same quantity of coal is much greater than at a low temperature, hence but a small quantity of fuel is necessary to be undergoing the process of combustion at one time. The entire outer surface of the Morning Glory is radiating surface. Add to this the surface of objects heated by rays of light thro' the mica windows, and you have the secret of the great heating properties of the Morning Glory with a small amount of fuel.

For sale at W. A. TRITLE'S Tin and Stove Store. [Dec. 28-2m.]
