**A NEW AND IMPORTANT DISCOVERY FOR**

Restoring the Sight of the Aged,  
STRENGTHENING THE WEAK, AND PRESERVING THE PERFECT SIGHT.

The Concave-convex, Crystal SPECTACLES introduced through me a short time since, having proved superior to any other Glasses in use. Many of persons who have tried them, will testify to the superiority over all other glasses.

The Concave-convex Glasses are ground from pure crystal in such a manner that the focus is distributed over the entire surface. They therefore afford a clear and distinct vision to the eye, in whatever direction it may be turned, whereas the old double convex Glasses require a direct sight through their centers.

**THE CONCAVE-CONVEX GLASSES**

are patterned after the shape of the cornea of the human eye; they give a clear and healthy light to the eye, and prevent it from becoming tired or dim. Who ever used by day light or lamplight, they never leave that unpleasant feeling in the eyes, which is so common from the use of the old style Glasses.

Persons who suffer from reading or sewing lost their eyes growing dim and starting, are advised to try these new and improved

CONCAVE-CONVEX GLASSES. They can be used a long time before changing to a higher power.

Also constantly on hand SPECTACLES to suit all her deficiencies of the sight, such as near-sightedness, weakness, inflammation, cataract, &c. Every pair of Spectacles being adjusted by an Optometrist which gives the exact power of the eye, is warranted to suit.

**NEW GLASSES SET IN OLD FRAMES AT SHORT NOTICE.**
