### BELL'S ALTERATIVE Condition Powders

FOR HORSES, CATTLE AND SWINE PRICE 25 CENTS A PAPER, OR \$1 A BOX-

THE immense sales of these powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their uso.

They are confidently recommended not only as

preventive, but as a complete cure for all diseases incident to the Horse, Cow or Hog, as Distemper, Founder, Yellow Water, Heaves, Loss of Appetite, &c.
By their use the Horse's appetite is improved, and derangement of the digestive organs corrected, sof-tening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

These powders also possess peculiar properties in increasing the quantity of milk in cows, thereby giving them ar importance and value which should Place them in the hands of all interested.

For fattening cattle they are invaluable. In all diseases to which the Hog is subject, as Ulcers in the Lungs and Liver, etc., we guarantee their effi enency, if once fairly tried.

## GREATEST LINIMENT BELL'S WHITE OIL.

PRICE 25 CENTS A BOTTLE.

# Improved Thrashing Machine!

Farmers will please look at the great advantage in Thrashing

# GEISERS' PATENT SELF-REGULATING GRAIN SEPARATOR.

With the latest Improved Triple-Geared Horse Power, driven either by Gear or Belt.

CLEANER AND BAGGER.

This Machine is conveniently arranged for hauling and threshing, being permanently fixed on two Brushes, wheels. One man can easily move or shift it about, so that it is not half trouble in a barn floor as a Glass, common thrasher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by when in operation, not making near the dust as the common-

machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farmers that are using them, I must come to the conclusion that it is the very Machine that far mers want and will have as soon as they have an opportunity to appreciate and attest its merits for which I hope they will give me an opportunity, as I am willing to be responsible if it does not perform as represented in this Circular.

No. 1 is a eight-horse power, with cast iron thresher frame and wrought iron and wood cylinder, sixteen inches in diameter and thirty three inches long. Trunk has ten inch rake grank and seven rakes, is thirty five inches wide, and delivers the straw on the second rake, these carry the straw out on their long, and delivers the straw on the straw out on their long, and delivers the straw on the straw out on their long, and delivers the straw on the straw out on their long, and delivers the straw on the straw out on their long, and delivers the straw out on their long. tops, and deliver it on the stacker, which will deliver about thirty-five feet beyond the feeder, on a stack fifteen to eighteen feet high, and can be easily managed to carry the chaff with the straw, or deliver it in a separate place. The trunk and fan sides being closed, to confine the straw and chalf, pemedies all difficulties in creaning grain against winay weather. It bags the grain by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from twenty to forty bushels per hour, using eight horses and the same number of hands; but to force the work under favorable circumstance, it will the sh from forty to tifty bushels per hour, and with more ease and agreeableness to hands than any other machine now in common use.

The No. 2 Machine, fully represented in the above cut, is particularly adapted to the farmer's use; is intended to apply to any common-lever of railway power; weighs 1,300 pounds; has an iron thresher frame, and cylinder, 123 inches in diameter at d 28 inches long; delivers the clean grain in bags, or if desired in a half bushel. It delivers the straw fifteen feet from the reeder-or if desired can deliver the straw and chaff together; will thresh and clean, in good grain, ready for market, from 100 to 175 bushels of wheat, or from 300 to 500 bushels of oats per day, using four or s. horses, and the same number of hands; but to force the work, under most favorable circumstances, good g. vin, &c., will thresh and clean considerably more. The Machine will threah and clean all kinds of grain generally threshed with the common machine, and requires no more horse power, but in many cases does not run so hard. It will apply very well to a two-horse railway power

MONEY! Shop Prices of Machines range from \$210, to \$525. warrant the machines to be as above represented; also against any reasonable defects of materia

> Having now taken a room to keep Repair Castings on hand, I have also selected and m prepared to furnish a variety of other agricultural implements, the latest and best improved and such as are best adapted to the wants of the farmers of this part of the country: Such as the Hagerstown (Miller's) Clover Stemmer, Huller and Cleaner, which is proving by its own merits to be one of the best machines of the kind now in use. The latest improved BUCKEYE RE APER AND MOW. ER combined, with Dropper, and the Mower alone. The American May Fork and Knife combined, Hay Rakes, Fodder Cutters, Cider Mills, &c. &c. &c., which I will furnish on short notice and warrant them to answer the purposes for which they are intended.

Orders solicited and promptly attended to. For further particulars, circulars, &c. address

DANIEL GEISER, May 4, 1866.] Waynesboro', Franklin Co. Penn a.

# Waynesboro' Foundry

EISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAG-GER, AND THE LATEST IMPROVED THRESHER AND TRIPPLE-GEARED HORSE POWERS, DRIVING EITHER BY GEAR OR BELT, ALL FURNISHED COMPLETE, READY TO PUT ON WAGONS.

Such prices that attract buyers from all parts of the county. Prints we are selling a fair article at 12½ cts. Better for 15, good for 16, 18 and 20, and the very best at 22 cents Muslins from 12½ to 25 cents and the best for GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAG-

I, the undersigned, desire to call the attention of Farmers and Threshermen of Franklin and adjoin new styles only 31 cts. Best quality of French ing counties to this machine. It has been before the public for a number of years, during which time i-has given general satisfaction, and the patentee has made some very important improvements which rent ans given general satisfaction, and the patentee Las made some very important improvements which rent der it still more complete, both for clean separating and cleaning, and also for the ease of draught and fast threshing. I take pleasure in recommending it to the public knowing that it will give the best satisfaction. I am manufacturing two sizes, viz:

The largest is eight florse power and will thresh and clean from 200 to 500 bushels per day.

The smell size. See the above which fully represents the machine, also full description, price, &c., of machine. Persons wishing machines the largest is not a superson with the machine about the largest is ease.

The smell size. See the above which fully represents the machine, also full description, price, e.c., or machine. Persons wishing machines should send in their orders in reasonable time to insure their being machine tablishment will always pay.
