THE GREAT ZINGARI BITTERS. **ASure PreVentive** OF CHOLERA!

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.
He had long seen and felt the want of some remcy which would strike at the root of the disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of 75,400,00 nearly all the remedies then in use. Thus he was 41,500,00 lead to think and experiment; and after ten years of 7,172,61 study and labor, he presented to his lellow-man the 60,00 wonderful Zingari Bitters. The effect of this prep 263,49 aration in the prevention and cure of disease, was 6,06 so marvellous and astonishing, that the most flatter-1,202 08 ing marks of royal favor were bestowed upon him who discovered it. His name was placed upon the 8,06:3,34 Roll of Nobles, and a gold medal with the follow.
43,00 ing inscription—Dr. S. Cheopsus, the Public Bene-

factor—was presented to him by the Viceroy.

The preparation has been used in several epidem ics of cholera, both as a preventive and curative measure, and with great success, that it has been introduced into nearly all the general hospitals of the old world. The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible discase should be freely and persistently used.

All pathologists now agree that the cholera pis mo acts on the system through the blood, and that any combination which acts on the excretory organs. and keeps them in working order, must prevent a sufficient accumulation of the poison to exert at terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, es-

pecially the different forms of iever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect bal-ance between them. This Bitters is composed en-tirely of roots and herbs, so nicely concocted that Waynesboro', Franklin Co. Pa.

tirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Coolera, Diarrhoea, Dysentery, Typhoid and Typhus Fever, Fever Ague, Nervous Debility, Anaemia. Dysyepsia, Flatulency, Colic, Scrofula, &c. Frice \$1 per quart bottle.
