John Minor Botts has written a letter, under date of March 7, to a prominent Congressman, in which he states that the Rebel Legislature of Virginia will fix the first Tuesday in May for a Convention, that the Rebel forces are thoroughly organized, and will certainly control the Convention unless a Registration law and provisions for voting by ballot are provided at the present session of Congress.

General George H. Thomas has written a letter to a friend in Tennessee declining to allow his name to be used as a candidate for the Presidency, stating that he is better qualified to discharge his duties of a citizen as a soldier than in any other capacity.

The roads between California and Nevada have been opened, and gold by the ton is said to be coming forward to San Francisco. A military escort had been detailed to protect the treasure in its passage across the mountains.

SOLD.—The fine brick house and two or three acres of ground, at Park Hill, recently owned by Mr. Geo. Foltz, was sold at public sale on the 4th inst., for the sum of \$1960. Purchaser, Mr. Samuel Lecrone.

PUBLIC SALES.—Special attention is directed to the public sales of valuable personal property in today's paper by Samuel Lecrone and Washington B. Ervine.

COUNTY TREASURER.—James C. Patton, of Mercersburg, in another column announces himself a candidate for the office of County Treasurer, subject to the decision of the Union County Convention. During the late war Mr. P. did good service for his country as one of the "Boys in Blue."

THE WEATHER.—A cold snap of weather set in yesterday morning and the ground is now frozen up tightly, the first time in several weeks, which will most likely continue until after Saturday next, Saint Patrick's day, as it is usual for this patron. Saint to bring "stormy weather."

NIXON'S POWDERS.—Persons in this section who have been using Nixon's Horse and Cattle Powder speak of it as answering the purposes for which it is so highly recommended, and as being superior to anything of the kind they have yet used.

NEW RAILROAD.—The Carlisle Volunteer says that the projected Railroad from Carlisle, by the way of Pine Grove, to Caledonia Furnace, in Franklin county, will be vigorously pushed by the Cumberland Valley Railroad Company, the South Mountain Railroad Company, and other wealthy corporations and individuals. A German boy died a few days since in St. Louis, leaving \$1 to each of his children, and \$500 to his widow.

LAST NOTICE.—We desire that our patrons generally, in arrears, call and settle their accounts before the first day of April. We have a very considerable sum of money to make up and the time is short in which to do it. Our accounts are generally small, which leaves it in the power of almost every one indebted to settle his account. Several hundred dollars on our books should have been paid a year ago. We therefore earnestly requests all persons in arrears for subscription, job-work, advertising sales, etc., to call and settle, or remit the amount thro' the mail. Next week we will enclose the accounts of distant subscribers, and will expect to hear from them in a week or two thereafter.

CURRENCY.—There is an abundance of mutilated and torn postal currency floating about from hand to hand, which ought to be gathered up as it is offered and sent to the Treasury for redemption. And the merchants are the ones to do this. It will cost but a trifle to get in return new currency and would rid the community of a decided nuisance. It will be redeemed by presenting it in sums of \$5 to the U. S. Treasury. Never was a country worse bored with its money, than is ours at the present, with its fractional currency. The only hopeful remedy we see to keep that which is mutilated, from circulating, is to strenuously refuse it. We can see no surer plan for getting it sent in to be redeemed.

The Pottstown Ledger says that Rev. HOTEL CHANGE.—On Thursday of last week Mr. John Mullen took possession of the "Waynesboro Hotel," recently sold by Mr. V. B. Gilbert to Jacob J. Miller. Mr. M. took possession of the "Washington House" in this place a year ago. He has the reputation of an experienced and a commodating landlord.

PATENT BROOM HEAD.—The best patent broom head that we have yet seen is W. A. Middleton's. With this head brooms are more easily and more substantially made than others in general use. Thomas J. Cunningham of this place has purchased the patent right for Washington and Austrin townships, from whom rights or brooms can be purchased.

FRUIT AND GRAIN.—We learn from all quarters that there are indications of an abundance of fruit and grain this year. The fruit buds are said to be uninjured in any respect, and the grain is in fine condition. No one can fail to be gratified if these anticipations prove correct.

APPOINTED.—John Schleigh, Esq., has been re-appointed Postmaster of Hagerstown, and his appointment has been confirmed by the Senate.

Hydrophobia

SMOTHERING A CHILD TO DEATH. The Detroit Union furnishes the details of a most heart-rending case of hydrophobia in that vicinity. A short time since a daughter of Alfred Woodruff, who resides in the town of Greenfield, about seven miles from the city, was slightly bitten by a dog, and for a day or two complained of the pain caused simply by the bite. The sore partially healed over, however, and no more attention was paid to the matter. In a short time, however, the virus which had been communicated by the dog to her system, commenced its deadly work, and the poor suffering child soon became raving mad. Her cries were heart-rending, and her appeals for death, for anything to end her torture, frightful.

Everything that science and skill could do was done for the little one, but there she lay suffering what no human pen can describe, yet evincing in her madness a desire to injure even those who loved her best. Her sufferings were too much for human forbearance, her agony too great to allow even her fond parents to witness it, and the question arose, how shall this be ended? After a long and painful consultation, the conclusion was arrived at that the best and most human course to pursue was to put an end to the poor sufferer's life. Who can picture the feelings of the dear little one's friends as the announcement was made that she must die? Who can imagine the rejoicing of the soul of the poor one, as it was released from a worn and tortured body? The only effectual and easiest means of ending her trials was decided to be suffocation, and while she was in one of her worst paroxysms, she was seized and smothered to death. Though to some this may seem harsh and cruel, yet in our estimation it was a far better course than to allow the little one to live in pain, anguish, and agony for a few short hours, suffering even the pains and anguish of untold hours, and at last die in misery.

A. W. Lee, the government clerk who ran off on the 20th of January last, with about \$40,000 in 7 30 and 5-20 bonds from the loan branch of the Treasury Department, was arrested in St. Louis on Tuesday last by a U. S. detective. Thirty three thousand dollars in bonds and \$4,000 in greenbacks were found in his trunk, and though at first denying he was the party, subsequently acknowledged it. He will be taken to Washington.

SAN FRANCISCO, March 8.—The Idaho Avalanche, of February 16, says that General Crook is prosecuting the Indian war with great vigor, notwithstanding the winter season. At Steen Mountain, sixty Indians were killed and thirty taken prisoners.

THE FENIANS. LONDON, March 11.—All accounts from the scene of disturbances in Ireland represent that matters have become quiet and order reigns once more. There have been no fresh conflicts between the armed police and Fenian bands, who are fleeing to the mountains and hiding from the pursuit of the military.

LONDON, March 11.—Evening.—Ireland is quiet. The Government, however, is organizing its forces into flying columns, for the pursuit of the scattered bands of Fenians, and active service in case the necessity should arise.

White speakers gave a programme for the calling of a convention and the adoption of a constitution, to be sent to Congress as a loyal men's constitution. The negroes were advised to vote against any constitution adopted by the convention to be called by the present Legislature. Huanicut was the leader of the meeting.

NEW ORLEANS, March 8.—Governor Wells has issued a proclamation setting forth, that whereas Congress has passed an act for the more efficient government of the rebel States, which act is now a law, and whereas section 5 provides; and whereas, section 6 further provides, etc.

Professor John H. Alexander, who died in Baltimore on Saturday last, was buried at midnight on Sunday night, in compliance with his dying request.

PHILADELPHIA CATTLE MARKET.—Monday March 11.—The inquiry for all descriptions of Cattle has been moderate since our last notice, owing in a measure to the absence of supplies of good quality and the approach of the Lenten season, the consumption of beef at this season of the year always being far below that of other periods.
